"THE GERMAN PERIL."

"The German peril" for more than two generations has been a leading political question in Brazil, and has even engaged the attendions frequently of the United States, which has had in view the integrity of the Monroe Doctrine. It has long suspected that the Germans in the three States of Southern Brazil might attempt either to separate from Brazil and establish an independent government, or offer the territory they inhabit to the German empire as a colony, thus giving Germany a foothold of no inconsiderable importance upon the American continent.

It was admitted in Brazilian circles today that, should the German element in their country desire to rebel, they might raise an army of nearly 200,000 by inducing Germans or persons of German descent in other states to join. But it was believed to be practicable for the Germans to muster not more than 100,000 men, although this number would constitute a dangerous menace to Brazil. To mobilize even that force, it was said, Poles would have to be persuaded by the Germans to join them, they being second numerically to the Germans in the three States. In Rio Grande do Sul there are more than 200,000 Germans, and in Santa Catharina 20 per cent. of the population is German.

What bearing the Monroe Doctrine will have in the event of a civil war in Brazil, now that the United States is at war with Germany, remains to be seen in the future course of events. Some hint

GERMANY TENSELY AWAITS FOOD RULES.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12, 11:40 a.m.—The food situation is dominating all other considerations in Germany, according to the Berlin Vorwaerts, as quoted in an Amsterdam dispatch to the Central News.

The Vorwaerts says:

"Notwithstanding all the big events, the new food regulations, which are to be introduced on April 15, form the exclusive subject of discussion in the most considerable circles of the people. The nearer the fateful day approaches the greater becomes the tension. A diminution in the bread ration forms serious difficulty for the entire population and causes great preoccupation."

Some weeks ago the German newspapers announced that the bread ration would be reduced by one-fourth beginning April 15 owing to the scarcity of wheat. It was stated that the potato ration would be continued at five pounds weekly, and that 250 grams weekly would be added to the meat ration. Surprise and consternation were expressed by the press over the prospect, and the Berlin Volks Zeitung declared that it would mean that for many the limits of the bearable would be exceeded. The bread reduction was ordered, it was stated, as a necessary step to insure the lasting of the present stocks until the next harvest.

LANE SAYS WOMEN CAN HALF WIN WAR.

SECRETARY OF THE INTERIOR'S SLOGAN: LEND A HAND.

Conserve Food and Encourage Men to Patriotism, Says Cabinet Official, in Response to Inquiry from General Federation of Clubs, in Convention.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12.—Women can do "a good 50 per cent. in fighting the war," in the opinion of Secretary Lane, by conserving food and encouraging patriotism among the men. He sent this telegram today in response to a query from the General Federation of Women's Clubs, in convention at New Orleans, asking what women can do for the country:

"The women of America can do no greater work at this time than to raise their own vegetables, can their own fruit, prevent waste in their homes and give impulse and enthusiasm to the men of the land. If they do this they will be doing a good 50 per cent. of the work of fighting the war to a finish.

"Why not organize all the clubs of the United States into a 'Lend a Hand to Wilson League,' whose business it will be to carry on a propaganda for the things the nation will need — soldiers, ships, wheat, pigs, beans.

"If the women also could make it their business to let every farmer know that his patriotism is to be judged by the use he makes of his land and every railroad man know that he is serving his country by moving the nation's traffic, and will herself see that the boys and girls serve in a great maintenance corps of the nation, by putting in their time feeding chickens, canning fruit and raising vegetables, they can count themselves among the saviors of liberty and civilization, because this war now has come down to a matter of work and sacrifice."

Toll.

ARGENTINE TRANSPORT PAMPA REPORTED SUNK.

German Submarine in Pacific Said to be Off Coast of Mexico.

[BY A. P. NIGHT WIRE.]

KEY WEST (Fla.) April 12.—The British sailing ship Treveal, Capt. Williamson, was sunk by a German submarine off Cienfuegos, Cuba, four days ago and all hands landed at the Cuban port a few hours later, according to C. Peterson, a member of the crew, who arrived here from Havana late today. Peterson claims to be a naturalized American of Norwegian birth.

The vessel was sunk by bombs placed aboard by the Germans, Peterson declared. The Treveal, a full-rigged sailing ship, was proceeding from Jamaica to Cienfuegos for a cargo of sugar for Queenstown.

Soon after the submarine was sighted off Cienfuegos the Germans launched a canvas boat and two officers and six armed men came aboard the Treveal, giving the crew ten minutes to take to their boats.

The crew of the Treveal was in the boats four hours before being picked up by a tug and towed to Cienfuegos.

Peterson declared Cuban papers refused to publish an account of the sinking "because it might do the country harm." He said he learned that the rest of the crew took passage for England aboard a vessel belonging to the Haines Steamship Company.

There is no British ship Treveal in available maritime records, but there is a British steamer of that name. Her recent movements have not been published.

BUENOS AIRES, April 12.—The newspapers print a report that the Argentine transport Pampa has been sunk by a German submarine. Another report is that the Argentine sailing vessel Oriana has been sunk by a German raider off the coast of Brazil. There is no official confirmation.

SAN FRANCISCO, April 12. — That German submarines in the Pacific, of which the Navy Department warned ship owners yesterday, are probably off the Mexican coast was the information made public here today by Capt. W. W. Gilmer, commandant of the Twelfth Naval District. In response to inquiries as to where the submarines were operating he issued this statement:

"Reports from various sources which appear credible indicate that submarines are in the Pacific, probably off the Mexican coast."

Warnings of German submarines operating in the Pacific brought a wild break today in marine insurance rates. Larger firms entirely withdrew quotations, while independent brokers quoted risks as high as 1 per cent.

Conferences of underwriters failed to stabilize the situation, which was described by one official as "up in the air."

Shippers seeking rates from independent brokers were quoted rates as high as $1 per $100 on steamers to Australia, Japan and the Canal Zone, an increase of 800 per cent. on the Australian traffic.

DETAILED INCREASES.

Detailed increases were:

From 12½ cents to $1 on steamers and cargoes to Australia.

From 12½ cents to 40 cents to Honolulu.

From 50 cents to $1 to Japan and the Orient.

From 50 cents to $1 to the Canal Zone.

From 25 cents to 50 cents to Mexican ports.

Rates on sailing vessels to Australia went from 25 cents to $1.

J. B. Levinson, vice-president of the Firemen's Fund Insurance Company, said he expected the flurried conditions would be settled by tomorrow.

RAILROADS MERGE FOR WAR SERVICE.

[BY A. P. DAY WIRE.]

WASHINGTON, April 12.—National transportation facilities of the principal railroads of the United States during the war will be merged voluntarily and operated under the general direction of a central executive committee of seven, co-operating closely with the government in handling troops, military supplies and general commodities.

This committee consists of Fairfax Harrison of the Southern, chairman; Howard Elliott of the New Haven, Samuel Rea of the Pennsylvania, Hale Holden of the Burlington, and Julius Kruttschnitt, of the Southern Pacific—all named yesterday at a meeting of railroad heads here, when the plan was devised; Daniel Willard, president of the Baltimore and Ohio and chairman of the Council of National Defense's advisory committee, ex-officio member, and one other to be appointed by the Interestate Commerce Commission.

Comment.

ARGENTINE SEES JUSTICE OF WAR.

STANDS BY PRINCIPLES OF INTERNATIONAL LAW.

Reported View is that Germany has Violated Her Obligations and the Position of the United States is Just—Rumored Sinking of Vessel Causes Sensation.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

BUENOS AIRES, April 12.—La Prensa, commenting on Argentina's note, declared that the attitude of the government of that republic is in perfect accord with that outlined in a previous diplomatic communication., It declares that Argentina will always adjust her relations with other countries to the principles of international law.

"The declaration by the United States that a state of war exists between that republic and the German government is based upon a violation by Germany of those principles," it says. "Argentina recognizes the justice of the declaration by the United States."

In highest government and diplomatic circles here, it is believed that the last note of Argentina does not in the least change this government's attitude.

The German Minister to Argentina called on Honorio Pueyrredon, acting Minister of Foreign Affairs today and asked for an interview with President Hippolo Irigoyen. The President will grant the interview, and probably the German Minister will see him tonight.

Reports received here yesterday that a sailing vessel flying the flag of Argentina had been sunk by a German submarine created a great sensation. The report said that the underseas craft had torpedoed the vessel off the coast of Brazil. The report lacks confirmation.

CLUB WOMEN DEMAND NATION DRY FOR WAR.

[BY A. P. DAY WIRE.]

NEW ORLEANS, April 12.—A resolution urging Congress, in view of the war, to pass speedily a nation-wide prohibition law was adopted by the General Federation of Women's Club at this afternoon's session of its biennial meeting here.

The convention also adopted a resolution pledging individual members, said to number approximately 2,000,000 women, "to use only the amounts of food required for adequate nourishment; to control and prevent waste in all kinds of matters in the household and to live simply."

FERRYBOAT STRIKE; COMMUTERS MAY SWIM.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, April 12.—A ferryboat strike, long threatened, tied up half the trans-bay facilities here today. Some 25,000 commuters found their usual connections out of business.

Engineers and officers on the boats of the San Francisco-Oakland Terminal Railways Company (Key Route,) operating to Oakland and Alameda, failed to appear for work, pending a settlement of a demand for different hours of labor. The men left work as individuals, not as a unit.

Southern Pacific ferryboats were not affected.

RAINS IN MIDWEST SAVES FOOD CROPS.

[BY A. P. DAY WIRE.]

KANSAS CITY (Mo.) April 12.—Rains that soaked the wheat and grain belts of Oklahoma and Kansas yesterday saved thousands of acres that would have been ruined had the drought continued a few days more, according to the opinions expressed today by agriculture experts.

Frank M. Gault, president of the State Board of Agriculture of Oklahoma, declared last night that if the rain continued today the wheat crop in that State would be from 20,000,000 to 23,000,000 bushels in contrast to last year's crop of 37,000,000.

Starter.

AUSTRIA AND BULGARIA SEEK ROAD TO PEACE.

German Allies Weary of War Approach Entente in Switzerland.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12.—Austrian and Bulgarian representatives are endeavoring to approach Entente diplomats in Switzerland on the subject of peace.

Press dispatches today reporting Bulgarian efforts in this line developed that it is known here not only that Bulgaria has taken soundings, but also that there has been similiar action in the name of Austria-Hungary. Whether the two countries are working separately or together is not known, nor has any reference been made to the attitude of Germany or Turkey.

Officials here see in the Austrian and Bulgarian action merely an expression of weariness with the war and anxiety to bring it to an end without, however, involving any indication of desperation on their part which would make them propose terms acceptable to the Entente. As a result there is every evidence that the informal efforts now being made mark merely a step in the long road that will eventually lead to peace and do not offer hope of real negotiations in the near future.

ENTENTE IS WARY.

This opinion is strengthened by the fact that the Entente diplomats have not accepted the suggestions made to them for private conversations, but have indicated, on the other hand, they will not go into any such discussion blindfolded. They have left the impression that they stand on the general principles enunciated by their governments—that the Entente nations will not enter a peace conference until their enemies have made public their terms.

Independent soundings by Austria and Bulgaria have attracted interest here as showing the dissatisfaction of these two governments with the course of the war and their apparent anxiety to negotiate directly and not through the medium of Germany. As both these countries are reported to be more eager for peace than their more powerful ally, a degree of hope is felt that their exigencies may force Germany to a more moderate stand and bring the day of ultimate peace nearer.

AUSTRIA AFFECTED.

Austria is known to have been affected by war weariness and by the Russian revolution. It is generally felt there that the Central Empires have reached the maximum of their military strength and it is feared the upheaval across the border may find a decided echo among Austria's conglomerate and dissaffected peoples. Food conditions, though satisfactory in agrarian Hungary, are serious in industrial Austria. Bulgaria likewise is troubled by food shortage and the Russian revolution. The latter has brought again to the surface the old friendliness for the Russian people and has injected into the question the decision of the ruling class to fight against their liberator. In a strictly military sense, however, Bulgaria is understood to be stronger than at any time during the war as her losses have been negligible.

MUNITION EXPLOSION FINDINGS WITHHELD.

[BY A. P. NIGHT WIRE.]

CHESTER (Pa.) April 12.—Although ordnance experts and chemists spent the day and evening analyzing shell fragments and black powder found at the scene of last Tuesday's explosion at the Eddystone Ammunition Corporation's plant near here, no announcement of their possible discoveries was made tonight.

Ten thousand dollars has been collected as a relief fund for needy survivors and dependents of those who were killed.

The funeral of the unidentified dead will be held on Saturday. The munition plant will close three days as a mark of respect to the victims.

The latest reckoning of the known dead was 120. Of this number, fifty-two have been identified. More than fifty are still reported missing and the hospitals and armory reported a total of fifty-two injured still receiving treatment.

DEPUTY IS I.W.W. WITNESS.

Trial of Tracy Featured by Testimony of Member of Posse.

[BY A. P. NIGHT WIRE.]

SEATTLE, April 12.—George Kannow, a deputy sheriff under Sheriff Donald McRae of Snohomish county last autumn, testified for the defense today in the trial of Thomas H. Tracy, charged with the murder of Deputy Sheriff Jefferson Beard at Everett, Wash., November 5 last.

Kannow said he carried a "billy" and a pistol and that Sheriff McRae gave orders to beat every Industrial Worker arrested.

Kannow testified he saw a number of men beaten at this order and that on the night of September 5 the authorities so treated the Industrial Workers that a trail of blood was left on Hewett avenue.

Hostile.

MEXICAN TROOPS FIRE ON AMERICAN AVIATORS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

EL PASO, April 12.—Following an apparently concerted outbreak of firing by Mexican troops upon American military border patrols, two army airplanes rose here today and reconnoitered over the border district, locating all military details in the vicinity of the border, and were fired upon in so doing. The aviators made their report to military district headquarters. The commander of the patrol at Fabens, Tex., southeast of here, reported today that for the past three days Mexican forces have been firing spasmodically on his troops.

Last night, the commander reported, two Mexican soldiers opened fire across the Rio Grande upon the American patrol, missing the American troops, but killing a Mexican laborer. The American soldiers returned the fire, killing or wounding one of the Mexicans. His companion rode away in a hail of bullets. Later an automobile appeared on the south side of the Rio Grande and bore the fallen Mexican away in the direction of Juarez.

FIRED ON AT GUADALUPE.

The army aviators who reconnoitered over the border this morning were fired upon by Mexican troops at Guadalupe, twenty-five miles southeast of Juarez, but the bullets spead past the airplanes harmlessly. Another reconaissance, planned for this evening or tomorrom morning, contemplated scouting over Casas Grandes, where Gen. Murguia's army of 4000 is supposed to be encamped awaiting the arrival of Villa's rebels from the south.

A Mexican soldier fired one shot

TWENTY THOUSAND MEN, VILLA'S OFFER TO US.

Mexican Rebel Chief Charges Carranza with Perfidy Toward America and Asserts Germans are Jointly Plotting with Him Against the United States—Tells of Manufacture of Ammunition Across the Border.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN ANTONIO (Tex.) April 13.—Declaring officers of the Carranza army have formed a compact with Germany and that an effort is being made to raise a large army of Germans and Mexicans in Mexico to fight against the United States, Francisco Villa offers his services to the United States. He says he has an army of 20,000 well-trained fighting Mexicans which could easily be increased to 50,000 men, and, with the co-operation of the United States, could make the strongest corps of soldiers on this continent.

This statement is made in a manifesto signed by Villa under date of April 7, in the field near Chihuahua. He says that, despite Carranza's public statement that he would not countenance Germans plotting against the United States, and that he would maintain strict neutrality, Germans have been and are now planning jointly with officers of Carranza's army against the United States, and that Carranza dare not interfere, and that the public statements he has made are for effect, while he knows he cannot control the heads of the armed forces presuming to be fighting for him.

In his statement, copies of which have reached army officers here, Villa decalres the manufacture of ammunition under the supervision of Germans is going on, and has been for more than a month, and that Germans are operating freely in the southern and the middle eastern sections of Mexico, that wireless stations are now and have been in operation for many weeks, that these are in the hands of Germans, and that large quantities of arms have been brought into Mexico from Germany, and that other shipments are being made.

Villa avers he is friendly to the American government, and that with its sanction he can rid Mexico of the Germans and the Mexicans who brought them and are selling their birthright for the gold the aliens are bringing into Mexico. Villa adds that the battle for the people in Mexico is being won, and that the so-called constitutional government is a cobweb, which he will soon prove to the world.

"The Americans could not settle Mexico's family troubles, and certainly we patriotic Mexicans will never permit Germany to separate us from the land of our birth and what properly belongs to us," concludes the statement.

COAL MINERS DENY INTENT TO STRIKE.

[BY A. P. NIGHT WIRE.]

NEW YORK, April 12.—Representatives of the United Mine Workers of America, and operators in the bituminous coal fields of Illinois, Ohio, Indiana and Western Pennsylvania, who began a conference today through which 225,000 miners hope to receive higher wages, emphasized tonight that even if the negotiations fail there will be no danger of an immediate strike. John P. White, president of the miners' organization, explained that a wage agreement that went into effect in 1916 would not expire until next year.

NEW AUSTRIAN WAR MINISTER.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12, 11:35 a.m.—Field Marshal Von Schleyer, Chief of the War Control Department, has been appointed temporary Minister of War for Austria-Hungary, according to a Vienna dispatch to the Central News by way of Amsterdam. Field Marshal Von Schleyer succeeds Gen. Von Krobatin, who recently resigned.

Insured Guesses.

LLOYDS UNDERWRITING ON PEACE BY NEW YEAR.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12, 11:50 a.m.—A feeling in some quarters that the war may end before the last of the year is indicated by the fact that in underwriting circles business was done yesterday "to pay total loss if peace is not declared before December 31" at 45 guineas per cent. Some time ago business was done at the rate of 15 per cent. against the declaration of peace within eighteen months.

A report in Wall street that ten to one was being offered at Lloyd's that peace would be concluded within ninety days was described as more in the nature of a jocular bet than an attempt to trade. The wide betting odds frequently mentioned are not seriously considered as indicative of market opinion.

British and French Naval Officers Confer in Washington for Patrol of Atlantic Coast

Vigilance.

OUR WARSHIPS TO RANGE FROM PANAMA NORTH.

Approaches to Major American Ports to be Guarded Against U-boats.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12.—With high British and French naval officers in conference here with American naval officials, definite steps have been taken toward participation of the American navy in the war against Germany. Patrol of the entire Atlantic seaboard, reaching southward to the Panama Canal Zone and possibly northward to include Canada, will be the first duty of American warships. With that goes the necessity of guarding against the probable extension of the German submarine campaign to include approaches to major American ports.

British and French ships now on this patrol duty will be withdrawn as soon as the American forces have their lines established. The American squadrons will operate from British and French bases on the South Atlantic wherever necessary.

BIG CONFERENCE ON.

This was learned today in connection with the announcement that Vice-Admiral M. E. Browning of the British navy and Rear-Admiral R. A. Grasset of the French navy are in Washington conferring with Secretary Daniels, Admiral Benson, chief of naval operations, and other American navy officers. The conferences have to do with the part the American fleet will play in the war.

Commanders of the British and French forces off the American coasts, it is known, have expected that Germany would extend her submarine operations to these waters. Arrangements to patrol vigorously the approaches to the chief American harbors will be carried out by American ships. It has been expected that Germany would formally announce a submarine blockade of Boston, New York, the mouth of the Delaware, the mouth of the Chesapeake, Charleston and Savannah. These are the arteries through which flow the main traffic in foodstuffs and war supplies for Europe. Unless a blockade is declared Germany would be under the necessity of giving warning before attacking merchant craft under neutral flags.

NAVY OFFICERS DOUBTFUL.

Many navy officers doubt any considerable number of German submarines can be spared from the task of blockading the British Isles for work on this side of the Atlantic. Sporadic operations within such prescribed areas are looked for, however.

The Navy Department has a considerable supply of submarine trap nets already available and more will be delivered within a few days.

It is understood that not only will naval bases and other British and French ports on this side of the Atlantic be opened to American naval vessels, but that whenever need arises ports on the French and British coasts will be placed at their disposal. An American naval port probably will be established at some future time on the Irish coast.

Accompanying Admiral Browning are the following British naval officers: Capt. A. Lownes, Mr. G. A. Miller, flag secretary to the commander; Flag Lieutenant-Commander A. J. Southby and Capt. E. G. Cheesman, Royal Marine Light Infantry. Accompanying Admiral Grasset is Flag Lieutenant James Hennessey of the French navy, who also is a member of the French Chamber of Deputies.

Official dispatches on the coming of the French and British commissions to discuss the conduct of the war only mention the possibility that Gen. Joffre may accompany former Premier Viviani of France, but do not give any definite announcement.

DO NOT SEEK ALLIANCE.

An impression conveyed in some quarters that the Entente commissioners would seek to bind the United States to the general arrangement not to negotiate a separate peace is generally discounted here. It has been stated that the United States will not enter into an alliance in the Old World sense of the term, but will commit itself to unlimited participation in the war until the aims which President Wilson announced are achieved.

An impression has been created that the United States will feel itself free to judge when that moment has arrived and will not commit itself over and above its own aims in the war to an unlimited liability for territorial aims of the Allies.

Eventually, American ships probably will relieve those of the Allies in all North and South Atlantic waters on this side of the world.

It is assumed the visiting officers furnished much first-hand information as to the steps the Entente Powers have found most effective in dealing with the submarine peril.

Restless.

BRITISH SWEEP FORWARD IN TURKISH TERRITORY.

Take Additional Ground to a Depth of Fifteen Miles and Capture Thousands of Ottoman Prisoners with Small Losses—Consolidate Positions by Advance. Fall of Gaza, now Imminent.

BY ARTHUR S. DRAPER.

[BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.]

LONDON, April 12.—Following up their recent victory in Palestine, the British, under Gen. Dobell, have occupied additional Turkish territory in the neighborhood of Gaza to a depth of fifteen miles, according to dispatches from Cairo.

These gains were made by mounted troops, cavalry and detachments of the Egyptian Camel Corps operating from Chuzzeh, immediately south of Gaza, which is now said to be so seriously menaced that its fall is imminent. Many Ottoman prisoners have been rounded up, considerable booty taken and all the new positions consolidated. With Gaza in British hands, the march up the Mediterranean coast will be much facilitated and the laying of the supply railroad behind the advancing forces may be continued.

Additional reports from the battlefield from which the main Turkish army was routed indicate that the enemy's loss in prisoners and casualties was fully 8000, while the British dead, numbered less than 400. One hundred and ninety British are missing. They were patrols who succeeded in entering Gaza, but lost touch with their support in the fog.

News has been received of a stubborn battle under way in the Caucasus between Turkish and Russian forces, suggesting that the Russian command is co-ordinating its offensive upon Mosul with pressure from the north through Armenia.

FRANCE GREETS AMERICAN ARMY.

CHIEFS OF STAFF EXCHANGE CORDIAL MESSAGES.

Reunion of Arms is Viewed as Reviving Military Fraternity Sealed by Great Frenchmen. Gen. Scott Sends Thanks and Assurances of Eagerness to Aid.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12.—The reunion of the French and American arms is greeted as reviving a military fraternity sealed by Lafayette and Rochambeau, in telegrams exchanged between Gen. Neville, the French commander-in-chief, and Maj.-Gen. Hugh L. Scott, Chief of Staff of the United States Army, and made public tonight by the War Department. The messages follow:

"PARIS, April, 8, 1917.

"To the Chief of the American General Staff.

"The French army has heard with the deepest emotion the noble and moving words addressed by President Wilson to the American Congress.

"We salute the Star Spangled Banner which she will be happy and proud to see floating soon near our flags for the triumph of right and civilization.

"The French general commander-in-chief sends to the American general commander-in-chief the expression of his cordial welcome and entire devotion.

[Signed] "GEN. NIVELLE."

"WASHINGTON, April 12, 1917.

"Gen. Nivelle, commander-in-chief of French army, Paris, France.

"The memory of Lafayette and Rochambeau forms one of the most cherished traditions of the American people and the army of the United States is eager to take its place side by side with the armies of France and her Allies now fighting so nobly for democracy and the liberty of the world.

"The American Army sends you its thanks and fully reciprocates the feeling of fraternity expressed by the French army in so gracious a manner through its commander-in-chief.

[Signed] "H. L. SCOTT,

"Major-General United States Army, Chief of Staff."

ARIZONA TO HAVE DEFENSE COUNCIL.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

PHOENIX, April 12.—Gov. Campbell today stated his intention to organize a State council of defense, for the protection of industries, to extend production for foodstuffs and to secure the best possible use of State and private lands. Publicity has not been given the names of the members of the council which is to meet in the Governor's office April 18.

Tom Mix, the cowboy film star, a former Arizonan, has wired Gov. Campbell from Los Angeles offering the services of a troop of well-trained cavalry, presumably commanded by him. In reply he was advised that the offer might be accepted as soon as the Arizona infantry regiment had been filled. Another offer was a company of Mormon volunteers for the National Guard from Mesa, with a proviso that they must be officered by Mormons to insure proper moral instruction. The law may permit acceptance. Mesa has organized a rifle club of 150, and Wickenburg a home guard of 100.

PENFIELD GOING TO PARIS.

[BY ATLANTIC CABLE AND A. P.]

GENEVA, April 12 (via Paris) 8:05 a.m. — Frederick C. Penfield, formerly United States Ambassador to Austria, and Allen W. Dulles, former third secretary of the embassy, have left for Paris.

TARIFF BOARD CONFIRMED.

[BY A. P. DAY WIRE.]

WASHINGTON, April 12.—All members of the new Tariff Commission were confirmed today by the Senate.

Internal Danger.

(Continued from First Page.)

of how South America views the connection between the United States at war and the Monroe Doctrine was given in a speech delivered today in New Orleans by John Barrett, director of the Pan-American Bureau, before the New Orleans Association of Commerce. All the Consuls of the principal Latin American republics were present at this meeting, and Washington is evincing great interest in the proceedings.

Mr. Barrett made it plain that entrance of the United States into the great war is sure to prove a great boon to the Monroe Doctrine.

FROM BARRETT'S SPEECH.

"Instead of abrogating or making obsolete that famous international principle," he said, "this war will make it forever permanent, because victory over the Central Powers means that they will never be able to question it, while the Allies, in pure gratitude and in a spirit of reciprocal co-operation, cannot fail to confirm its recognition and lasting continuance.

"If any American, North or South, Anglo-Saxon or Latin, has any doubt at this time whether he should stand with the President in the position he has taken, this doubt should be dispelled when he recalls what will happen to Latin America if the United States were conquered in this world conflict.

"If any power or group of powers were strong enough to subjugate the United States it or they would not stop at subjugation of Central or South America. If an autocracy crushed the democracy of the United States it would not hesitate, in lust for power, land and world-wide aggrandisement, to crush also the democracies of Mexico, Cuba, Central America and South America. The whole issue is summed up in the question: Are not the principles for which the United States has gone to war and for which it is to make unlimited sacrifices of treasure, and possibly lives, just as much the principles of every Latin-American republic and people?

"No matter what differences in the past may have characterized the relation of the United States with any sister American republic, no matter what possible influence there may have been of so-called enmity, jealousy or distrust, if they existed at all on the part of any other American republic toward its big sister of the north, all such feelings should disappear; in their place should come realization that the United States is fighting the battle of the Western Hemisphere, that it is not engaged in combat for its own preservation alone, but for the preservation of every republic and government of similar institutions throughout the world.

"Last, in conclusion, I may be misunderstood, I do not mean that I urge or suggest that every Latin-American republic must declare war or even completely break off relations with the enemies of the United States. That is not for any citizen of the United States to say.

"That must be determined by each goverment and each people. I do, however, most emphatically mean that every republic will be working against the cause of humanity, cause of democracy, cause of true Pan-Americanism, and the cause of its own progress and welfare, if it does not at least maintain scrupulously such neutrality as will in no form or manner give aid and comfort to the enemies of the United States, who today in principle are enemies of pan-America and pan-Americanism. Long live solidarity and co-operation of American republics. Today is the hour of the greatest crisis in their history."

THE OIL ISSUE.

Following rigorous pressure from both the British and the United States governments, Carranza today assured the State Department that the Mexican government would not interfere with the exportation of oil to British or American consumers. The implied threat in the talk of an embargo by Mexico had alarmed the British Admiralty, since it might have resulted in seriously embarrassing the British naval operations.

British officials had made it quite clear that such an embargo would be intolerable, and could not be permitted to become effective.

Fresh reports from Mexico City reveal that pro-German influence there is constantly at work, and that German political and business interests both are increasing in favor with the de facto government. A report which stated that the British were planning to take over the Tehuantepec National Railway, 49 per cent. of which is owned by British capital, and 51 per cent. by the Mexican government, was denied at the British Embassy. It was stated that Mexico is preparing to take over control of operation of the road as it has already done with other railroads.

All British employees of the Mexican National Railway have been dismissed under the new management, and another evidence of the Mexican government's favors to Germany was cited in the instance of the seizure in January of the two banks in Mexico City which represented French and Spanish interests, while the German bank, which also does a large and at present increasing business, has not been molested, but receives encouragement. It had been reported that the banks seized, represented British interests as well, but this was denied today at the British Embassy.

JAPANESE CAPTURED AT ESPIONAGE WORK.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

ST. LOUIS, April 12.—A Japanese whose name the authorities are withholding, is a military prisoner of the National Guard today, after a private stationed on the Eads bridge caught the man snapping camera pictures of the structure. The Jap is held prisoner at the First Regiment Armory. While military commanders refuse to discuss the matter other than to say a report has been made to headquarters of the general commanding the military district, it is reliably understood that photographs and maps of public buildings and bridges in other cities were found on the man.

KANSAS PLANS CROP INCREASE.

[BY A. P. DAY WIRE.]

TOPEKA (Kan.) April 12.—Gov. Capper announced today he would appoint a commission immediately to take up the organization of Kansas for increased food production. The State will do all in its power to aid in the nationwide campaign to increase crops he said.

Report.

SLAVS TO QUIT ALLIES? ALARM AT WASHINGTON.

Authorities do not Expect Russia to be Much of War Factor.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON BUREAU OF THE TIMES, April 12. — A report was current here tonight that Russia had decided to abandon the Allies and preserve an attitude of armed neutrality. This report created consternation in official and diplomatic circles. The State Department has no information to confirm it nor has the Russian, British or French embassies.

The report was in circulation at a prominent club in this city. Where it originated the authorities have not been able to learn.

Instructions have been sent to Ambassador Francis to cable the facts in regard to Russia's policy. It is declared by the agents of the new government who have arrived here that Russia intends to continue fighting on the side of the Allies.

Nevertheless the authorities do not expect Russia will be much of a factor in the war. There are conflicting opinions as to her military effectiveness. Some authorities in Petrograd assert that she will be of no value. Others hope that backed by an honest government the troops will be able to carry on an offensive which will destroy the German and Austrian armies.

SWEDISH PEACE MOVE. SOCIALISTS ARE BUSY.

BY ARTHUR S. DRAPER.

[BY ATLANTIC CABLE—DIRECT WIRE—EXCLUSIVE DISPATCH.]

LONDON, April 12. — Reports from Sweden that German Socialists have been trying to get in touch with Russian Socialists in order to institute a peace movement, received confirmation today from two sources.

A Copenhagen dispatch states that German Socialists have made a formal peace proposal on the basis of a pre-war territorial status. The Cologne Gazette today says that Scheidemann, the leader of the German Socialists majority party, has gone to Stockholm accompanied by other members of his party in order to get in personal touch with the Russians.

In London it is realized that such a movement, in the event that the Russian Socialists acquiesce, might cause a temporary embarrassment to the Allies in view of the fact that it brings up the important Constantinople and Balkan questions.

ALLIES ARE RETICENT.

None of the Allied governments wishes to discuss these things at the time being, but there is no fear that the eventualities of the negotiations between the Russian and German Socialists will effect the conduct of the war to the slightest degree.

Opinion here in regard to the question has not as yet shaped itself clearly. The all-important issue before the British public is the successful culmination of the war and nothing that does not point to this end merits widespread discussion. Peace rumors have been heard here before, but England at the present time is too flush with enthusiasm for a great west-front campaign to seriously consider anything save the prospect of an unprecedented Allied drive through the heart of the German lines.

FRANCIS HEARD FROM.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12.—Steadily-improving conditions in Russia were reported today by Ambassador Francis. The dispatch follows:

"Conditions here generally improved. Soldiers returning to regiments and passing resolutions calling upon workmen to return to munitions shops without insisting on an eight-hour day and thus help soldiers, who themselves work twenty-four hours."

Efforts of the American government are being directed toward assisting the newly-democratized government in Russia to strengthen its position, lessen internal troubles and quickly bring Russia's latent forces to bear against Germany.

Reports to the government say the difficulties of Russia are many and that Germany's principal object is either to bring about a separate peace with that nation, or, failing in that, to stir up internal troubles and exert unusual military pressure from without.

One of the principal objects of the administration's desire for expedition in getting authority from Congress for a large bond issue is to extend a loan to the new Russian government.

OTHER WAYS STUDIED.

Other ways of helping Russia are being studied. Charles R. Crane of Chicago, close personal friend of President Wilson, long interested in developments in Russia, is now on his way to that country.

The needs of France, Great Britain and the other members of the Entente Alliance are not being forgotten and everything possible will be done for them, but they are understood to agree that Russia should get assistance first.

A resolution favorably reported from the House Foreign Affairs Committee expresses sympathy of the United States government with the people of Russia in their efforts to establish a democratic government and the hope and belief of this country that they successfully will bring about the happiness of the Russian people and the progress of their government.

Promise.

ENLISTMENT IS LIMITED TO PERIOD OF THE WAR.

All Volunteers Assured by Baker of Discharge when Peace Comes.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12. — All men enlisting in the regular army or the National Guard in the present emergency were assured in an announcement by Secretary Baker today they would be kept in service only for the period of the war. The action followed a conference between the Secretary and President Wilson.

In effect this places on a wartime volunteer basis all of the men enlisted since the state of war was declared. It makes available a total of 517,868 places in the enlisted grades of the two services to men who wish to serve for the war only.

Mr. Baker emphasized the fact that this action was contemplated when the administration bill was framed and was in no way to be construed as a compromise plan, reached as a result of opposition to the draft feature of the bill.

Hearings on the bill continued before the House Military Committee today and will be concluded Saturday. The administration leaders hope to have consideration in the House under way next week.

THE PROPOSED FORCE.

Following is a tabulation by the War Department of the forces proposed to be organized in the bill:

Regular army, exclusive of Philippine scouts: At war strength, with all increments added, 293,000.

Present strength, 131,481.

Volunteers required, 161,519.

National Guard, including only units now organized, at war strength, 329,954.

Present strength, 123,605.

Volunteers required, 206,349.

Additional, to replace 150,000 officers and men withdrawn from above force as training personnel for first 500,000 selective conscripts, 150,000.

Total number of volunteers for war service only, 517,868.

In addition to these figures the discharge from the regular army and National Guard of men with dependent relatives and for other causes will create additional vacancies which will be filled by volunteers.

PROMISE OF BAKER.

Under the law, the full enlistment requirement of six years in the National Guard and seven years in the regular service, must be signed by all men taken into either service. The pending bill provides specifically for duration of the war enlistment contracts, but this cannot be applied until Congress acts. To meet the immediate situation, Secretary Baker has directed that recruiting officers assure men accepted during the emergency that the contracts will not be enforced against them; but that they will be honorably discharged at the close of the war.

Army officers believe there will be no difficulty in obtaining many men of some military experience through the present plan.

The door of promotion is wide open to any man qualified to hold a commission even up to the grade of general. The question of taking in additional increments of the National Guard beyond those already organized has not been determined.

NINE MORE REGIMENTS.

During the day the War Department called into the Federal service for police protection purposes nine regiments, a separate battalion and separate company of infantry and seven companies of coast artillery. Six of the artillery companies are California guardsmen. It is understood that they will serve as infantry.

The House Military Committee today agreed to close all hearings on the new army bill next Saturday, when opponents of the conscription plan will be heard for three hours. Afterward the bill will be taken up for drafting it in its final form with prospects of report to the House next week.

Chairman Dent, eager for a unanimous report, while personally opposed to conscription, is willing, if necessary, to yield his own convictions in the interest of a united stand.

Whether the committee will retain the administration conscription provision or compromise with a volunteer plan for a certain period with ultimate resort to draft has yet to be determined.

EX-GUARDSMAN ARRESTED.

[BY A. P. NIGHT WIRE.]

LITTLE ROCK (Ark.) April 12.—Charged with making threats against the life of the President, Paul W. Kaucher, 25 years old, was arrested last night by Federal officers. Kaucher formerly was a member of the Arkansas National Guard. He was released on $1000 bond.

Prepare!

TAFT'S WAR SECRETARY WARNS US OF SPANKING.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

ST. LOUIS, April 12.—"If the United States thinks it can slip in and slip out of the war with Germany and not get itself spanked in the process it is making the biggest mistake in the lives of its citizens."

This assertion was made by Henry L. Stimson, Secretary of War under President Taft, in addressing the Chamber of Commerce on universal military training.

"People tell you about the glory of old American traditions," said Mr. Stimson, "and of American volunteers when they speak against conscription; just the same, this is not the kind of war in which we can try such methods. The nations with which we are going to war are organized down to the last unit of their power."

Fire on Aviators.

(Continued from First Page.)

at an American soldier on patrol at the El Paso smelter viaduct today. The bullet missed and the fire was not returned, though orders have been issued to all troops to shoot when fired upon.

Arrests of Germans in connection with an alleged plot to dynamite the giant Elephant Butte Dam, and release a lake of water to drown the upper Rio Grande Valley with its cities and towns occurred today. Dr. Leo R. Knopf, a German subject, formerly from Torreon and Chihuahua city, Mexico, and who has been closely watched recently because of his alleged activities in the vicinity of the dam immediately after he came from Mexico, was the first taken into custody. He was held on a charge of white slavery. It is alleged he transported a Mexican woman from El Paso to Rincon, N. M., for immoral purposes.

ALIENS ARRESTED.

A message from Elephant Butte this evening said several Germans and Austrians, whose names were not disclosed, had been arrested by Company K, Fourth Texas Infantry, on guard at the dam.

Officials of the United States Reclamation Service received a message from Elephant Butte that a wireless station, believed to be in communication with Mexico City, had been located somewhere in the vicinity of the dam. The information was turned over to the Department of Justice and an investigation was at once inaugurated.

Friedrich Reuter, German Consul in Juarez, who was arrested and interned when he persisted in attempting to cross into El Paso after repeated warnings, was today released from the stockade at Fort Bliss. He entered a parole agreeing to remain out of the United States if given opportunity to leave, and went to Juarez at once.

United States immigration officials today at various places along the border warned Germans they would be arrested if they tried to cross between the United States and Mexico. The order caused the suspension of all German travel or traffic across the line, so far as regular ports of entry were concerned.

Prefer Strikes.

UNION LOBBYISTS FIGHT MEDIATION.

CLASH ON GOETTING MEASURE EXPECTED TODAY.

Anti-injunction and Pro-picketing Bill is Hotly Championed. Allege that Similar Law has been Adopted by Other States—Defeat in Senate Forecast.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SACRAMENTO, April 12. — With the decisive defeat of the Rominger anti-saloon bill the stage has been cleared for a final clash in both houses of the Legislature between the union-labor lobby and the friends of industrial freedom. In the Assembly tomorrow the Goetting mediation bill will be up for final action. This bill is intended to prevent strikes or lockouts in labor disputes between managers and employees on public service corporations until mediation has first been tried. The bill is favored by the commercial and industrial associations all over the State and is opposed bitterly by the labor lobby.

Flaherty's anti-injunction and pro-picketing bill will be up for final action at the same time in the Senate. This bill aims to place the labor unions above the law. They seek to be permitted to beat up independent workmen and to destroy property without interference from the civil authorities. A bill somewhat similar in form passed recently the Utah Legislature. It has been claimed by the union lobby that the Flaherty bill is a copy of the Clayton act passed by the United States Congress. A comparison of the two acts, however, discloses that the one introduced here is much more drastic than the terms of the Clayton act.

It is generally conceded that the labor lobby will not be able to muster votes enough to pass its anti-injunction act in the Senate. The vote on the Goetting mediation bill in the Assembly is expected to be very close.

STICK TO USUAL JOBS, IS WILON'S ADVICE.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12.—President Wilson, replying to offers of members of Congress and other officials to serve in the army, has declared his belief that work in the civil departments of the government at this time is just as important as military activity. The administration holds that the United States can do its part toward defeating Germany only by attaining utmost efficiency in all branches of the national life.

Many members of both houses of Congress and some important officials, as well as leaders in various industrial activities, have written to the President proposing to resign their posts and serve in the army and navy. Many of them have had previous military service. They have been informed that the government view is that only men who can be spared from their usual activities should join the fighting forces.

Realizing the importance of maintaining an uninterrupted production of materials for equipment of the army, the War Department is preparing to take steps to insure retention as heads of the producing industry of capable men who have built up corporations on modern lines of efficiency.

The Great War.

AMAZING APRIL STORM DELAYS BRITISH DASH

Canadians Consolidate Lines Under Bitter German Fire.

[BY ATLANTIC CABLE AND A. P.]

BRITISH HEADQUARTERS IN FRANCE, April 12, via London (from a staff correspondent of the Associated Press.)—The amazing April storm which began almost at the exact hour set for the British attack against the Germans, Monday morning, continues and the fighting conditions have been made extremely difficult. The storm is accompanied by snow, rain and sleet and a gale that has seldom been below a velocity of forty miles an hour.

Notwithstanding these circumstances the British attack widened today by a blow north of Vimy Ridge, the latter having been firmly held and consolidated by the Canadians against a bitter German fire. The troops which struck north of Vimy today penetrated to a point a few hundred yards northwest of Givenchy, having carried out their dawn attack with the same precision as has characterized their other operations.

STRAIGHTENING LINE.

On the remainder of the front the work consisted largely of straightening certain elements in the line by annihilating several "pockets" where the Germans had held out. The British also smashed to bits a strong German counter-attack against Monchy-le-Preux, the German losses being among the heaviest they suffered during the new offensive. The fighting about Monchy has been very heavy since Tuesday, the Germans having been ordered to prevent the British advance reaching that high point at all hazards. It was not until large numbers of British field batteries had been brought into play that the Germans were definitely beaten off.

The British attack and the German defense converged at Monchy, and it was a wonderful sight to watch this fighting from a near-by hill yesterday and realize that for the moment this was the focal point of the entire world war. The artillery duel over the pretty little town was a study in black and white, the British shells breaking white on the German positions just east of the town, while the German shells exploded over the town with smoke that resembled great balls of lamp black wool. Occasionally a German shell striking a brick building would send up a sweeping cloud of pinkish dust.

AIRMAN ELUDES GERMANS.

During the fighting British airplanes hovered above Monchy, seemingly to sit absolutely stationary amtide the howling gale. One was thus idling on the wind when out of an overhanging cloud swooped three German machines. The Germans darted for the tail of the British machine, firing as they came. The khaki-clad airman, despite this unexpected attack from ambush, splendidly outmaneuvered his foes. By deliberately side-slipped out of control, which literally means turning sideways and letting the machine fall virtually perpendicularly.

There was not much height for a long fall in this manner, so after thus escaping the first burst of fire from the Germans, the Britisher flattened out and started for his own lines to bring the pursuers within range of the anti-aircraft guns, for there is no time to turn and face a foe once he is on your trail. The plan succeeded and the Germans had suddenly to turn and climb for their lives, as shrapnel shells immediately leaped for them through the whistling wind.

TAKE MORE GUNS.

In the fighting today the British captured a number of additional guns. Eleven were taken on one sector. The Canadians have made a great haul in guns in their attack on the Vimy ridge, thus far having brought in four eight-inch howitzers, nine of the famous German 5.9's and twenty-three field pieces. In many of the captured gun positions the British found tier upon tier of ammunition. Prisoners from the German artillery said there was a great shortage on artillery horses in the army and that when the British struck so suddenly they had no chance to save their pieces, even far back of the old front line.

One interesting bit of information the advance has disclosed is that the Germans were planning to shell Arras with two of their forty-two-centimeter "Big Berthas," which first won fame about Liege and Antwerp. These guns had reached Douai and it was planned to place them near Fampoux, which now is in British hands. According to gunner prisoner, prussic acid shells were to have been used.

A large number of the German prisoners seem to be glad that they have been taken. Bavarians, who but recently had come into the line that was attacked, complained rather bitterly that they were invariably sent to the worst part of the front. They said they knew some unpleasant incident was about to happen when they relieved the Saxons. The Bavarians do not impress questioners as being very fond of the Prussians.

GERMAN VIEW OF BATTLE.

[BY ATLANTIC CABLE AND A. P.]

COPENHAGEN, April 12 (via London.)—The battle of Arras, in the opinion of the German press, is an event of only local importance, lamentable it is true, but already brought to a standstill and not affecting in any degree the strategic situation. It is interpreted by general consent as part of the plan of the Anglo-French command, foiled in its intentions of delivering a shattering blow on the Somme front, to roll up the new Hindenburg line by assaults on both flanks at Soissons and Arras. Both attempts are already described as failures, despite regrettable losses in men and probably guns. The British official reports are given scanty notice and are printed in inconspicuous type without headlines. The censorship authorities are evidently assured that the reading public generally accept the German version and that confidence in Field Marshal Von Hindenburg is unimpaired.

An interview between the field marshal and a Spanish correspondent is given prominence by the German press, and shares headline hon-

...ors with the battle of Arras this interview Von Hindenburg avows his confidence in the front of the German fronts on the and east, and expresses a confidence that the submarine campaign will not fail. It has had an effect on public opinion, where the marshal still bulks large as a confidence-inspiring hero. The view was evidently launched to counteract any feeling of discouragement at the growing dimensions of what the Vorwaerts terms a new league for the destruction of many."

GEN. MAURICE'S PREDICTION.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12, 3:25 p.m.—That the Arras conflict will develop shortly into the greatest battle of the war was the prediction made by Maj.-Gen. F. B. Maurice, director of military operations at the War Office, in his weekly review with the Associated Press today.

Gen. Maurice declared the present British offensive was being conducted according to plans completed in February, thereby confirming the claims of the Germans that a retreat had upset the British calculations and that the Teutonic military authorities control the situation.

The British losses during the first two days of the offensive were only half what they had been in the corresponding time in the Somme offensive, Gen. Maurice said.

Gen. Maurice declared:

"We have heard a great

WILSON COMMENDS COLLEGE WAR SPIRIT.

[BY A. P. DAY WIRE.]

NEW HAVEN (Ct.) April 12.—President Wilson, in an interview in the Yale News today, pays a tribute to the spirit of American colleges in the present national emergency. He says:

"The patriotic spirit of the American college man of today has never been surpassed in any other age. Our American universities are the sources of production of efficient and well-trained men for all branches of national service in times of peace or war. Upon such men as Yale has given to the country has been based the strength of the American nation."

For Future Quiet.

BRYCE DETAILS HIS PEACE PLAN.

WOULD FORM ALLIANCE AFTER WAR AGAINST RECURRENCE.

Follows Closely Lines of American Proposal but Would Provide for Concerted Action to Keep Nonmember Nations in Harmony. Scheme Now Merely Tentative.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12, 12:26 p.m.—Details of what is known as the "Bryce scheme" for a league to enforce peace were given out today by Lord Bryce, former British Ambassador at Washington. In a letter accompanying his statement Lord Bryce says the plan was drawn up by himself and a committee of prominent Englishmen two years ago, but had not been made public previously because "the time for publication did not seem to have arrived," and because opinion in England in the midst of the war had been regarded up to now as unfavorable for calm consideration of the future. The plan apparently antedates the proposal advocated by former President Taft and indorsed by President Wilson. Lord Bryce says:

THE STATEMENT.

"The entrance of the United States into the war makes it desirable that the effort of the American League to Enforce Peace should be responded to by expressions of public opinion here. I therefore venture to lay before you a scheme almost identical with that of the American league. It was prepared by a group of men here two years ago.

"The scheme is, of course, tentative, but, taken with the American scheme, it may help to draw public opinion to this important subject. Obviously no practical steps can be taken until after the war, but the idea is one which the public may well begin to consider. It has received the approval of the present and late premiers and foreign secretaries."

ENFORCE DECREES.

The Bryce plan as outlined follows closely the lines of the American proposal, but goes a step further in the direction of common enforcement of decisions and in providing for collective action against any nonmember nation which refuses arbitration or conciliation, or against a member nation which commits acts of aggression without having agreed to submit to the international tribunal.

It is suggested that the greater powers be represented in the international council by three members, to one or two for smaller powers, but Lord Bryce explains that this does not seem a point of fundamental importance, as the functions of the council would be advisory only and not executive.

PAY GUARDSMEN. SOUTH DAKOTA DECREE.

[BY A. P. DAY WIRE.]

PIERRE (S. D.) April 12.—The Supreme Court of South Dakota today granted a peremptory writ of mandamus ordering J. E. Handlin, State Auditor, to issue a warrant on the State treasury for $75,000, appropriated by the 1917 Legislature for payment of members of the Fourth Infantry Regiment, South Dakota National Guard, who served on the Mexican border. Of this amount each soldier will receive $75. Handlin had refused to recognize the appropriation on constitutional grounds.

COSTA RICA FRIENDLY. OFFER US WAR PORTS.

[BY A. P. DAY WIRE.]

WASHINGTON, April 12.—Costa Rica's waters and ports are placed at the disposition of the United States in the war with Germany, in an official communication in which that government defines its attitude to the State Department. The position taken by Costa Rica is similar to that of Panama, which also failed to declare war, but offered co-operation with the United States.

PLAN TO MOBILIZE AGRICULTURAL ARMY.

[BY A. P. DAY WIRE.]

WASHINGTON, April 12.—Plans devised by the University of Illinois to mobilize an army of agricultural workers to replace those taken by army enlistments were submitted to government officials today. The plan proposes to take into the agricultural army, men who are above military age; those of military age but physically incapacitated and boys beetween 14 and 18 for farm work during the summer.

The plan is to enroll regularly all such, give to those who do farm work on government lands the regular army pay and those who work on private farm lands under Federal supervision going wages.

FLAG DESECRATOR SERVING OUT FINE.

[BY A. P. DAY WIRE.]

NEW YORK, April 14.—Bouck White, pastor of the Church of the Social Revolution, who will complete a thirty-day sentence tomorrow for desecrating the American flag, announced from his cell today he would not pay the fine of $100 also imposed. He said he would serve a day for every dollar. Since his confinement in the Tombs it has been the duty of White and two of his companions sentenced on the same charge to raise the Stars and Stripes every morning over the entrance of the prison.

Nemesis.

GERMAN DIVER SUNK BY MINE.

Destroyed While Shelling a Horse Transport Ship.

Norwegian Crew Exposed Hours in Open Boat.

American Schooner Captured off Sardinian Coast.

[BY A. P. DAY WIRE.]

NEW YORK, April 12.—Destruction of a German submarine through striking a mine while the U-boat was shelling a British horse transport, was described here today by an eyewitness — an officer on a Dutch steamship recently arrived.

The Dutch ship was rounding the Irish coast, the officer said, when the submarine appeared and started after the British vessel some distance away. Shells from a deck gun brought the transport to a stop, and the men were taking to the lifeboats as the submarine approached.

Suddenly there was heard a heavy explosion and the U-boat was lifted out of the water and, turning in the air, plunged downward, bow first. The officers of the Dutch ship were of the opinion the submarine struck a German mine.

The American schooner M. D. Cressy, which left here April 7 for Havre with a general cargo, was sunk during a gale last Monday, when about 200 miles southeast of Sandy Hook. Second Officer George Smith and two seamen were drowned in launching a lifeboat and later the ship's cook died from exposure. Ten survivors were landed today by a British steamship.

CREW EXPOSED HOURS.

[BY A. P. DAY WIRE.]

WASHINGTON, April 12. — Exposure of the crew, including one American, of the Norwegian bark Marion, sunk without warning by a German submarine, to forty-seven hours in open boats was reported to the department today by Consul Washington at Liverpool in the following dispatch:

"Norwegian bark Marion in ballast, Limerick to Pensacola, sunk by shell fire without warning afternoon, April 6, sixteen miles west of Fastnet. No conversation with submarine. Marion not armed. Weather and sea moderate. One American on board, Albert Hutchinson, Boston. All rescued after forty-seven hours in small boats except one Russian, who fell out of lifeboat and was drowned."

The American schooner Marguerite of New York was captured and presumably sunk by a submarine thirty-five miles southwest of Sardinia April 4 and her crew, including one American, exposed forty-six hours in open boats. A dispatch to the State Department today from Ambassador Sharp, at Paris, forwarded the information from the American Consul at Tunis. The ship made no attempt to escape or resist and was refused all aid by the submarine.

SHARP'S DISPATCH.

Ambassador Sharp's dispatch follows:

"Consul at Tunis on the 10th reports schooner Marguerite, New York, 1582 tons gross, Cagliari to Algeria in ballast, De Barrenchi, New York, owner, and Charles W. Willard, South Portland, Me., master and only American on board, reported captured and probably sunk by submarine, unknown nationality, thirty-five miles southwest Sardinia, April 4, 3 p.m. No resistance or attempt to escape. No ships in sight. Ten minutes' notice. Strong wind. Tow refused. Forty-six hours in open boats, picked up by French torpedo boat, landed Biserta. No casualties. Papers held by submarine. Total crew of twelve shipped at Marseilles."

THE WEATHER ELSEWHERE.

Michigan and Wyoming Only States Reporting Snow—Much Cold Rain.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, April 12. — Michigan and Wyoming were the only States reporting snow tonight, but cold rains fell in some Middle Western States and in New York and three Southern States. Little change was noted in temperatures. Western Canada reports fresh snow. Louisiana and Missouri had very heavy rains.

Temperatures elsewhere, as officially reported by the United States Weather Bureau, were as follows:

Edwin A. McAlpin.

[BY A. P. NIGHT WIRE.]

NEW YORK, April 12.—Gen. Edwin A. McAlpin, chief owner of the Hotel McAlpin in this city, died today at his home at Ossining, aged 71. Gen. McAlpin enlisted as a drummer boy in Co. A, Seventh New York Volunteers, in the Civil War, and later became captain of that company.

PROGRESSIVES FAVOR UNIVERSAL TRAINING.

[BY A. P. NIGHT WIRE.]

ST. LOUIS, April 12.—Members of the Progressive party, in national convention here, today went on record as advocates of universal military training for the United States as an antidote for "the militarism which leads to aggressive warfare."

The position of the party was set forth in a lengthy platform which was adopted and which declared in favor of national woman suffrage, prohibition, and the initiative, referendum and recall.

The section devoted to national defense follows:

"We urge a compact among nations to dismantle navies and disband armies, but until such compact be established, recognize the necessity for maintaining an effective army and navy for defensive purposes, so organized as to eliminate political influence and corrupt profits.

"We abhor the militarism which leads to aggressive warfare and advocate as an antidote therefor the democratic principle of universal training, as applied as to distribute the responsibilities of service equally among all our citizens."

BRYAN INDORSES WILSON WAR PLANS.

[BY A. P. NIGHT WIRE.]

COLUMBUS (O.) April 12.—Unqualified indorsement of President Wilson in his war plans was given today by William J. Bryan, pacifist, in an address this afternoon at the convention of the Democratic Dry Federation of Ohio.

Great impetus will be added to the prohibition cause by the present war, he declared, for the reason that the question faced by the country will be whether products suitable for foodstuffs shall be used as food or converted into liquor, with the effect of lessening the capacity of civilians and soldiers.

DUPONT STOCK BUY ILLEGAL.

[BY A. P. NIGHT WIRE.]

WILMINGTON (Del.) April 12.—Judge W. Whitaker Thompson of Philadelphia filed an opinion in the United States District Court here today deciding in favor of the plaintiffs in the $57,000,000 Dupont stock suit. The court holds that the acquisitions of the stock by the Dupont Securities Company was illegal and that the board of directors was disqualified from passing on it. The stock was purchased by the securities company from Gen. T. Coleman Dupont for $14,000,000 and is now said to have a value of $57,000,000.

GERMAN PLOTTER IMPRISONED.

[BY A. P. DAY WIRE.]

JERSEY CITY (N. J.) April 12.—Fritz Kolb, a German, convicted of having bombs in his possession, was today sentenced to not less than three years and four months, nor more than five years in State prison. Kolb was arrested March 8, in Hoboken. It was charged that he and Hans Schwartz plotted to cause a second ammunition explosion on Black Tom Island. The jury which convicted Kolb could not agree as to Schwartz.

FOUR INDICTED AS PLOTTERS.

[BY A. P. DAY WIRE.]

NEW YORK, April 12.—Dr. Ernst Sekunna and Wolf von Igel, Germans, and Chandra Chakraberty and Heramba Gupta, Hindus, were indicted by a Federal grand jury today for alleged conspiracy in setting on foot a military expedition in this country against a friendly nation. They were charged with conspiracy to foment a rebellion in India.

COAL MINERS SEEK INCREASE.

[BY A. P. DAY WIRE.]

NEW YORK, April 12.—A conference through which 225,000 miners in the bituminous coal regions of Illinois, Ohio, Indiana and Western Pennsylvania seek wage increases ranging from 20 to 22 1/3 per cent. was begun here today. Thirty-two operators entered into deliberations with thirty-five men representing the United Mine Workers of America.

Conservation.

URGE BOY ARMY TO AID FARMERS

Would Appropriate Millions to Stop Food Crisis.

Agricultural Experts Act to Mobilize Production.

Thirty-two States Pledge Help to Government.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12.—To further its campaign for food conservation during the war the Agriculture Department today ordered distribution throughout the country of the resolutions adopted at the St. Louis conference of agricultural experts urging enlistment of an army of 2,000,000 boys to aid in increasing production and a Federal appropriation of $25,000,000 to meet the extraordinary needs of agriculture. Secretary Houston, who attended the St. Louis meeting, attaches great importance to the resulting campaign among editors of agricultural papers, professors of agriculture and others for immediate mobilization of food production and resources.

Presidents of State agricultural colleges or State commissions from thirty-two States took part in the conference, concluded last night, and pledged themselves to aid the Federal government in every way possible. A committee of fifteen was appointed to co-ordinate the campaign.

APPEAL TO FARMERS.

Widest publicity will be given the resolutions adopted at the conference because the department believes they will appeal to the farmers as representing the conclusions of the best scientific and practical thought, reached after a careful canvass of the situation.

These resolutions, made public here tonight for the first time, declare that "the situation which now confronts our country is a great emergency—the greatest, perhaps, in its history."

"Upon the farmer," they continue, "rests in large measure the final responsibility of winning the war in which we are now involved. The importance to the nation of an adequate food supply, especially for the present year, cannot be over-emphasized. The world's food reserve is very low.

"Because of the world shortage of food, it is scarcely possible that the production of staple crops by the farmer of the United States can be too great this year. There is every reason to believe that a great army will be provided for its harvest.

"To meet the extraordinary needs in this emergency we recommend that an appropriation of $25,000,000 or so much thereof as needed to be available immediately for the use of the Secretary in such manner as he may deem best. State governments can and should co-operate to the fullest degree.

NEED LABOR SUPPLY.

"One of the principal limiting elements of food production, it is declared, is the labor supply on the farm. More than 2,000,000 boys between the ages of 15 and 19 years in the cities and towns not now engaged in productive work vital to the nation constitute the most important labor resource, hitherto unorganized and unutilized, but available for this emergency.

"The resolutions declare the Secretary of Agriculture should be given authority to establish market grades and classes of farm products, including seeds and standards for receptacles for such production; and to license warehouses, produce exchanges, shipping associations and others engaged in marketing and distributing farm and food products.

"When directed by the President," it is added, "the Secretary should have power to take over and operate such of these businesses as may be warranted in a manner similar to receivership.

"The fixing of maximum or minimum prices need not be undertaken at this time, but the fact that such a course may become necessary in the future makes advisable the creation of agencies which will facilitate government action when the necessity may arise.

KIPLING'S POEM ON AMERICA AT WAR.

[BY ATLANTIC CABLE—DIRECT WIRE—EXCLUSIVE DISPATCH.]

LONDON, April 12.—The latest poem by Rudyard Kipling on America's entry into the war has just appeared and is as follows:

[Copyright, 1917, by Rudyard Kipling.]

THE CHOICE.

(By Rudyard Kipling.)

The American spirit speaks!
To the judge of right and wrong
With whom fulfilment lies,
Our purpose and our power belong,
Our faith and sacrifice.

Let Freedom's land rejoice
Our ancient bonds are riven
Once more to us the eternal choice
Of good or ill is given.

Not at a little cost,
Hardly by prayer or tears,
Shall we recover the road we lost
In the drugged and doubting years.

But after the fires, and the wrath,
But after searching and pain,
His Mercy opens as a path
To live with ourselves again.

In the gates of death rejoice,
We see and hold the good—
Bear witness, earth, we have made our choice
For freedom's brotherhood.

Then praise the Lord Most High,
Whose strength hath saved us whole,
Who bade us choose that the flesh should die
And not the living soul.

The Machinery of the Body.

(BY DR. I. W. SHORT)

The body is a highly organized machine of complicated parts in which the liver and kidneys work for the common good. Damage to either one of these organs interferes with a man as a motor mechanism. The automobile expert knows how important it is that the carburetor does not get too much fuel, along with sufficient air to burn or explode the gas. Too much fuel in a man's machine, such as eating too much meat, or alcohol or tea, and the liver cannot "turn-over," nervous overwork and lack of exercise in out-door air bring constipation and bad health. Eat less meat, plenty of vegetables, and with air and good exercise you need little else. If the liver needs rousing—and most of us need this once a week—take a safe vegetable extract of the leaves of aloe, Mayapple, root of jalap made into a tiny sugar-coated pill, and sold by almost every druggist as Dr. Pierce's Pleasant Pellets—first put up nearly fifty years ago.

Most people die eventually of an over-acid condition. If the blood can be rendered more alkaline the longer we live. With regular hours, plenty of water between meals, sensible coarse food and a chance to get the poisons out of the system, a man will live to be a hundred. But, unfortunately, our highly nervous way of living brings increased storage of uric acid in the body. This acts as a poison, and we suffer from lumbago, aches or pains, rheumatism, gout.

Get rid of this uric acid poison by taking a harmless medicine called Anuric, which throws out the uric acid by stimulating the kidneys. Drink a pint of hot water before meals and take Anuric (double strength,) three or four times a day. Anuric can be obtained at almost any drug store.

While the country's naval and military departments are fast mobilizing the defensive arms of the nation, it is the supreme duty of every loyal American to make possible the continuance and success of these activities by rendering the country's financial condition absolutely sound.

It will not be necessary for every citizen to carry arms or go into this war actively; but it is imperative that everyone economize and save, so that the money power of the country can withstand any assault.

This is America's war—your war—and you must help to win it by doing "your bit"—financially.

FEW AMERICAN-BORN REMAIN IN GERMANY.

[BY ATLANTIC CABLE AND A. P.]

AMSTERDAM (via London) April 12, 6:43 p.m.—The Rheinische Westfalische Zeitung says that the Spanish Legation in Berlin has ascertained that there are 442 American citizens in Germany, of which 189 are men, 175 women and seventy-eight children. Of the total number forty-six are students and 145 business men, dentists, doctors, artists, etc. Only 186 of the 442 were born in America. The newspaper says:

"These Americans, who have turned their backs on the old country possibly to escape military service, now claim the right of hospitality here, while their hearts and tax bills belong overseas. Perhaps the noble prince of peace Wilson will claim them back to help American militarism fight German militarism. Students continue their studies here, which is comprehensible, as we still are treating Americans as of the elect."

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If tongue is coated give "California Syrup of Figs."

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of the harmless "fruit laxative" and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine made by "California Fig Syrup Company."

The Legislature.

HOUSE DEFEATS ROMINGER BILL.

Hard-fought Contest Ends with Victory for Wets.

Dry Floor Leader will Move for Reconsideration.

Senate Declines to Put Stop to Political Work.

[BY A. P. NIGHT WIRE.]

SACRAMENTO, April 12.—Senator J. A. Rominger's anti-saloon and ardent-spirits bill went down to defeat in the Assembly late today, 46 to 32, in the hardest-fought contest of the session.

Lacking nine votes to put the Senate measure on the statute books, Dennett of Modesto, who led the fight for the drys in the lower house, nevertheless announced that he would move for reconsideration.

The wets in the Assembly maintained their organization, developed last week, without loss of a vote. It is not considered probable that the Rominger supporters will succeed in altering today's decision.

The gallery, lobby and floor of the Assembly were packed with spectators during the four-hour debate.

OPENS DEBATE.

Assemblyman Dennett opened in support of the Rominger bill. He declared the issue to be one squarely of saloon or no saloon. Other proponents of the measure, which sought to abolish saloons entirely and limit the alcoholic content of sealed-package liquors, declared it to be the last stand of the liquor guard, and called upon middle-of-the-road reformers to save the State from total prohibition at some subsequent election.

"I charge you to see the handwriting on the wall," exhorted Smith of Oakland, in this connection.

"It is a bill born in selfishness, conceived in iniquity," retorted Morris of San Francisco. Bruck of St. Helena declared that the Rominger measure was totally inadequate as a reform measure. Ryan of San Francisco urged that the whole question be left to the people at the polls.

The wets sprang a mild surprise when Merriam of Long Beach, fellow-townsman of Senator Rominger, and himself author of several liquor regulatory measures, took the floor against the bill.

"I am afraid that a little more than the legal per cent. of alcohol will find its way into beverages and greatly strain the consciences of our druggists," he said. The roll call was as follows:

THE ROLL CALL.

Ayes—Allen, Ambrose, Argabrite, Baldwin, Bartlett, C. H. Brown, Burke, Carlson, Dennett, Doran, L. Green, Hawson, Horbach, Hudson, A. Johnson, Kline, Knight, Kyle, Long, Lyon, Martin, Pettis, Pettit, Polsley, Satterwhite, Shepherd, Smith, Watson, Williams, Wills, Wishard, Wright, Young—32.

Noes—Anderson, Arnerich, Ashley, Baker, Brackett, T. V. Brown, Bruck, Byrne, Calahan, Collins, Edwards, Ekward, Farmer, Finley, Friedman, Gebhart, Gelder, Godsil, Goetting, C. W. Greene, Harris, Hans, D. R. Hayes, J. J. Hayes, Hilton, J. W. Johnston, C. W. Lyon, Harry Lyons, McCray, Madison, Manning, Marks, Mathews, Merriam, Mitchell, Morris, Morrison, Mouser, Parker, Phillips, Quinn, Ream, Rose, Ryan, Vicini, Yonkin—46.

Not voting—Prendergast, Tarke.

Prendergast of San Francisco today offered for introduction a concurrent resolution calling for an investigation of the expenditure of State school funds.

Speaker Young tonight called the first night session for the consideration of routine legislation.

CASH FOR NORMAL SCHOOL.

The transfer of the San Francisco State Normal School from its present site at Buchanan and Walter streets to the California Building at the exposition grounds, with necessary appropriations, was approved by the Assembly.

Appropriations totaling $488,000 were voted by the Assembly at the behest of Marks of San Francisco. Of this sum $200,000 represents the State's share in exposition profits which were voted for the Normal School project by the 1915 Legislature. The balance represents a $150,000 loan sought from the State to the school trustees pending sale of the Buchanan-street property, to be spent in making the exposition building habitable and $138,000 is required as an addition to the purchase price of the exposition site land, under a recent court valuation.

GRANT SALARY RAISE.

The Assembly by forty-five to fifteen voted to increase the salary of State Insurance Commissioner from $4000 to $6000 a year. The bill was introduced by Prendergast of San Francisco. Alexander McCabe, private secretary to former Gov. Johnson, is the present Insurance Commissioner.

IN THE SENATE.

Appointive officers of the State may continue to participate in political conventions or campaigns unchecked by any law of the Legislature by reason of the Senate voting 21 to 7 today against a bill jointly introduced by Senators Duncan, Purkitt, Shearer and Irwin, which proposed to prohibit such political activity. The majority of the Senate refused from the start to accept the measure seriously, and with the declared purpose of "shaking it as ridiculous as possible," Inman of Sacramento recently amended it a few days ago to include all appointive officers of the Federal government.

Despite the majority's hostile attitude, Duncan, Irwin, Purkitt and Stuckenbruck waged a long fight for the bill. Inman and Kehoe championed certain appointive officials who were alleged to have absented themselves in the interest of candidates for office. Shearer of Yreka was the only one of the four authors of the bill who did not take part in the debate.

After the defeat of the bill the Senate attacked its daily calendar and with a minimum of debate succeeded in disposing of twenty-three bills, proposed constitutional amendments and resolutions. Among the bills passed was a measure by Kehoe, introduced at the request of the Inheritance tax department, exempting a wife's share of community property from the operation of the inheritance-tax laws. The present law exempts community property valued at $24,000 or less.

TO STRENGTHEN AMENDMENT.

A proposed constitutional amendment by Luce of San Diego, which supplements the constitutional act which created the Industrial Accident Commission, was adopted, 37 to 4. Luce explained that the original amendment, adopted several years ago, was hastily drawn and it was now desired to confer on the Legislature such powers as may be required to strengthen the authority of the Industrial Accident Commission.

Two bills by Ballard of Los Angeles authorizing the establishment of junior colleges at the expense of the State and counties interested were passed, 27 to 2. The junior colleges would include the first two years of courses now given by the universities. Jones of San Jose, who urged the bills, said that such institutions were necessary as a remedy for overcrowding of the universities. He said that seven junior colleges already were in operation in the State, but that legislative action was required to legalize their existence and create additional junior colleges.

MINORS MAY DRIVE.

The Senate defeated, 24 to 10, a bill by McDonald of San Francisco, to prohibit the employment of minors under 18 years of age as drivers or operators of any vehicles on the streets or public highways.

Among the bills passed were the following:

By Lyon—Prohibiting the issuance of checks to employees on banks outside of counties where work has been done.

By Rigdon—Permitting Supervisors to travel at county's expense when engaged in county business.

By Slater—Authorizing the Board of State Harbor Commissioners to acquire Mission Rock in San Francisco Bay to improve dock facilities.

By Stuckenbruck—Appropriating $500 for portrait of former Gov. Hiram W. Johnson.

By Breed—Appropriating $100,000 for medical teaching in the University of California.

WOMEN'S LEGISLATION.

Amendments to the community property laws, as recommended by the legislative council of the California Federation of Women's Clubs and introduced in a bill by Luce of San Diego, were approved by the Senate today by a vote of 26 to 8 and transmitted to the Assembly. The bill grants married women larger powers in the management and disposition of community property. Under the present law the husband has the management and control of the property and is permitted to convey it without the signature of the wife. The only restriction upon his right to convey the community property is that he cannot make a gift of it, but must receive in return a consideration of value.

Under the provisions of the Luce bill, as explained by its author, the management and control of the property is retained by the husband, but in the disposition of community real property the wife must join with her husband in any deed conveying it. If the husband conveys community property to another person, the bill provides that the wife may bring action to set aside the deed, which was executed without her knowledge or consent, upon establishing her proof of marriage.

The community property measure is the second recommendation of the legislative council that has been approved by the Senate. A short time ago the Senate passed a bill legalizing the impaneling of women for jury service.

The Senate also passed a bill today providing for a system of State insurance on public buildings under the direction of the Board of Control and the Controller. State institutions alone would be affected.

STEPHENS MAKES SPEECH.

Gov. William D. Stephens officiated as host today at a luncheon given to members of both houses of the Legislature at the Hotel Sacramento. The Governor in a brief address complimented the members for their efforts to advance important legislation. Responses were made by leaders of the Senate and Assembly.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

STATE FIGHTS BOOTLEGGERS.

"Dry" Law Now Vigorously Enforced by Officials.

Illicit Stocks Seized and Owners Prosecuted.

Miles of Road are Built by Convicted Sellers.

[SPECIAL CORRESPONDENCE.]

PHOENIX (Ariz.) April 11.—Prohibition appears to be prohibiting in Arizona. Since the last election, wherein the voters showed conclusively that the liquor traffic cannot be restored in the State under present conditions, officers of the law seem to have become energetic in all sections. Theretofore there had been apathy in a number of counties where public sentiment had been assumed against prohibition. Indeed, in several counties the Sheriffs had been men directly interested in the management of saloons. Most of the candidates for office at the last election were "lined up" by the prohibitionists, and every pledge made now appears to have been sincere.

During the month or more that elapsed between the last election and the Governor's proclamation in December immense stores of liquor came into Arizona from outside States. Most of this appears to have gone into private cellars. Today the professional bootlegger is getting his supplies by automobile. On this account the prohibition forces pushed, though unsuccessfully, a bill for creation of a ranger force, to patrol the main highways leading from California and New Mexico.

Probably several hundred arrests have been made of illicit importers who have tried to slip across the State lines with autoloads of booze, yet it is told that the officers of Cochise county believe they have caught hardly a tenth of the liquor runners.

CAPTURE AUTOMOBILE.

A late capture was of 600 bottles of beer, taken near Forrest Station, after its owners had escaped into the hills, when stopped at night, leaving to the State a costly six-cylinder automobile. The next day the freight was broken and destroyed on the boulders of a creek bed. Near Douglas, a Mexican, who fled when stopped with a wagonload of whisky, concealed under hay, was killed by a bullet which an officer had not aimed with deadly intent. On the same road, west of Rodeo, N. M., "Doc" Johnson of Apache was arrested with two wagonloads of sacked kaffir corn. Investigation showed that 200 pints of whisky had been concealed in the sacks. Johnson swears he didn't know the booze was there. One Andy Johnson, at his home near Bisbee, later was apprehended with 2400 pints of whisky in his cellar.

BOOTLEGGER BOULEVARD.

According to County Attorney Ross, a seven-mile road into Tombstone has been renamed "Bootlegger boulevard," or "The Way of the Transgressor," for it has been constructed by the labor of convicted bootleggers, with as many as sixty in the gang at a time, most of them former barkeepers, whose hands were a bit soft for the work. In series was the conviction of fifty-six of such offenders. The fines collected have more than paid the attendant detective, court and maintenance expense.

At Flagstaff a few days ago a dragnet took fourteen illicit liquor sellers, together with large stocks of liquor. Much of the alleged "bonded" whisky found was in bottles that had been refilled. In one pool hall Sheriff Dickinson found nearly 1000 pints of whisky, apparently lowered to the customer through a hole in the ceiling from a storage attic. From another poolroom was taken a wagonload of bottled wine. Seventy-three specific charges have been filed against the accused men, through evidence secured by a Los Angeles detective agency.

Local conditions developed caused the Flagstaff City Council to order denial of "soft-drink" licenses to all poolrooms and to cut the number of such refreshment places to four in the entire city.

WOMAN RUNS WHISKY.

Near Tucson seizure was made of eight cases of whisky, on an auto truck together with a trunk of women's effects. Soon thereafter the Sheriff was called upon by a woman, who asked for return of the property. She said, "Every cent I had in the world was invested in that shipment. I ought to have a chance to get my money back." But Sheriff Miles was obdurate.

In Phoenix a wealthy contractor, who was caught bringing several dozen bottles of whisky into the State from Los Angeles, pleaded that he had violated the law for the benefit of his sick wife. The story had weight with the court, which inflicted a suspended sentence of two years' imprisonment.

Much ingenuity is being manifested in evading the law. At Globe a keg of liquor was found in the center of a barrel of asphalt. At a northern railroad station a steel drum, supposed to contain about 100 gallons of distillate, had that fluid only at the bung end. The balance of the space was filled with liquor. At Phoenix in a Japanese lodging-house sixty pints of whisky were found imbedded in that number of baskets of bean paste.

Interstate shipments of liquor pass through Arizona, and are sometimes molested by thirsty Arizonans. Forty cases were taken from a train at Douglas, while at Tucson four trainmen were arrested for alleged breaking into a California car and taking several bottles of whisky.

Before passage of the second prohibition constitutional amendment the State could lay no legal claim to confiscated liquor. Now it is being destroyed, except when needed for evidence. Lately in Clifton at least $50,000 worth of liquor was poured out into the sewer, and at Flagstaff 1000 gallons went the same route.

JAIL WILSON TRADUCER.

SAN FRANCISCO, April 11.—Carl Nelson was sentenced to thirty days in the County Jail by Police Judge Matthew Brady here today for denouncing President Wilson during a street argument.

STENOGRAPHER SHOOTS HER EMPLOYER'S WIFE.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 12.—Miss Melia Merriman, a stenographer, shot Mrs. Nancy Forsland, the wife of Charles H. Forsland, her employer, in the neck today when Mrs. Forsland entered her husband's office to get property which she said belonged to her.

Mrs. Forsland will recover, but Miss Merriman was charged with assault to murder. Mrs. Forsland said she was suing for divorce.

LOYALTY PARADE IN SAN JOSE.

[BY A. P. NIGHT WIRE.]

SAN JOSE, April 12.—Nearly 12,000 men, women and children marched here today in a loyalty parade, during which all business houses, including saloons, were closed.

TREASONABLE TALK CHARGED TO GERMAN.

[BY A. P. DAY WIRE.]

NEW YORK, April 12.—Charged with uttering treasonable remarks against President Wilson, John Wehnau, for years employed as an expert machinist at the New York navy yard, today was held in $10,000 bail by a United States commissioner. He pleaded not guilty and will be arraigned in the Federal Court.

Wehnau was born in Germany, but claims American citizenship.

SENTRY SHOOTS AT PROWLER. HAS DUEL NEAR OIL TANKS.

[BY A. P. DAY WIRE.]

PORTLAND (Or.) April 12.—Private W. A. Stanchfield, an Oregon militiaman on guard duty at a government post near here, reported today he engaged in a running duel with a masked man he discovered shortly after midnight in the darkness alongside an oil storage warehouse next to a government building, where $40,000 worth of army supplies are stored. Stanchfield said he fired seven shots and heard the pursued man fire one. None took effect.

SHOOTS HER HUSBAND.

Wife Tells Police She Fired when He Returned Unexpectedly.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, April 12.—Wallace Doremus, a commercial traveler, returning home unexpectedly early today, was shot twice after a struggle with a friend who was in the house. His wife, Minnie, told the police she did the shooting. Physicians said Doremus could not live.

H. P. Agmar, a contracting painter, also was arrested. The police found a bloody shirt in his room, and Agmar said, according to police officials, that Doremus, entering with an automatic pistol, had started beating him over the head, when Mrs. Doremus drew a pistol from under her pillow and began shooting. The automatic pistol was found unloaded.

BOYS OF PRESTON EAGER FOR SERVICE.

[BY A. P. DAY WIRE.]

SACRAMENTO, April 12.—Gov. William D. Stephens received today voluntary offer from more than 300 boys in the Preston School of Industry at Ione, to serve their country and their State in the war. The offer was made through the board of trustees of the State school, which now is an educational institution and not a penal school. The action of the boys followed information recently received that a national body having to do with such institutions was about to make a survey of California schools to ascertain the strength represented for possible military duty.

The Preston school boys offer a fully-recruited company of infantry. They have had no target practice but are well drilled and with a little training would be ready to take the field, according to the trustees. The offer will be referred to the State Council of Defense.

GOVERNOR COMMENDS "ADVERTISING" DAY.

[BY A. P. NIGHT WIRE.]

SACRAMENTO, April 12.—Gov. William D. Stephens, in a proclamation issued today, commended to the people of the State recognition of Monday, April 30, as advertising day.

"The importance of advertising in our economic life is not to be overestimated," says the Governor. "We of California have particularly come to have an appreciation of it because of the results achieved in increasing our population and in extending the markets for our products. I am glad to give encouragement, so far as I may, to those who are seeking to place the calling of the advertising man on the high plane which is the aim of the various advertising clubs that have been formed in our leading cities."

POWER CONCERN WOULD BOND

[BY A. P. DAY WIRE.]

SAN FRANCISCO, April 12.—Authority to issue $800,000 worth of bonds, $210,000 to be sold immediately for cost of improvements, was asked of the California State Railroad Commission today by the Midland Counties Public Service Corporation, which operates in Monterey, Santa Barbara, Fresno and San Luis Obispo counties.

The San Joaquin Light and Power Corporation asked the commission for authority to issue $1,000,000 in ten-year debentures and to place a $4,500,000 mortgage on its property.

MRS. WILSON REDUCES HER SOCIAL EXPENSES.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12. — Mrs. Wilson, wife of the President; Mrs. Marshall, wife of the Vice-President, and the wives of members of the Cabinet have agreed to reduce their scale of living to the simplest possible form in order to set an example to other women of the country.

The women will omit the usual formal entertaining and calling and reduce to the minimum their social activities, so they can give more time and money to constructive preparedness and relief work.

They have agreed to pledge themselves to buying inexpensive clothing, simple food, and to watch and prevent all kinds of waste. Today they informally appealed to all the women of the country to join them.

Miss Margaret Wilson is singing in concerts for the benefit of the Red Cross.

LLOYD GEORGE ON AUTOCRACY.

The War Now on will End it Forever, He Declares.

Gives His Opinions to London Meeting of Citizens.

Sure that New Alignment Spells Final Success.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12, 3:07 p.m.—Addressing the American Luncheon club today Premier Lloyd George said the advent of the United States in the war had given the final stamp and seal to the character of the conflict, which was a struggle against military autocracy.

The Premier said he was not sure that America had taken time to make up her mind as to the character of the struggle, having regard to the fact that most of the wars in Europe in the past had been waged for dynasty aggrandizement and conquest.

"Early in the war, Mr. Lloyd George continued, the United States could not comprehend what had been waged in Europe for years from a military caste in Prussia. Happily that Prussia was not a democracy, but that Emperor William had declared it would be after the war, he added: "I think the Kaiser is right."

THE GUESTS.

The luncheon, held to celebrate the entrance of the United States into the war, brought together the most distinguished gathering in the history of the club. The guests included Chancellor Bonar Law, Colonel Spencer Churchill, Lord Derby, Gen. Smuts, Lord Derby, Sir James Bryce, Walter Hume Long, the United States Ambassador, Marquis Imperiali di Francavilla; the Cuban Ambassador, Garcia y Velez, and Herbert C. Hoover, chairman of the American Commission for Relief in Belgium.

Premier Lloyd George, the guest of honor, delivered the principal address after a brief introduction by Ambassador Page. The Premier received a tremendous ovation when he entered the room.

PREMIER'S SPEECH.

The following is the text of Mr. Lloyd George's speech:

"I am in the position, in the unique position, of being, I think, the first Prime Minister of the land who, speaking on behalf of the people of this country, could associate the American nation as comrades in arms. I am glad not only of the stupendous resources which this nation will bring to the succor of the Allies, but I rejoice as a democrat that the advent of the United States into this war has set the final stamp to the character of the conflict as a struggle against military autocracy throughout the world. That was the note struck through the great deliverance of President Wilson's.

"The United States of America, of course, is not a military tradition never broken, has engaged in war except of liberation and for conquest. This is the greatest struggle in every that they ever have engaged upon. I am not at all surprised when one recollects the wars of the past, that America took its time to make up its mind about the character of this struggle in Europe. Most of the great wars in Europe were waged for dynastic settlement and for conquest. It is no wonder that when this great struggle started there were some elements of suspicion still lurking in the minds of the people of the United States of America, that there were many who thought perhaps things were at their old tricks. There is it as in the nature of a democracy to be somewhat, perhaps, reluctant to see the danger which, like that of monarchial swashbuckling militarism. That the United States of America has made up its mind finally and irrevocably is clear to the world, and that this is no struggle of that character, but a great fight

LLOYD GEORGE ON AUTOCRACY.

War Now on will End it Forever, He Declares.

Hia Opinions to London Meeting of Citizens.

that New Alignment Spells Final Success.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12, 3:07 p.m.—Speaking the American Luncheon today Premier Lloyd George said the advent of the United States into the war had given the final stamp and seal to the character of the conflict, which was a struggle against military autocracy.

The Premier said he was not surprised that America had taken time to make up her mind as to the character of the struggle, having regard to the fact that most of the wars in Europe in the past had been caused for dynasty aggrandizement and conquest.

"As to the war, Mr. Lloyd George continued, the United States could not comprehend what had been going on in Europe for years from the military caste in Prussia. Say-ing that Prussia was not a democracy, that Emperor William had declared it would be after the war, and that 'I think the Kaiser is right.'

THE GUESTS.

The luncheon, held to celebrate the occasion of the United States entering the war, brought together the most distinguished gathering in the history of the club. The guests included Chancellor Bonar Law, Col. Lancelot Spencer Churchill, Lord Curzon, Gen. Smuts, Lord Derby, Sir Alfred Mond, Sir Walter Hume Long, the Spanish ambassador, Marquis Ito, the Japanese ambassador, Marquis Ishii, Admiral Francisullis, the Cuban minister, Dr. Garcia y Veles, and Herbert Hoover, chairman of the American Commission for Relief in Belgium.

Premier Lloyd George, the guest of honor, delivered the principal address after a brief introduction by Ambassador Page. The Premier received a tremendous ovation when he entered the room.

PREMIER'S SPEECH.

Following is the text of Mr. Lloyd George's speech:

"In the appeal from the hon-orable gentleman to the recruiting fund for the First Artillery there is note that one of the Tucson companies is composed almost wholly of Spanish-American citizens, many of them born in this city.

One effect of the war upon Arizona in its effect in holding down the assets of our copper bullion. It is understood that bullion valued at several million dollars now lying in the afternoon following the dress inspection of the morning the cadets have been given addi-drill of late and the showing is believed the best ever made.

The school is one accredited by the War Department, with military instruction under Col. LeRoy S. U.S.A., retired. Heretofore has been compulsory only in the two years. Now the upper men have organized a company, will be added to the battalion, students have started upon to a reserve officers' corps or-ganized by Col. Brown. Many of the faculty have organized rifle club, with members thirty-six, and are drilling and taking training on the rifle. Study of the mobilization of dustrial and food resources of has been taken up by the dent and faculty, under military struction.

GET MACHINE GUN.

The city of Tucson, nearly 1000 men now are in the rifle club and these organizations, is to have a gun, for which a motor truck just been donated by Monte field. Another warlike note suspension of meetings of Women's Civic Club, the to take up Red Cross work.

In the appeal from the hon-recruiting fund for the First Artillery there is note that one of Tucson companies is composed most wholly of Spanish-citizens, many of them born in city.

One effect of the war upon sons in its effect in holding down assets of copper bullion. It understood that bullion valued several million dollars now lying in the afternoon following the dress inspection of the morning cadets have been given addi-drill of late and the showing is believed the best ever made.

The school is one accredited

Storm Delays Dash.

(Continued from Second Page.)

about the Von Hindenburg retreat. It has been claimed the retirement was according to plan and that as a result the British calculations had been upset and the Germans were in a position to give battle whenever they desired.

"Let me tell you how much the British plans were upset. On February 20, I was in France and at the time saw on paper the plans for the very offensive which the British are now carrying out, including the assault on Vimy Ridge. Arrangements had been made at that time to begin the attack on April 8, but this was postponed until the 9th on account of the weather. This shows that we are conducting our affairs according to schedule.

"Things are going well, and the prospects look bright.

"That the Germans had not only not weakened their line in this section, but had strengthened it is apparent. I call your attention to the fact that we took 10,000 prisoners in the first twenty-four hours, which is the greatest number we have taken in a corresponding time and is indicative of the strength of the Germans here."

Gen. Maurice's attention was called to the fact that the German military experts were claiming the battle of Arras to be the decisive conflict of the war.

"I suppose the experts have got to have something to write about," said the general with a laugh, "but it is impossible to say at this time that the battle will be the decisive one. It may be stated with certainty, however, that the battle of Arras will have a far-reaching effect."

CAVALRY ENGAGED.

[BY ATLANTIC CABLE AND A. P.]

BERLIN, April 12 (via London.)—British attacks participated in by cavalry and armored cars to the north of Monchy yesterday, says the official statement issued today by the German army headquarters staff, broke down with heavy losses.

From Soissons to Rheims, the German statement adds, the artillery firing increased to great violence. In the western Champagne the artillery firing is increasing.

Yesterday the French and British, according to the statement, lost twenty-four airplanes on the western front.

"On the northern bank of the River Scrape," the German statement says, "British attacks in Vimy and Fampoux during a violent artillery fire were repulsed.

"To the south the enemy brought forward strong forces for a thrust. After frequent assaults Monachy was lost. To the north there were British attacks."

THE BRITISH REPORT.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12.—The British forces in France southeast of Arras today captured the villages of Wancourt and Heninel and adjoining positions, and also made progress north of the Scrape River and on the last portion of the Vimy Ridge held by the Germans, according to tonight's official communication.

The communication says:

"South of the Arras-Cambrai road our troops this afternoon stormed the villages of Heninel and Wancourt with their adjoining defenses and crossed the Cojeul River and occupied the heights on the eastern bank.

"Further progress also was made during the day north of the Scarpe and on the last Vimy ridge. Our gains reported this morning north of Vimy Ridge have been secured and our positions strengthened.

"In the course of patrol encounters last night northeast of Epehy, in which we secured a few prisoners, a large enemy detachment came under the effective fire of our infantry and suffered heavy casualties.

"During the fighting Monday and Tuesday we captured prisoners from all the infantry regiments of six German divisions, namely, the Seventh Reserve Division, First Bavarian Reserve Division, Fourteenth Bavarian Division, Eleventh Division, Seventeenth Reserve Division and Eighteenth Reserve Division. The number of prisoners from each of these divisions exceeds 1000.

"In spite of the exceedingly bad weather for more aerial work our airplanes were active again. They seized every opportunity to harass the hostile troops. One of our scouts was heavily attacked by a number of hostile airplanes, and did exceptionally well.

"Without suffering any losses itself it destroyed three attacking machines and drove down three others in a damaged condition.

"Altogether four German airplanes were brought down yesterday and five others were driven down damaged.

"Six of our machines failed to return; three others were brought down."

CLAIM OF GERMANS.

The Reuter correspondent at British headquarters adds:

"The Germans are claiming they took a thousand prisoners as the result of a counter-attack at Bullecourt, but I have reason to believe that this statement is as wild as most of their recent announcements to this effect."

In the official statement at Berlin by the German War Office yesterday was this paragraph:

"East of Bullecourt and near Hardicourt, northwest of St. Quentin, a thousand English prisoners, together with twenty-five machine guns, were captured."

ON OTHER FRONTS.

[BY ATLANTIC CABLE AND A. P.]

PETROGRAD, April 12 (via London, 3:03 p.m.) (British Admiralty, per Wireless Press.)—"On the western (Russian) Rumanian and Caucasian fronts," the War Office announced today, "there were scouting reconnaissances and reciprocal firing."

THE PARIS REPORT.

[BY ATLANTIC CABLE AND A. P.]

PARIS, April 12.—Tonight's official communication reads:

"There is nothing to report except some activity by both artilleries, especially south of the Oise and north of the Aisne. There have been rain and snowstorms along the greater part of the front.

"Belgian communication: At various points on the Belgian front a feeble cannonade was in progress.

"Eastern theater: April 11 the enemy artillery was quite active in the sector between Monastir and the Cerna."

BERLIN VERSION.

[BY ATLANTIC CABLE AND A. P.]

BERLIN (via London) April 12.—The official communication issued this evening says:

"Strong English attacks near Souches and thrusts near Fampoux failed.

"Lively artillery activity continued near St. Quentin and there was considerable firing between Soissons and Rheims."

OUTGREW HER STRENGTH

A fine, tall daughter, the pride of her parents, may have grown too fast. If, with her height, she is calm, even-tempered, rosy, with bright eyes and a springing footstep, you have nothing to fear for your girl. But this rapid growth is sometimes gained at the expense of her strength. Wayward temper, a constant hunger for sweets, headaches, and a pain in the back and side after a little healthy exertion mean that instead of entering womanhood smoothly and without disturbance, as she should, she is paying already the penalty of thin blood. Watch for moods. Look, after she has climbed a hill or run upstairs, for breathlessness, a color that comes and goes, and a heart that beats fast and painfully. These mean anemia, and an anemic girl will never make a healthy, blooming woman. She is bloodless. Let her have Dr. Williams' Pink Pills for Pale People. Soon a better appetite, bright eyes, calm temper and fresher color in lips and cheeks will tell you she is making new blood. Then all will be well.

"Building Up the Blood" is a useful booklet that will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills. Price 50 cents.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whittling at his corns, but clip this out and make him try it.

—these are the Clothes you Want

IT doesn't matter about your build—we have here the right clothes for you, whether you are regular, short, stout, slender or very tall. Hart Schaffner & Marx know these types and they have produced models that are better suited for them all, as to the fit and your entire satisfaction, we guarantee that.

Young men want the famous Varsity Fifty-Five models or the new sport styles, because they are clothes that embody that youthful, care-free, informal, lively spirit. Older men, young in spirit like these styles too.

There are styles for all types of men in

Hart Schaffner & Marx (ALL WOOL) Clothes

For Young Men and Men Who Stay Young

Here you will find the newest and best developments in the famous Varsity Fifty-five models; new creations in belt-back suits, in belt-all-around and weightless variations, together with dignified styles for older men who imagine that they are hard to fit.

Hart Schaffner & Marx use nothing but ALL WOOL fabrics in their clothes; that's an important point these days, when so many fabrics are mixed with cotton. All of the cloth used in these clothes is carefully tested by experts as it comes from the mills. If any material other than wool and silk is found in the fabric it is promptly rejected.

When you consider this high standard of quality and the double guarantee of fit and satisfaction (theirs and ours) you will appreciate that clothes of this character and this quality are the best and most economical that you can buy.

"The Store with a Conscience"

GIRL EAGER TO SCOUT FOR U. S.

Young Woman of Redlands is Anxious to be Motorcycle Messenger.

[LOCAL CORRESPONDENCE.]

REDLANDS, April 12.—Miss Minnie E. Waddell of Orange street, who for several years has been an enthusiastic motorcycle rider, is the first woman in the State to offer her services as a motorcycle scout or messenger in the Motorcycle Defense Corps being organized by J. B. Swisher, county motorcycle officer. She told Swisher she has ridden a motorcycle for five years and can handle one as well or better than most men.

Swisher has received volunteers from every part of the county and the corps will probably have more than 100 members, who will be ready to do messenger or scout work, or answer any urgent calls. Several former members of the National Guard, who are not now eligible for that organization, have joined the Motorcycle Corps.

Irritated.

DELAY ANNOYS COUNT TOLSTOY.

FINDS THINGS UNREADY WHEN HE WANTS TO HURRY AWAY.

Anxious to Leave Long Beach for New York He Finds His Departure Slightly Hindered Because His Lecture Receipts Had not been Fully Counted.

[LOCAL CORRESPONDENCE.]

LONG BEACH, April 12.—Count Ilya Tolstoy, distinguished Russian artist, writer and lecturer, who spoke on the Russian revolution at the Municipal Auditorium last night, exhibited annoyance this morning in the lobby of Hotel Virginia, over delay in the distribution of his lecture receipts and presentation of his hotel bill. The Count was anxious to leave Long Beach early today for New York, where he is scheduled to make several lectures before returning to his native land, and the delay seemed to irritate him.

The first thing that ruffled the noted author's disposition was the fact that his share of the lecture receipts of the night before had not been fully counted and was not ready for him. The Count expostulated and, in an effort to hurry matters, he reached under the cashier's window and took a portion of the funds being counted out for him, which served to further confuse matters and delay the distinguished visitor's departure.

The Count was displeased, also, when he found his hotel statement was not prepared for him. "Why must I have a bill?" he inquired of the cashier. "Why don't you just tell me how much it is, so I can pay and go?"

PREPARE PROTEST.

A number of senior students of the Long Beach Polytechnic High School are preparing a petition and protest against the action of the members of the Board of Education in not awarding diplomas to students who have enlisted in the army and navy. While the matter did not come to a vote, the board delayed action on the question, pending word from Berkeley as to whether the local students awarded diplomas before the expiration of the full term will be received in full standing.

HIGH SCHOOL BOYS HELP BREAK STRIKE.

[LOCAL CORRESPONDENCE.]

AZUSA, April 12.—With half the Mexican orange picking crews of Azusa and Glendora out on a strike, the growers awoke this morning to the seriousness of the efforts of agitators who yesterday invaded their groves. Despite the arrest of these men, many of their countrymen failed to appear this morning. In no case was more than half a crew reported, and many growers had no men to pick.

A hurried meeting was held of the High School board, and permission given to the principal to allow school boys to be sent into the groves. Thirty boys of the upper grades went to the Glendora district, and by noon seventy had gone into various groves. This left but a handful of boys in the school, and the older girls offered to form crews and help break the strike. The offer was refused by the principal, as the crews were fully made up.

SAYS MEXICANS LOYAL.

[LOCAL CORRESPONDENCE.]

PORTERVILLE, April 12.—Santos de Baca, Spanish resident of this city, who frequently acts as court interpreter in cases in which Mexicans are involved, declares the large number of residents of the Mexican local near this city are all loyal to the United States. He says if trouble came between Mexico and America these Mexicans would enlist under the American flag.

TRUSTEES ELECTED.

[LOCAL CORRESPONDENCE.]

SAN LUIS OBISPO, April 12.—Several school elections have been held throughout the county during the past few days. In the Ascension district Timothy O'Neil was elected trustee. George Booker of Bethel and C. A. Nidever of Oak Dale were elected trustees of the Templeton High School. Mrs. Bertha Bloomer was elected trustee for the Park Hill district at the election at Santa Margarita, and Mrs. E. L. McCool was elected school trustee at Avila.

PAVE LATERALS.

[LOCAL CORRESPONDENCE.]

TULARE, April 12.—Plans and specifications have been adopted by the Council for additional street paving, the estimated cost of which is $35,000. An important feature of the work will be paving those streets which lead from the business district to the city limits to connect with the State highway.

Experienced.

SEND PICKED MEN UP NORTH.

Ninety-seven "Non-coms" to Qualify as Officers.

Will Train Those Accepted for Reserve Corps.

San Diego's Radio Stations are Dismantled.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN DIEGO, April 12.—Col. J. T. O'Neill of the Twenty-first Infantry reported today that ninety-seven of the regiment's picked non-commissioned officers were detailed today to go to San Francisco to qualify as officers in the Officers' Reserve Corps. They will be used to train the men accepted for the corps, and, as fast as the men complete their training in the school, they in turn will be sent to establish successive schools as instructors for recruits. The officers left on the afternoon train.

ARE DISMANTLED.

Lieut. John Ashley, district naval radio officer, today took charge of the dismantling of all amateur radio stations. The radio operators must remove all antennae and the keys are sealed. Police officers, secret service agents and the Sheriff are co-operating with Lieut. Ashley in searching for outlaw radio service. The radio plant at Chollas Heights was formally taken over for the naval radio communication service this morning. The plant was commissioned a month ago.

MEXICAN ARRESTED.

Early this morning Julio Viderique, a Mexican, aged 41, was arrested by David Gershon, special agent of the Department of Justice, after being under surveillance for three days. He had $152.15 when arrested, five revolvers and 100 rounds of ammunition. He was booked for investigation.

ORDERED TO ENTRAIN.

Orders were received by Lieut. Don M. Stewart, commanding the Third and Tenth divisions of the Naval Militia to entrain tomorrow morning.

The call was sent out tonight to mobilize the members of the Fifth Company, Coast Artillery Reserves, Capt. S. E. Clyne commanding, and the Eighth Company, Capt. James Muirhead commanding. The two companies at present are recruited to full peace strength, and each has about forty more to get for full war strength of 109 men.

Capt. Clyne of the Fifth Company received a request from the citizens' committee of the Red Cross to furnish a complete roster of the dependent families of all members of the company in order that they might be looked after during war time. The report that orders had been received to let out all married men in the company was denied. The headquarters and hospital staffs have not been ordered to report.

JAPANESE ASSIST.

[LOCAL CORRESPONDENCE.]

EL MONTE, April 12.—As a result of the public meeting held at the Shakespeare Club House 160 have joined the Red Cross Society. The Japanese of the community, who have formed a society of their own, promise membership in the American society. The home guard is also being given good support. It numbers 165 men. The Chamber of Commerce and business men have donated a number of guns, but more are needed.

SKELETON UNEARTHED.

[LOCAL CORRESPONDENCE.]

SAN LUIS OBISPO, April 12.—The skeleton of a man who was buried by a tunnel cave-in at the Warren prospect, near Cambria, forty years ago, was unearthed by workmen yesterday.

Ninth Annual.

HUGE MELTING POT FOR RAISIN DAY SPECTACLE.

[LOCAL CORRESPONDENCE.]

FRESNO, April 12.—Gov. William D. Stephens will be Fresno's honor guest California Raisin Day, April 20, and will ride in and review the four-mile parade which will officially open the ninth annual festival.

The four-mile parade will constitute a review of famous fairy tales, world events, war horrors, peace and prosperity. It will include eleven divisions. Floats will be entered from every city in the valley, in competition for prizes, and from many cities in other sections of the State.

After a noon interval the spectacular feature of the day will take place at the District Fair grounds where 500 society girls and school children will interpret a beautiful conception of peace, then the horrors of war-torn nations, then a return of peace and greater prosperity with America as the melting pot of all nations.

The action will take place in and about a huge melting pot fifty feet high and large in proportion. The scenery for the pageant will cover several acres of ground and scene changes will be screened by a smoke curtain. Dances of all nations in costumes representing the nationality of the dances, will be interpreted. Specially constructed war vehicles of the air, land and sea will be used to depict the world-struggle between nations of Europe. Peace again restored, America becomes the melting pot which pours forth hundreds of thousands of American citizens. The production of the pageant will cost approximately $25,000.

On Espee Line.

SOLDIERS WILL REPLACE ROAD'S CIVILIAN GUARD.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN LUIS OBISPO, April 12.—Civilian guards will soon be replaced by soldiers in protecting Southern Pacific property. A number of the guards who have been patrolling the railway in this vicinity were released last night. Men are still maintained at the tunnels and the more important bridges. It was announced by the local railway officials today that the military guards will arrive this week. The number of soldiers to be stationed at this point is not yet known, but there will be enough to maintain a thorough watch over the line.

A meeting will be held Monday by young men of this city for the purpose of organizing a home guard company. Roy H. Wonderly, who has had military experience, will put the company through the manual of arms. Cherry Hall has been secured for training purposes.

Local officers are in receipt of orders from Lieut. C. H. Maddox, U.S.N., district communication superintendent, instructing strict enforcement of orders against the operation of any wireless station except such as are specifically permitted to operate under supervision of competent naval authorities.

There is no dearth of applicants for enlistment at the local recruiting station. Corp. Harper has signed more than a score of recruits and has many others on the waiting list.

MUST TOE LINE FOR TWO YEARS.

List of "Cannots" for Man Who While Intoxicated Drove Auto Wildly.

[LOCAL CORRESPONDENCE.]

SAN LUIS OBISPO, April 13.—Glen L. Heaton of Paso Robles, who was granted probation after pleading guilty to a charge of injuring a person while driving an automobile when in an intoxicated condition, must toe the line for two years, according to the ruling of Superior Judge Norton. He cannot drive an auto for one year.

Things he cannot do for two years are: Drink intoxicating liquors, frequent saloons, keep bad company, indulge in gambling or play pool or cards. He cannot accept employment outside the county until the period of his probation is over without the consent of the probation officer.

Emergency.

TO GIVE GUARDS POLICE POWERS.

SPECIAL ACTION TO MEET THE PRESENT CONDITIONS.

Santa Barbara Supervisors are to Take Steps so that Men Who are Looking After Oil Wells and Railroad Property may be Able to Make Arrests.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SANTA BARBARA, April 12.—Because of the urgent need of protecting property over the county, the Supervisors will meet tomorrow in special session to put through an emergency ordinance under which guards may be appointed having police powers. This will give railroad guards and those who protect oil wells and other property the right to make arrests.

Santa Barbara has now mustered over 100 men to act as home guards, and in addition former members of the Sixth Division, Naval Militia, are being called together for service.

WATER SYSTEM BONDS.

The City Water Commission today requested the Council to place on the ballot at the coming school bond election a proposition to vote $590,000 bonds to complete the water system. Of this sum, $40,000 is for a reservoir on Mission Ridge, $281,651 for building the Gibraltar dam, $5163 for spillway, $15,266 for an outlet tower and $7840 for an outlet tunnel lining. About $600,000 has already been expended, largely in driving a four-mile tunnel through the mountains to turn the Santa Ynez river water to this city.

ARMED MEXICANS ARE SEEN BY RANCHERS.

[LOCAL CORRESPONDENCE.]

OJAI, April 12.—Much complaint is heard because of labor shortage on the ranches at this time of the year, when help is ordinarily most plentiful. Reports coming in over all the stage lines are that many Mexicans are returning to their country. The Knox brothers report that they met several Mexicans on wheels, one fully attired in Mexican regimentals, and they were armed with rifles.

FOR FISH HATCHERY.

[LOCAL CORRESPONDENCE.]

LINDSAY, April 12.—Citizens have undertaken to raise a fund of $2000 or more for the establishment of a State fish hatchery on the Kaweah River, east of here.

Salute.

ARRANGE FOR FLAG RAISING.

Great Celebration Prepared by Sierra Madre.

Seventh Regiment will March to Mountain City.

Special Cars are to be Run by Pacific Electric.

[LOCAL CORRESPONDENCE.]

SIERRA MADRE, April 12.—Under the direction of its Board of Trade this city is to celebrate Saturday with a municipal flag raising. It will be the greatest patriotic demonstration ever witnessed here. Special trains will be run from the Pacific Electric depot at Los Angeles, making connections with trains from surrounding territory in time for the events, which will commence at 3 o'clock.

The Seventh Regiment, now in the Federal service and encamped below Sierra Madre on "Lucky" Baldwin's old race course, will attend. Col. Hutchins has been putting the regiment through a course of intensive training at the encampment and the trip to Sierra Madre will be in the nature of a practice march. The machine gun company will give a demonstration.

A special ceremony has been arranged for the flag raising. The veterans of the Civil War, of whom there are quite a few in Sierra Madre, will be presented with the flag and will carry it through the lines of the troops at present arms to the towering flag pole erected in the center of town, and will there hand it to one of the community's daughters, for whose ancestors for three generations, were veterans of wars of the United States. She will raise the flag.

Invitations have been extended to Judge B. F. Bledsoe and Lieut. Calhoun, U.S.N., to deliver addresses. President K. M. Ham, Jr., of the Board of Trade, says that such enthusiasm has never been witnessed in the community as over the flag-raising.

CITY CLERK ELECTED.

The election here for City Clerk and accountant for the water department, resulted in an overwhelming victory for E. F. Ballou, who polled 303 votes more than both his opponents, Trustee Greer Caskey and Mayor Louis Dietz. The burro question was a strong factor in the campaign and John Boyd's forces lined up solidly for Mr. Ballou. Dietz and Caskey have opposed the business of renting burros for the climbers up the Mt. Wilson and Sturtevant trails.

J. H. Wright was defeated for school trustee and J. C. Dickson elected by a large majority. Wright made no campaign for the office.

A change is anticipated in the school system. Principal R. W. Maltbie has announced his intention of resigning. The sloyd teacher, H. P. Holmes, is also negotiating for a full term place in another district. A cut in the school tax has been promised and more economy.

OJAI CELEBRATION.

[LOCAL CORRESPONDENCE.]

OJAI, April 12. — Six hundred guests attended the barbecue given in honor of Edward D. Libbey Tuesday, which developed into a rousing patriotic demonstration. Judge J. C. Daly and W. E. Shepherd addressed the people. Following the barbecue an auto parade two miles long, through Libbey Park and out upon the highway, was photographed by a film company.

How to stop dandruff and loss of hair with Resinol

Here is a simple, inexpensive treatment that will almost always stop dandruff and scalp itching, and keep the hair thick, live and lustrous:

At night, spread the hair apart and rub a little Resinol Ointment into the scalp gently, with the tip of the finger. Repeat this until the whole scalp has been treated. Next morning, shampoo thoroughly with Resinol Soap and hot water. Work the creamy Resinol lather well into the the scalp. Rinse with gradually cooler water, the last water being cold.

Resinol Soap and Resinol Ointment easily heal eczema and similar skin eruptions. Sold by all druggists.

EASTERN STARS TO MEET IN OAKLAND.

[BY A. P. NIGHT WIRE.]

FRESNO, April 12.—Delegates to the twentieth annual State convocation of the Grand Court of Amaranth late this afternoon selected Oakland as the 1918 convention city and elected the following officers:

Mrs. Minnie Tipton of Los Angeles, Grand Royal Matron; Arthur E. Zeigler of Oakland, Grand Royal Patron; Mrs. Johanna Lange of San Jose, Grand Associate Matron; George McGinnis, Los Angeles, Associate Grand Royal Patron; Gertrude Wadsigh, Ventura, Grand Conductress; Dr. Flora W. Smith, Kingsburg, Associate Grand Conductress; Mrs. Elspeth Behrens, San Francisco, Grand Secretary; Mrs. Alla E. Grisman, Oakland, Grand Treasurer; Mrs. Clara Alberez, Los Angeles, Grand Lecturer.

TWO PROMOTIONS.

[LOCAL CORRESPONDENCE.]

COLTON, April 12.—Joseph Shallenberger, for the past five years manager for the local branch of the Citrus Belt Gas Company, has been advanced to the position of manager of the gas plant of the company at Corona. He assumed his new duties yesterday. F. S. Shaffer, assistant in the Colton office, succeeds Mr. Shallenberger.

ANNUAL CONVENTION.

[LOCAL CORRESPONDENCE.]

SAN LUIS OBISPO, April 12.—All Sunday-schools of Santa Maria and the oil fields, together with those of Cambria and Morro, will hold their annual convention at Arroyo Grande, April 26 and 27.

GERMAN WILL KEEP OUT.

[BY A. P. DAY WIRE.]

EL PASO (Tex.) April 12.—German Vice-Consul Frederick Rueter of Juarez, taken into custody by government officers and held at Fort Bliss, was released today upon instructions from the United States Attorney-General. He signed an agreement to remain in Juarez and not return to the United States unless given permission by American authorities.

CUBA BARS CODE MESSAGES.

[BY A. P. DAY WIRE.]

NEW YORK, April 12.—The Cuban government has prohibited the use of code in dispatches to any part of the republic, the Commercial Cable Company announced today.

A Sick-Room Necessity

When a member of your household is ill with a communicable disease, Lysol solution is necessary for the safety of patient, family and neighborhood.

Use Lysol to disinfect bed pans and other utensils, handkerchiefs and everything else that comes in contact with the patient.

You may then protect the patient from relapse, which is often caused by reinfection from germs discharged by expectoration or otherwise. And you will certainly protect your family and your community from contagion. For

Lysol Disinfectant

kills all germs immediately, no matter what their nature.

Germ life is impossible where Lysol is used regularly. That is why big hospitals depend upon it and why thousands of householders rely upon Lysol as a disease preventive. Lysol is also invaluable for personal hygiene. See important directions with each bottle.

Get a bottle today, but remember that there is but One True Lysol and that is the product made, bottled, signed and sealed by Lehn & Fink. Accept only when sold in original yellow package. Full directions with every bottle. Three sizes: 25c, 50c and $1.00.

Classified Liners.

AGATE TYPE ONLY.

Accepted subject to the following rates and rules. Rates: The rate for inserting Want Ads. in the Daily Times is 1c per word each insertion; in the Sunday Times 2c per word each insertion; minimum charge, 25c; space taken by single or two consecutive insertions; except under the following classifications, the rate for which is 2c per word daily: Five per word Sunday, minimum charge, applicable to a single insertion and to each consecutive insertion, 25c daily, 35c Sunday: "Society Meetings," "Personals," "Special Notices," "Dress Suits," "Miscellaneous," "Stocks and Bonds," "Money to Loan," "Salary and Collate," "Diamonds and Jewelry," "Physicians," "Medical," "Detectives," "Sanatoriums," and "Baths and Massage."

An extra charge of 25 per cent is made for the use of capital letters.

Minimum space for classified advertisements ordered for insertions, 14 words.

White spaces and dashes are charged for the same as that of seven words to a line.

Ads. are measured strictly by the word.

For paragraphed or lined-up matter set in caps, estimate 5½ (5) average words to a line, and for caps and lower case 6½ (6) average words to the first line, and thirty (5) average words to each line following. The kind of advertising the actual number of words set solid is counted and eight (8) words added for each unlined line.

The Times reserves the right to classify all advertisements under appropriate headings.

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in classified advertisements.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

Errors, not the fault of the advertiser, which greatly lessen the value of an advertisement, will be rectified without charge on presentation of receipt within five days after insertion. No allowance will be made for errors which in no way materially affect the value or purpose of the advertisement.

No adjustment will be made for advertising items not affected by an error or errors which may occur in other items in the same insertion.

Advertisers should retain receipts given by The Times for their ads. No claims for mistake can be rectified without them.

The Times will not accept phone or verbal orders to discontinue or change "till forbid" advertisements.

Advertisements ordered for insertion in Sunday's Times will positively be discontinued or changed after 8 o'clock p.m. Saturday.

Telephone orders to discontinue advertising in The Times are numbered in the order of their receipts, and in each instance the number of the ad. and the advertiser, who should make a record thereof, in case of dispute no charge for advertising will be rotated unless a copy for correction is presented to The Times by the advertiser.

The Sunday circulation of The Times exceeds 100,000 copies, and more "liners" are regularly printed in its columns than in the five other Los Angeles newspapers combined.

Telephone your want advertisements. Ring up "The Times." Main 8200; Home 10691, ask for Want Ad. Night and secure prompt and careful attention.

The Times does not knowingly accept objectionable advertisements of any kind or character—medical, whisky, turf, lottery, "get-rich-quick," etc.—and it uses every reasonable precaution to keep its advertising columns clean and wholesome. Subscribers to this paper are requested to report to the Times any advertisement that they have found objectionable, or which they believe to be fraudulent or misleading. The Times guarantees to make good the loss sustained by any reader who has been defrauded through an advertisement in its columns, provided the transaction complained of has been reported to the Times within three days after the date of the paper containing the advertisement, and provided the advertisement complained of was bona fide in every respect. In all cases the Times reserves the right to investigate the merits of any case before making any allowance. Address your letter to the Times Liner Section.

CAN, California Savings Bank.

GERMANY PROMISES TO RETURN BELGIANS.

[BY ATLANTIC CABLE AND A. P.]

THE HAGUE (via London, April 12, 2:55 p.m.)—The first chamber of the Dutch Parliament was informed today by the Foreign Minister that the German government had notified the Minister of the Netherlands at Berlin that steps had been taken to repatriate all Belgians who had previously taken refuge in Holland, then had reurned to Belgium, and thence, as unemployed persons, had been deported to Germany.

The German government, it was announced, also had promised to repatriate all Belgians who had been wrongfully deported as unemployed. Thousands of such persons, it was declared, already had been returned to their homes.

PIPES TO LAMENT.

Funeral Services for Edmund Mitchell at the Pro-Cathedral.

Scotch bagpipes will shrill the last lament Sunday over the ashes of Edmund Mitchell, author, journalist and late president of the Caledonian Club, who died in New York a week ago. The united membership of the Caledonian Club will attend the memorial services at St. Paul's Pro-Cathedral in a body, where Dean William MacCormack, president of the Celtic Club, will conduct the services at 3 o'clock.

Mr. Mitchell died in New York, whither he had gone to look after the publication of his novel, "The Call of Bells." Ten years ago he was for a time on the staff of the Los Angeles Times, and wrote editorials at various times for the Glasgow Herald, Melbourne Age, Bombay Times, and traveled all over the world as special correspondent. He was the author of several novels and countless short articles.

Two married sons survive him, both residents of Southern California.

Summary.

COLLARS TEUTON PROPAGANDISTS

Sheriff Brings Two Mexican Agitators to Book.

Scatter Pro-German Papers Among Countrymen.

Bay Laborers Quit with Much Gold in Pockets.

The unusual developments in the puzzling Mexican situation yesterday engaged the attention of the authorities who are investigating the disappearance of thousands of the dusky laborers from this vicinity, and who are not altogether satisfied with the explanation that the "cholos" have gone where they can work for more money.

One of these was the detention by Sheriff Cline of two Mexicans caught at Azusa in the act of scattering rabidly pro-German literature among their fellow-laborers. They were arrested on charges of disturbing the peace and convicted in the justice court there. Sheriff Cline brought the pair to the County Jail and will endeavor to ascertain who is backing them in their Teutonic propaganda. They admit they are disciples of the notorious Magon anarchists and violators of American neutrality.

The second phase of the situation was the abrupt departure from Santa Monica and vicinity of a large majority of the male Mexican population. All of them are reported to have had pockets full of gold, although few have done enough work of late to account for its possession.

Alarmed at the peculiar movement Chief of Police J. W. Ferguson reported the facts to Mayor S. L. Berkley and the latter to the City Council. While it is not thought that the Mexicans are still in this neighborhood the authorities are on the alert for any possible disorder.

One Mexican, left behind as physically unfit, said: "They have lots of gold. I don't know where it comes from, but they all seem to have money, and they do not want to work."

It was also pointed out by Commissioner Carter that many of the Mexicans have been offered work with private concerns, but they have consistently refused to accept the employment, at the same time displaying gold.

Agitators among the Mexicans in the rural districts maintained their activity yesterday, repeated reports having reached Sheriff Cline relating their work. To prevent the Mexicans quitting their crops for the future, Sheriff Cline went with Frank Dominguez, a Spanish attorney, through the countryside where the larger gangs are employed.

They exhorted the Mexicans not to leave the crops rotting in the fields, as it would mean they would not be employed next year to harvest the crops, and would be starving.

RUSSIA TAKES ALL HARVEST RESERVES.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12, 9:35 a.m.—A Petrograd dispatch to Reuter's says that the provisional government has ordered all reserves of the 1916 harvest of corn and cereals which are fit for fodder to be placed at the disposal of the state. The entire reserves of the 1917 harvest, except what is required for seed and the needs of the families of the peasants, has also been expropriated.

SUN FADING, FACE DEATH.

Scientist Says the End Will Come in Fifteen Million Years.

[Philadelphia Public Ledger:] That the sun is past its prime and has only 15,000,000 years to live, were statements made during a lecture in Pittsburgh by Joseph McCabe of London, before the Academy of Science and Art.

"It will be warm next summer, but the sun is fading away," he said. "It is old, very old; it is past its prime of life. In 15,000,000 years it will be cold and dead."

He also declared that any unusual disturbance throwing the earth off its balance would mean oblivion. "If the sun deviates in the slightest from its mean distance from the sun it will be all up with the world," he said. He quieted his awe-stricken audience by declaring if such a calamity did occur they would have plenty of time to settle affairs in America, even if we don't in England."

THE FASTEST BATTLESHIP.

Italy's New War Vessel Can Outspeed Fastest Transatlantic Liner.

[New York Sun:] Italy has brought out one of the greatest surprises of the war. While some details are suppressed, it has become known here that the Tutt' Ali (All Wings,) the new battleship, on her trial trip did 800 miles at the speed of an express train.

She actually traveled three times the rate of the fastest transatlantic liner.

"During the trip," says an officer, "we were attacked by an enemy submarine. You would have laughed to see the torpedo fall several hundred yards clear of our stern. The torpedo catchers which escorted us were left far behind. In a few minutes all we saw of them was a bit of smoke."

This wonder ship is driven by naphtha and compressed air. The naphtha passes through compressed air at such a terrific rate that it emerges in a state of pulverization; it is then propelled into so-called boilers by means of atmospheric pressure, thus producing heat of from 1500 to 1800 degrees centigrade. Tutt' Ali has three turbines, which propel with a force of 8400-horse power each.

The safety valves throw off showers of water and pulverized naphtha, which turn bright purple in the sun as they fly upward. The ship shakes as though it were in a perpetual earthquake. Even hardened seamen have to learn to walk on Tutt' Ali. The steel lining would break with the vibration but for a special system of joints. The noise of the turbines is so great that nobody's voice can be heard. All orders are given by signal, as in the midst of a heavy bombardment. The ship leaves a high mountain of sea behind.

TO THE LIVING FLAG.

Can it be that thou insensate art, O flag! so loved and cherished
That armies countless thousands strong have fought for thee and perished?
That armies countless thousands strong, by thy dumb call elated,
Again would spring to arms for thee, though knowing death awaited?

Nay! quivers life through every fold, each wave and undulation
That measures with its rise and fall the heart-throbs of a nation.
Aye! in thy folds, a century old, a century's life is surging,
And over all waves a clarion call to blood that needs no urging.

Life thrills thy red, in courage bred; the purity of thy whiteness,
Thy field of blue, in truth's own hue; thy stars of dazzling brightness;—
And courage, truth and purity, thus in thy colors blended,
Have fired the hearts and nerved the arms which have thy cause defended.

So, children of the men of old who first unfurled to glory
The beauty of thy stars and stripes, now famed in song and story,
To save the flag their blood baptized when we were born a nation,
We pledge our life-blood, and our sons', in solemn consecration.

Council Bluffs, Iowa. MRS. CHARLES M. HARI.

WOMEN'S WORK, WOMEN'S CLUBS.

BY EMILY SQUIER.

If the samples of teachers and parents displayed at the sixth annual convention of the First District of California Congress of Mothers and P.T.A. associations are fair examples of the women who teach in the schools and care for the homes, I go on record as saying that it is a fine thing to be a child in California. The women in attendance yesterday at the opening programme at Symphony Hall made an intelligent, earnest audience, which, one felt, would be a great factor in any fight for child welfare and betterment.

The morning session was taken up with reports of committees, chief among which was that of the nominating committee of the First District of the California Congress of Mothers. It presented a ticket of officers to be elected. There was no opposition. The ticket was elected as it was presented.

The officers elected were: First vice-president, Mrs. F. E. Tyson; third vice-president, Mrs. Lincoln G. Backus; fifth vice-president, Mrs. H. E. Archbald; recording secretary, Mrs. Richardson D. White; financial secretary, Mrs. Pearl Minert; auditor, Mrs. E. L. Volk.

In the afternoon many interesting talks were given, foremost in interest, to a newspaper person an

THE CITY
AND ENVIRONS.

EVENTS BRIEFLY TOLD

Iowans to Gather.

Members of the Eddyville (Iowa) Club will hold their annual picnic at Sycamore Grove Sunday.

To Proximo Club.

R. D. Richards will address the Proximo Club at the Broadway Department Store cafe at noon today on "The World's Greatest Need."

For Vesper Service.

Miss Helen Babson will be in charge of the vesper services at the Young Women's Christian Association at 4 o'clock Sunday afternoon.

Stanton Post's Day.

The Stanton Post Women's Relief Corps will meet this afternoon at Patriotic Hall. In the evening the post and corps will have an open meeting and social. All are invited.

Mt. Holyoke Alumni.

The Mt. Holyoke Alumni Association of Southern California will hold an all-day meeting in the Broadway Department Store auditorium tomorrow, beginning at 10:45 a.m.

On Forest Resources.

C. J. Fox of the Sierra Club will speak on "United States Forest Resources" at a meeting of Stanton Post and Relief Corps this evening in Patriotic Hall. Housekeeper's Boy Scout Band will furnish music.

Texas Society Meeting.

The Texas Society will hold a meeting tonight in The Times Assembly Rooms to complete arrangements for their picnic to be given in San Jacinto, Saturday, April 21. All Texans are invited to attend.

Eberhart to Speak.

Hon A. O. Eberhart, former Governor of Minnesota, will speak before the City Club tomorrow in the men's grill of the Broadway Department Store on the subject of "A League of Nations Following the Present War."

On Rising Russia.

"Rising Russia" will be the subject of a lecture tonight, in the auditorium of the Young Women's Christian Association, by Theodore Joseph. Recent phases of the Russian situation will be explained by Mr. Joseph from the Russian point of view.

Books on Gardening.

The Chamber of Commerce has a limited number of books on backyard gardening which will be given away free to amateur gardeners. Copies can be secured by applying at the information bureau of the chamber, in the exhibit hall on the second floor.

To Discuss Classics.

The Classical Association of the Pacific States will meet in the auditorium of the Los Angeles High School tomorrow morning at 9:30 o'clock. There will be talks on the study of Latin and Greek and a song by the Girls' Latin Chorus of the Hollywood High School.

Bishop to Award Medals.

At the first musical contest to be given tonight at Blanchard Hall by the Los Angeles branch of the National Association for the Advancement of Colored People, Bishop Joseph H. Johnson, who donated gold and silver medals, will award them to the successful music pupils.

Councilwoman to Speak.

Councilwoman Lindsey will speak on "Woman's Work in Our City Government" at a meeting of the Ladies' Auxiliary of the Hebrew Sheltering Society, Monday afternoon, in the Broadway Department Store auditorium. Miss Eveline Lucile Freedman will appeal in Spanish and classic dances.

Credit Men's Programme.

The Associated Retail Credit Men of Los Angeles will have a dinner at 6:30 o'clock next Tuesday evening at the Sierra Madre Club, to be followed by an interesting programme in charge of R. B. Hardacre. Senator Louis H. Roseberry will speak on "Some Modern Phases of Socialism;" Warren L. Williams will present "The Public Prosecutor's Relation to the Business World," and Charles Lawton will speak on "Bad Checks—What to Do With Them."

CONTEMPT FOR CUBA EXPRESSED IN BERLIN.

[BY ATLANTIC CABLE AND A. P.]

AMSTERDAM (via London) April 12, 4:25 p.m.—The Berlin correspondent of the Cologne Gazette treats "with profound contempt" the Cuban note announcing the rupture with Germany. He explains that this step is not due to hatred of Germany, but to the close political, commercial and moral relations between Cuba and the United States.

SAYS TUBERCULOSIS WORST WAR DISEASE.

[BY A. P. DAY WIRE.]

NEW YORK, April 12.—Tuberculosis is the greatest disease peril of modern warfare, says Dr. Hermann M. Biggs, State Commissioner of Health, who has just returned from an exhaustive study of the problem in France. Dr. Biggs was sent by the Rockefeller Institute at the invitation of the French government.

In a speech last night at a dinner of the Society of Alumni of Bellevue Hospital he said: "Soldiers are not living in the open air in tents, where conditions would be favorable to those with weak lungs, but are in the trenches living in dugouts or huddled together in villages not far from the firing line."

He estimates that between 30 and 40 per cent. of the French prisoners who have returned from Germany suffer from tuberculosis. There are 150,000 cases of the disease in the French army and from 400,000 to 500,000 cases in France today, he asserts. "What is true of France, I understnd," Dr. Biggs said, "is also true of Austria-Hungary and Russia."

BUSINESS BREVITIES.

Advance.

BIG NEW DOCK IN COMMISSION.

Municipal Pier Dedicated to Growing Commerce.

Latest Plan Permits Better Rail Connections.

City Officials and Company Men at Luncheon.

Another of the great new harbor facilities provided by Los Angeles was put into actual use yesterday, when the steamship President of the Pacific Steamship Company docked at the new municipal pier at Wilmington. The event occurred in the presence of a large delegation of city officials, representatives of various commercial bodies and leading citizens at the harbor.

R. J. Ringwood, vice-president; F. M. Barry, assistant general manager; E. J. Griffith, publicity manager, and a number of other officials of the steamship company were present to co-operate with Capt. N. E. Cousins in welcoming the city officials.

Harbor Commissioners Gordon and Hughes were present to officially turn over the new conveniences and equipment. All of the Councilmen and Councilwoman Lindsey, all of the harbor officials, President Shoup of the Pacific Electric, T. C. Peck of the Salt Lake, T. M. Sloan, D. W. Pontius, Frank Wiggins of the Chamber of Commerce, Homer Hamlin, City Engineer; Lorin Handley of the Board of Public Works, Albert Lee Stephens, City Attorney; E. P. Gregson of the Jobbers' Association, E. G. Judah of the Merchants' and Manufacturers' Association and numerous others were on hand.

BETTER CONNECTIONS.

Special cars were provided by the Pacific Electric to transport those who did not travel by automobile. On the steamer an elaborate luncheon was served the visitors, after which they were shown about the vessel and the docks. This latter privilege was one not to be enjoyed by everyone, as has been the case in the past. As a result of government orders, greater attention to all persons traveling by steamer is being observed.

Officials of the steamship company announced that the arrival of the President inaugurated the regular use of the new dock. This will permit of direct connections with the Southern Pacific, the Salt Lake and the Pacific Electric lines for all points in Southern California.

LETTERS TO "THE TIMES."

[The Times invites strong, clear, bright expression of opinion on current subjects. Timely, pertinent and popular. Brevity should be kept in sight. Essays eschewed. Religious and personal controversies are tabu. Value is added to such letters by the signing of the writer's true name, which will be either published or withheld at the owner's request. Letters offered for publication should be in "parliamentary" language, and are subject to editorial supervision.]

Differences Over "Neutrality."

LOS ANGELES, April 10.—[To the Editor of The Times:] A. Mr. Charles F. Barnes of Nogales, Ariz., in Saturday's issue of The Times signs his name to an ill-timed, censorious article charging President Wilson with having flagrantly and continuously violated the recognized neutrality policy of the United States government. Permit me to take exception to the gentleman's conclusions in the premises. His statement of the case is not only illogical, but deceptive and unpatriotic. It's very plain to be seen why Mr. Wilson's foreign policy is not in harmony with Mr. Barnes's idea along that line. Neither does it meet the approval of the Kaiser, Senator La Follette, and several other "willful" individuals of the "Three Tailors of Tooley Street" breed.

The whole bunch are swayed by the spirit of sheer stubbornness and the narrowest kind of prejudice. Criticism and censure of the Arizona correspondent's brand are the weapons of the chronic agitator, not those of the true patriot.

The President's course from the start has been wise, and unswervingly in the interest of the country and humanity. The voice of the American people has spoken, and in no uncertain tone, as doubtless ere this, the gentleman from Arizona has been forced to realize.

This, in brief, is the sentiment of a veteran of the Civil War, who believes in playing the game fair, and is therefore strong in upholding the hands of our nervy and able President.

C. S. MAGRATH.

Victoria Hotel.

Canada's Spirit.

LOS ANGELES, April 12.—[To the Editor of The Times:] It was my privilege and pleasure to attend an entertainment recently given by the New York Society, and I heard some delightful addresses on patriotism in your beautiful country. The time is here when in all seriousness you will be called to put forward your best in men, and the best you have are not too good.

I am a Canadian and for those who know little of Canada will give a few points of interest.

At Toronto, in two months after the declaration of war, we had 100,000 men in training in different camps, for service at the front, and a few days before I left Toronto they raised $3,000,000 in that city alone in a four-day campaign, for the maintenance of returned soldiers who are disabled.

Another instance of liberality: Sir John Eaton told his employees that any man who volunteered and went to the front should continue to receive his salary, and that today is costing $40,000 a month, besides $1,000,000 given by Sir John from his private funds.

Our people will give as long as it is needed.

Recently at the Long Beach carnival I tried at most of the stores to find a small Canadian flag, but was told they did not keep them. However, I was fortunate in being able to borrow one from an English lady and I waved it in the procession. And, actually, two gentlemen came to me and asked me what flag it was. My amusement was evident, as at home the Stars and Stripes are honored everywhere, just as we are proud of the American people.

Terrible Itching Pimples On Hands

Spreading to shoulders. Turned to rash. Itching unbearable. Felt could tear hands off. Used one and a half cakes Cuticura Soap and two boxes Ointment and was healed in two weeks.

From signed statement of Mrs. Nora O'Hare, 1209 W. Silver St., Butte, Mont., dated Sept. 14, 1916.

If Cuticura did no more than soothe and heal eczemas, rashes, itchings and burnings, bringing speedy comfort to tortured, disfigured men, women and children, it would be entitled to the highest praise. But it does more. By using the Soap exclusively for toilet purposes, allowing no other soap to touch your skin, with touches of Cuticura Ointment now and then to soothe and heal the first sign of skin troubles, you will in many cases prevent these distressing experiences. Unlike strongly medicated soaps which are coarse and harsh, Cuticura Soap is ideal for the complexion because so mild, so delicate and so creamy.

For Free Sample Each by Return Mail address post-card: "Cuticura, Dept. H, Boston." Sold everywhere.

Fat People Have Perverted Taste

Proof That Arbolene Removes Craving for Wrong Foods.

Dissolves and Eliminates Fatty Tissues Harmlessly.

Any Anti-Fat treatment that fails to correct the perverted appetite and craving for the very foods which make fat is certain to fail of permanent results. Mark that fact well! Five-grain tablets Arbolene removes the craving for undesirable fatty foods, restores natural appetite and digestion, while it dissolves fatty accumulations in the body and eliminates slowly but surely, without weakening or other evil effects.

Mrs. L. Hally, Imperial, Calif., writes:

"Kind Sirs: Have taken your Arbolene Tablets for obesity and in seven months reduced from 205 pounds to 152 pounds. I cannot say enough for them, and anybody who is fat should take them. My health is better than ever, etc."

Tablets Arbolene enjoy the largest sale of any obesity medicine, and they deserve it. Sold by all well stocked druggists in sealed tubes with full directions.

Automobile News

in The Times is gathered and compiled by a corps of expert writers, and it is always comprehensive and reliable.

The Pink Section of the Sunday Times, comprising from 12 to 16 pages of authentic, dependable text and business announcements relative to motoring, roads, machines, accessories, and athletic and sporting events is of wide interest to dealers and readers. Its advertising columns are regularly used by every reputable automobile and accessory dealer in Los Angeles.

Headache --- Depression?
FROM KIDNEY DISORDERS

Headaches and depression may be due to several causes. Perhaps yours mystifies you. Maybe kidney and bladder disorders is the cause. If so, you surely want relief and restoration.

In discretions in eating and drinking bring on such trouble very gradually, sometimes—at other times quickly.

BALMWORT TABLETS

will bring the desired benefit if such symptoms are present as these: If the secretion that passes is highly colored, strong of odor, insufficient or too copious, followed by pain, burning irritation, smarting, etc. If chills or fever come and go, if the head aches, the eyes burn and general discomfort and nervousness besiege you.

ARE NEEDED BY YOU

Not secret, not new, just right and true. Sold by all druggists.

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when granny's rheumatism bothered her—that jar of Musterole was right there to give relief and comfort.

Musterole is a clean, white ointment made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia).

MUSTEROLE

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c.

THE WEATHER.

[Official Report.]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, April 12.—[Reported by Ford A. Carpenter, Meteorologist.] At 5 o'clock a.m. the barometer registered 30.15; at 5 p.m., 30.08. Thermometer for the corresponding hours showed 50 deg. and 66 deg. Relative humidity, 5 a.m., 93 per cent.; 5 p.m., 57 per cent. Wind, 5 a.m., northeast, velocity 4 miles; 5 p.m., southwest, velocity 6 miles. Highest temperature, 67 deg.; lowest, 48 deg. Rainfall for season, 14.85 inches; last season, 19.57 inches. Barometer reduced to sea level.

WEATHER CONDITIONS.—An irregularly shaped area of low pressure covers the country between Southwestern Texas and Northeastern Idaho. Within much of this area, light precipitation occurred during the past twenty-four hours. The greatest amount, .68 of an inch, fell at Dodge City, Kan. Light precipitation, mostly rain, occurred in Washington, Oregon, and in Northern California southerly to San Francisco. The area of high pressure which controls the weather in this State gave generally fair weather over the southern portion during the past twenty-four hours, and insures continued clear skies in Los Angeles and vicinity Friday.

ORCHARD REPORTS.—Minimum temperatures as reported during the past twenty-four hours: Mt. Wilson, 39 deg.; Pasadena, 41 deg.; Pomona, 39 deg.; Redlands, 43 deg.; Riverside, 46 deg.; Santa Barbara, 45 deg.; San Bernardino, 41 deg.

LOCAL FORECAST.

For Los Angeles and vicinity: Fair Friday; northwesterly winds.

For Southern California: Fair Friday.

STATE FORECAST.

SAN FRANCISCO, April 12.—Weather forecast: San Francisco and vicinity: Fair Friday; light westerly wind.

Sacramento, Santa Clara and San Joaquin valleys: Fair and warmer Friday; light northerly wind.

Southern California: Fair Friday; light westerly wind.

ARIZONA FORECAST.

WASHINGTON, April 12.—Forecast for Arizona: Friday, fair and cooler; Saturday, fair.

Will Ask for Guns.

SHIPPING AFFECTED BY SUBMARINE WARNING.

Owners Sail Dark with Small Lists. Owners are not Alarmed.

The first time since the declaration of war, its direct effects were seriously felt at Los Angeles harbor yesterday. Movements of the principal vessels going to sea were carefully cloaked, and the larger steamers, it was said, chose to get aboard without ceremonials. Only an authorization from some high shipping official or from the government would enable a visit to the steamers. The Northern Steamers generally sailing without visible delay.

The movement of possible submarines in the waters of the Pacific far from Southern California ports had a prejudicial effect on summer traveling. Officials of various companies said that there had been many cancellations of reservations by prospective visitors. The Great Northern sailing list, the smallest it has been in the Tale carried a much smaller number than usual. The Harvard had a fairly large list. Several marines made a large list.

The fishermen starting for the banks were warned of possible danger and also to keep a sharp lookout for any suspicious vessels. Notwithstanding these, they were put to sea by other authorities.

The absence of the navy which have been a familiar sight in local waters was noticeably absent.

Those belonging to the Motor Boat Corps were active. Several yacht owners had put their craft in dock to receive such strengthening of beams and hull as is necessary to carry guns of caliber sufficient to destroy a submarine.

NOT ALARMED.

Representatives of steamship companies operating along the Pacific coast yesterday discussed among themselves the steps that might be taken to protect coastwise trade in case German submarines appear in these waters. General opinion was a feeling that boat travel was as safe as it has ever been. Several individuals during the day remarked that as a precaution some steps ought to be taken to safeguard passengers from any possible danger. Harbor Commissioner Gordon, president of the Harbor Commission, said last night that the subject had been discussed at the meeting of officers of the various companies at the formal opening of the new ship service at the Wilmington municipal wharf. "It appears to me," said Mr. Gordon, "that the only thing to do is for the steamship companies to appeal to the government for guns and men to man them, so that each vessel shall be amply protected."

Capt. Tietjen of the steamer Cellilo of the McCormick line said he had heard alarming reports, as might be expected in such a situation as the present. "But there has been no indication of any submarine in these waters, so far as I can learn," he added.

"We have the general order to take precautionary measures, and have instructions to report any suspicious circumstance to the nearest radio station.

"Have we any guns? No, sir; this line is engaged in carrying lumber and not guns. Even were vessels equipped with guns, I suppose they would go on the larger ones and not those of our line."

Following a conference between the Mayor and United States District Engineer Pillsbury, the former said that all proper steps for the defense of the harbor, its docks and government works will be taken as rapidly as possible. Just what form this defense will take no one is at liberty to state, but every effort will be made to have it adequate.

GIVE WARNING TO MARINERS.

Naval Authorities Instruct Them to at Once Answer All Hails.

Capt. W. W. Gilmer, commanding the Twelfth Naval District, with headquarters at San Francisco, has sent out important instructions to all watermen. He notified them that all craft approaching warships, or when in the vicinity of a man-of-war, are warned to answer all hails immediately given by the war boat. Failure to do so is dangerous. In addition, he announced that boats having no business to transact with a man-of-war should keep, where the channel allows, at least 200 yards off.

CAMERA SEIZED.

Because he was observed to be using a camera on the heights back of Playa del Rey yesterday, T. K. Akasaki, a Japanese employed by a local photographic company, was taken into temporary custody by Detective Lee Varian of the Santa Monica police, and his camera taken from him. It is not believed, however, that the Japanese had any sinister intent and the instrument will probably be returned to him.

Prize.

MAKES SURE OF MOTOR FACTORY

Fund to Purchase Site All Raised by Burbank.

First Unit of Big Moreland Plant to Rise Soon.

Jubilation Over Securing of Industrial Plum.

Immediate construction of the first unit of the Moreland Motor Company's projected $1,000,000 plant at Burbank was assured yesterday when the committee of Burbank business men who recently set out to raise $25,000 for the purchase of a site for the big manufacturing concern, announced the last cent of this amount had been raised. Immediately afterward representatives of the Moreland interests informed the committee that work would be started at once on buildings to represent an outlay of $150,000 and to be completed by September 1.

The land purchased and turned over to the local truck manufacturers consists of twenty-five acres lying between the Southern Pacific main line and San Fernando boulevard, a little more than a quarter of a mile east of the business district of Burbank. It is readily accessible to electrical power lines and natural gas mains, as well as railway facilities and paved highways. The Moreland management selected the tract from among many proffered it in different Southern California cities.

The first factory building to be started on the site will be an engine plant two stories high and covering a ground area of 200x150 feet. Next will follow the transmission building, 150x200 feet in size and a single story. Other structures to be erected within the next year or two will include a drop forging plant 50x100 feet in dimensions, a two-story office building 40x145 feet and a large warehouse alongside the Southern Pacific tracks. Different factory building units will be constructed as the need for them arises, the size of the site being ample to provide for a large future expansion.

PLANS DRAWN.

Preliminary plans for the group have already been drawn by local architects and these show a series of buildings of a design unusually attractive for an industrial establishment. All the buildings will be of steel and concrete framework and fireproof. A large amount of glass will enter into the walls and roofs, the latter to be of what is known in factory construction as the "saw tooth" type. The projectors declare they will have one of the best lighted and ventilated factories on the Coast.

Every provision is to be made for the comfort of the employees. A large space will be set aside for recreation grounds, on which will be laid out a ball diamond and tennis courts. There will be a clubhouse containing showers and lockerrooms. The grounds along the boulevard side will be attractively laid out in lawn and parking.

The new plant will be used for the manufacture of parts, including motors, transmission appliances, sheet metal coverings, drop forgings and the like, used in the construction of motor trucks, pleasure cars, farm tractors and marine and stationary engines. The company is now perfecting plans for putting out a pleasure car adapted to the use of distillate and designed to sell at a moderate price. Every part entering into the Moreland truck will be manufactured in the Burbank factory.

ASSEMBLING PLANT.

Under the company's plan, its present plant at No. 1701 North Main street will become an assembling plant only. This modern factory group, it is announced, will be enlarged during the present year and, upon the completion of the Burbank plant, remodeled and otherwise altered to meet the changed requirements.

The Moreland business has grown to large proportions from a comparatively small beginning since the "Moreland Gasifer," the distillate-burning device invented by Watt L. Moreland, the company's general manager, was first introduced. The Moreland principle of utilizing low-grade fuels will in the new plant be adapted to engines of various kinds as enumerated above, its success in trucks having encouraged the manufacturers to broaden the scope of their activities to include almost the

(Continued on Third Page.)

COMPANIES GO ON GUARD DUTY.

Eight Units of the Seventh Regiment Detached for Policing Work.

Eight companies of the Seventh Regiment, California Infantry, have been ordered detached from the concentration camp in this county and have been ordered out on police duty in different parts of the State. Their new locations cannot, of course, be divulged. One of the companies, D, has already gone, several more went yesterday and others will follow today. Companies A, B and F go together, I and L together, C, D and E separately. An interesting report says that the last-named unit will have under surveillance a rather notorious colony of German sympathizers.

FINE SUNKIST FRUIT.

Incidental with the gift of the associations of the California Fruit Growers' Exchange of ten carloads of oranges to aid the Red Cross, and to be used in the orange-juice campaign tomorrow, this association last night sent to The Times editorial rooms a box of its choice "Sunkist" oranges.

Acquisition.

WAY CLEAR FOR BIG SHIPYARD.

Council to Sign Today Lease upon Harbor Site.

Two Large Steamers will be Constructed First.

Steel for Cunard Line Craft to be Ordered at Once.

Unanimous approval was given late yesterday by the City Council to the proposed lease of a site of seventy acres on Smith's Island, adjoining the Standard Oil property, in the inner harbor, to the Los Angeles Shipbuilding and Drydock Company. The Council members voted to sign the document this morning.

Immediately after the Council signified its intention to close the lease Fred Baker, a large mover in the company, announced an order would be placed immediately for sufficient steel to build two 8800-ton merchant steamers for the Cunard steamship line, and that actual construction will be begun within a few weeks.

Mayor Woodman called the conference of the Councilmen, and, in the presence of Mr. Baker and Samuel L. Naphtaly, who has been officially representing the company in all negotiations, submitted the lease to the members. After carefully perusing it the Councilmen declared it gives the city ample protection and is one of the most worthy projects ever contemplated for the harbor.

JOBS FOR THOUSANDS.

According to the plans of the company, 3000 skilled mechanics will be given employment at the plant and the population of the harbor district will be increased by at least 10,000.

The lease will be operative for thirty years, a nominal charge of $100 per year being made for the first ten years. At the end of that period and the beginning of the third ten years the city will have the privilege of exacting new contracts with the company.

It is agreed by the company to do all the necessary dredging and filling to make the site suitable, the cost of which will be upward of $300,000. As a result, it is the opinion of Mayor Woodman that the city is in reality getting good rental for the property.

Mr. Baker said that at least $1,000,000 of local capital is to be invested in the project, among those interested financially being a number of leading bankers and business men.

"The Council will approve the lease tomorrow morning," said Mayor Woodman, "and I shall immediately sign it. Then there will be nothing in the way of consummating the deal. Assurance has been given by the company, whose personnel is sufficient guarantee of good faith in the matter, that a plant of large proportions will be built at once and that the construction of ships will be started at the earliest possible moment.

"I feel this is one of the greatest acquisitions the city has secured in years. It means enormous revenue to the city in the way of pay rolls and purchasing of supplies, and will give the harbor an air of great activity."

The announcement was made that Fred A. Gardner, chief engineer of the Union Iron Works of San Francisco for many years, will be the chief engineer of the plant, and that Samuel L. Naphtaly will be the general manager. Mr. Naphtaly has been associated with large enterprises in the north, including the construction and managing of extensive railroad systems.

RECOMMEND CANDIDATES.

More than fifty representatives of business houses which have done business with the Board of Education met at the Builders' Exchange last night and adopted a resolution recommending to the voters of Los Angeles the following independent ticket for the Board of Education: J. H. Bean, E. E. Cates, A. J. Downs, Melville Dozier, Charles J. McCormick, C. C. Pierce and Cora B. Taylor.

LECTURE ON RUSSIA.

Theo F. Joseph delivered his lecture, "The New Russia," at the Y.M.C.A. last night before a large audience. The lecture was illustrated by over 100 slides and at the close of the talk the audience joined in singing "America." The lecture will be repeated this evening at the Y.W.C.A.

ARREST SOON IN BIG THEFT.

Man Who Took Ten Thousand County Dollars Near to Jail.

Reports that an arrest will soon be made in connection with the theft of the $10,000 bag of gold from the vault of the County Treasury in February, were made yesterday following a conference between agents of the police department, the Sheriff's office and Dist.-Atty. Woolwine.

An accountant who has been assisting in the investigation was also summoned to the conference. It is reported the suspected person is now under surveillance, and but a small amount of corroborative work is now necessary to warrant the issuance of a complaint.

BENEFIT CARNIVAL.

A big benefit carnival for the Catholic Church at Temecula will be held next Sunday afternoon. The feature of the programme will be a wrestling contest between William Berna and Constantine Romanoff. The winner will be given a silver loving cup. Preceding the wrestling match there will be boxing, races and other athletic contests. A barbecue and several musical numbers are included in the festivities for the day.

Supreme.

ESTATE FIGHTS IN HIGH COURT.

Yorba Claims Involve Patent from King of Spain.

Allege Real Property Never Distributed by Law.

Six Seek Pay for Locating Heir of Dead Woman.

The dusty tomes of almost sixty years were in evidence in the State Supreme Court yesterday, when the petition of Beatrice A. Yorba-Arnaz-Johnson, asking that a partition be made of the real estate owned by her grandfather, Bernardo Yorba, Sr., who died November 20, 1858, and that Thomas H. Wright be appointed administrator. The case was submitted on briefs. The petitioner is the daughter of Bernardo Yorba, Jr., and alleges that the real property has never been distributed to the residuary legatees, of whom her father was one. The case comes up on appeal from the Probate Court of Los Angeles county, which denied the complaint of the petitioner.

Bernardo Yorba, Sr., was one of the heirs of what in the early days in Southern California was known as Rancho Santiago de Santa Ana, containing 62,500 acres. This was a grant from the King of Spain to Jose Antonio Yorba and Juan Pablo Peralta. He also owned real estate in San Bernardino county.

Yorba's will, distributing his real and personal property, was filed December 9, 1858, and Ramunde Yorba, Prudencia Yorba and Leonardo Cote were named as executors under the will. The report of the executors shows that the value of all property owned by Bernardo Yorba, Sr., was in excess of $300,000. In the schedule of assets of the deceased was one item bequeathing the "wild horses" on the estate to certain of his heirs.

The complainant alleges that she has never received her share of the real estate bequeathed to her father, Bernardo Yorba, Jr., and asks an order of court in that behalf.

Another chapter was added yesterday to the locally famous case, involving the estate of Matilda Walden, who died intestate in this city August 21, 1903, when the Supreme Court heard the appeal of William, Thomas, Edward, John J., Sarah Jane, and Robert Latimer, from the judgment of the Probate Court of Los Angeles county, denying an order for the payment of $17,838 attorney fees, and $5,962.86 reasonable compensation to the

Still Hangs.

THAT POWER CONT

Operating Agreement Yet Unsigned but Possibly May Go Before Council this Morning. Then to Railroad Commission for Approval.

The long-awaited contract between the Southern California Edison Company and the Pacific Light & Power Corporation is still a matter of the future.

The time set for the signing of the contract to go into effect on Monday, but there are several important preliminary steps to be taken before this can be accomplished. Practically all of yesterday was occupied by Public Service Commissioner Kemp, Special Counsel Mathews and R. H. Ballou, of the Southern California Edison Company, in going over the terms of the proposed operating contract, the substance of which has been published by The Times.

There were various changes in wording, although it is said the substance was left unchanged. At 9 o'clock last night the final agreement was yet unfinished. If it is completed in time, it will be submitted to the members of the board of directors of the two companies at the Council session this morning and if it is given their formal approval, it will then be submitted to Council for action. In this event it will be possible to send the contract to San Francisco today for the endorsement of the Spreckels syndicate. There is no session tomorrow, hence the urgent need for haste. If the operating contract is to go into effect Monday.

If in need of a business partner, read "Partners Wanted" columns in The Times "Line."

E. B. Blackstone Co
318-320-322 South Broadway

To-day, an EVENT!
Blackstone Suits
$25.00

No, they are not suits that look like $25.00—nor are they old styles of uncertain age reduced to $25.00—They are, however, the brightest, classiest, smartest, newest models ever offered by any store at this popular price—and everyone of them is silk lined throughout.

Blackstone Suits that measure up to the Blackstone Standard of Excellence demanded of much higher-priced suits.

Charming plain tailored models—smart belted and button-trimmed styles.

Developed in excellent quality navy serge, fashionable striped checks and plain wool Jerseys in navy, gold, brown, rose and maize.

Because of the limited number of these suits we advise early selection—Friday, second floor.

SALE

11x42 heavy bleached bath towels; all white or colored borders. ALL YOU WANT AT
$3.75 Dozen

Too Canny.

DESERTER, JAILED, SKETCHES FORTS.

FOUR MONTHS IN ARMY, HOLDS MAPS IN HIS BRAIN.

Brought Here on Way to Point Firmin, After He Boasts of Military Lore and Shows Knowledge of German—Says He is an Iowan.

A remarkable young man, who, although he has served but four months in the regular army, can sit down and draw the plans of any fortress in the country, point out gun positions and surrounding country, was brought to the City Jail last night from Daggett, en route to Fort Firmin. The young man, Arthur Lee Mills, 23 years old, was in the custody of Officer Brown of San Bernardino county.

Mills joined the army four months ago. While stationed at Fort Rosecrans he deserted. This desertion took place the 3rd inst., two days before the declaration of war.

No importance, other than the thought the deserter was afraid, was attached to the matter at first. Last Saturday he was noticed in Daggett and was arrested as a deserter. While talking to him the officers noticed he understood German. He was then questioned, and when he boasted he could draw the plans of any fort in the country he was ordered to do so. When he did the arresting officers immediately decided they had captured a prize.

Mills declares he was born in Iowa. This declaration will be investigated. It is believed he is living under an alias. Officer Brown will continue to Fort Firmin this morning with his prisoner.

Mix-up.

THREE WILLS VARY.

All Reputed to Have Been Made by Same Man for Same Estate and will Come in Flock Before Probate Court; Letters will be Exhibits.

Three petitions for the probate of the will of Josiah C. Peabody will come before the Probate Court for a hearing June 28. This order was made by Judge Rives yesterday, when the third petition was filed by John Kearney, representing to be a beneficiary under the will drawn by Mr. Peabody March 1, 1909. The petition alleges the purported will in existence at the time Mr. Peabody died, January 25, last, had been destroyed by the widow or William L. Price.

A will offered for probate by a trust company names Mr. Price as a beneficiary to the extent of $5000. Nothing was left to the widow. The first will names Mrs. Peabody as the sole beneficiary. The will filed yesterday names the widow, Mr. Price, John Kearney and others beneficiaries. Mr. Price says he has a number of letters that will figure as exhibits at the hearing.

Do it Often.

DRINK ORANGE JUICE; AID THE RED CROSS.

THE MORE USED, GREATER THE FUNDS FOR AID.

Citrus Associations Donate Ten Carloads of Fruit to Supply Popular Drink, and Profits will Go to the Local Chapter of the Great Relief Organization.

Drink orange juice tomorrow and aid the Red Cross. This certainly is a most pleasant way to aid the great relief organizations, and every drink will help. For every $3 received from the sale of orange juice tomorrow the California Fruit Growers' Exchange will give to the Red Cross fund an additional $3.

Ten carloads of oranges have been donated by the citrus associations to be used in supplying the orange juice for tomorrow. It is the hope of the local chapter of the Red Cross that the sales of orange juice tomorrow will reach at least $2000. This, with the supplemental offer of the California Fruit Growers' Exchange, would bring to the chapter $5000.

A blanket permit has been secured from the city to sell the orange juice everywhere. Pretty Red Cross workers from the Normal School and the high schools will have charge of the booths. At each booth there will be a detail of Boy Scouts. One of the stands where the drink will be made and sold will be at the Fifth-street entrance to Central Park. Two hundred young women have enrolled to handle the sale of orange juice tomorrow. Incidentally with this sale, the campaign for Red Cross membership will be continued.

Fatal.

IN SERIOUS COLLISION.

Three Boys Driving in Roadster Crash into Mexican Laborer Injuring Him and Overturning Car Despite Their Efforts to Prevent.

A Mexican laborer, Juan Rodriguez, was perhaps fatally injured when a roadster occupied by three Hollywood High School boys crashed into him as he was crossing the street at Sunset boulevard and Michitorena street late last night. The Mexican tried to avoid the machine and the driver evidently saw the man too late for while attempting to prevent the accident he turned the wheel too far, the car overturning on the road.

The unfortunate Mexican was caught beneath both the auto and the three boys. At the Receiving Hospital he was given but a slight chance for recovery. The three boys are Roy Warner, No. 325 South Serrano street, who was thrown through the windshield and severely cut in several places; Gordon Fuller, No. 520 Hermosa street, who sustained sprains, and John Hader, No. 1806 Taft avenue, who slightly hurt.

Chickering Ampico's Made in the Upright and Grand Styles

The Musical Superiority of the

Chickering Piano

combined with the scientific perfection of the Ampico has given the world an instrument of marvelous beauty.

THE Chickering Ampico Reproducing piano means that the world's greatest artists are at your command waiting their turn to play. It means that you may enjoy in your own home all the works of the classic composers down to the popular songs and light operas of the day.

It means that the masters in all realms of music are available instantly for any kind of concert—formal or informal.

It means that any and all tastes in music may be immediately satisfied.

It means three pianos in one case:

1—The Reproducing Piano
2—The Player Piano
3—The Piano for Hand Playing

The Chickering Ampico is replete with exclusive features—all described in a special art catalogue. Call or write for it. Convenient Terms if desired.

Developments.

RELEASES FOR TWO SUSPECTS.

German Taken in Custody at Mission Inn; Freed.

Newspapers' Agent is to be Turned Loose Today.

Another Pair Started North for Detention Fold.

As a result of yesterday's developments in investigation of the activities of alleged German agents in Los Angeles and vicinity, John Simon, taken into custody at the Mission Inn, Riverside, by Assistant Special Agent Boden of the Department of Justice, was released, there being no incriminating evidence against him. Today, Emil Italiener, the young German newspaper man who has been held incommunicado in the County Jail for several days, will be released from custody. Expected evidence against him did not materialize.

A special investigation into the antecedents of George Louis Stephens, the German arrested yesterday by Special Agent Boden in the hills behind Hemet, will be conducted today. From information gathered yesterday, the prisoner is known to have several different names, and had been often seen at Calexico and in other border towns. It is reported that during his stay in these towns he was very close to the Mexican residents, and often held conferences with groups of them.

In examining his effects at the Riverside County Jail yesterday, the officers found a San Francisco address and other incriminating papers that led them to believe the prisoner was at one time connected with Franz Bopp.

When located, Stephens was apparently hiding in the hills around Hemet. A battle was expected by the arresting officers, as it was known the wanted man was heavily armed. However, he surrendered without a struggle. He will be held pending the investigation.

Last evening, Deputy United States Marshal Bassett and an assistant left for San Francisco with John, or Frederick, Duhn, the young suspect brought from Imperial Valley, and A. D. Bauer of this city, who was held in the County Jail on the allegation that he was conspiring against the United States. At the Bay City the men will be turned over to the military authorities at the Presidio. This is under orders of the War Department, which has assumed jurisdiction over all cases involving violation of the neutrality laws.

Investigation of Duhn's activities has been in direct charge of United States District Attorney Schoonover, and no information in regard to the case has been given out here. The man yesterday participated in two long conferences in the office of the District Attorney, during one of which his hat, overcoat and a bulging suit case he had carried were taken into the room where he was being questioned. Mr. Schoonover and Special Agent Blanford of the Department of Justice took part in questioning Duhn.

All Together.

WAR FERVOR GROWS.

Girls of University of Southern California Organize Red Cross Division—President Bovard and Students Bid Good-by to Volunteers.

Over 100 co-eds of the University of Southern California yesterday became members of the Red Cross of Los Angeles, forming the university division of that organization.

It was Red Cross day on the campus of the university. Tables throughout the corridors were centers of enrollment. A largely-attended meeting took place in the chapel, at which Mrs. Martha N. McCann of the Los Angeles Red Cross and Miss Gertrude Comstock of the university faculty urged the girls to join.

The new members met at noon around a large table in the university cafeteria, and organized, electing Mildred Mackay chairman. She will shortly appoint her committees.

Fervor was added to the meeting by the students' farewell to J. Paul Elliot and a dozen other members of the University student band who have enlisted in a body.

President Bovard summoned Director Elliot to the platform and eloquently praised him and his fellows for their sterling patriotism.

The young musicians are now known as the band of division 9, Naval Militia. The division left yesterday for San Francisco and the band will go today.

SCHOOL BOYS ENLIST.

Forty students have already enlisted in the infantry company that is being raised by the Los Angeles Junior College and which will be placed at the disposal of the military authorities. The enlisted students will continue their college work, but will be ready for any call. Drill will be held three times a week.

ARTILLERYMEN ORDERED OUT.

Four of Local National Guard Companies are Ready to Move.

Col. Harry B. Light, commanding the local companies of the Coast Artillery, N.G.C., last night received orders from Adjt.-Gen. Borre of Sacramento to mobilize four companies of his command. The companies affected are the Thirteenth, Fourteenth, Fifteenth and Eighteenth. The mobilization will be effected at Normal Hill Center.

The order to mobilize did note state where the companies were to report. The work of mobilization was started immediately upon receipt of orders and the men will be ready to move this morning. About 425 artillerymen are affected by the order.

WHERE TO GO TO ENLIST.

Central Recruiting Station is Located at Fourth Street and Broadway.

Central recruiting headquarters are now located at Fouth street and Broadway in the room formerly occupied by the Security National Bank. Enlistments in any branch of the service are received there. All able-bodied male citizens between the ages of 18 and 45 are eligible.

Sergeants representing the Seventh California Infantry, Coast Artillery, Battery A, California Field Artillery, Engineering Corps, Cavalry, Machine Gun Company, Hospital Corps, Naval Militia, Motor Reserve, Ambulance Corps, United States Marines, United States Army and Navy, United States Army and Officers' Reserve Training Corps, are ready to receive your name there. Motor service is provided to carry recruits to the regimental headquarters at the Armory.

Other recruiting stations are located as follows: United States Army, San Fernando Building; United States Navy, Union Oil Building, second floor; United States Marine Corps, Central Building, second floor; Naval Militia, Sixth and Main streets, ground floor, Pacific Electric Building; Naval Coast Defense Reserve, 1211 Citizens' National Bank Building.

Co-operation.

EXPERT ADVISERS FOR HOME GUARD.

ARMY MEN GIVE ASSURANCES THEY WILL ASSIST.

Maj. Pillsbury, the District Engineer, is Joined by Many Retired Officers in Proffer to the Mayor—Are All Residents of this Vicinity.

Working toward a maximum of efficiency in the Los Angeles Home Guard, Mayor Woodman yesterday announced he had been given assurance of assistance from Maj. George B. Pillsbury, United States District Engineer, and nearly a score of retired army officers, who are now residents of Los Angeles and vicinity. The latter are:

Maj.-Gen. W. A. Kobbe, U.S.A. (retired,) No. 116 South Grand avenue, Pasadena; Brig.-Gen. James M. Bell, U.S.A. (retired,) No. 1043 Atchison street, Pasadena; Brig.-Gen. Henry C. Hodges, U.S.A. (retired,) Hotel Maryland, Pasadena; Brig.-Gen. John I. Rodgers, U.S.A. (retired,) Hotel Pepper; Brig.-Gen. George B. Rodney, U.S.A. (retired,) No. 177 South Sycamore avenue, Hollywood; Brig.-Gen. J. Milton Thompson, U.S.A. (retired,) Hotel Pepper; Col. W. E. Welcher, Armory; Col. Arthur Williams, U.S.A. (retired,) No. 315 South St. Andrews place; Col. Walter S. Scott, U.S.A. (retired,) No. 2723 West Ninth street; Col. John C. Gresham, U.S.A. (retired,) No. 421 West Adams street; Col. J. A. Maney, U.S.A. (retired,) No. 1145 West Fifty-first place; Lieut.-Col. W. E. Purviance, U.S.A. (retired,) No. 742 South Kingsley drive; Maj. John Murray Hoag, U.S.A. (retired,) No. 216 South Serrano avenue; Maj. A. A. Canabiss, U.S.A. (retired.) No. 914 South Alvarado street, and Capt. L. R. Ball, U.S.A. (retired,) Throop Polytechnic School, Pasadena.

The Mayor last night sent a telegram to Gov. Stephens informing him of the Home Guard and requesting that he issue a permit at once for its establishment. The Penal Code makes it necessary to get the permission of the Governor. The Mayor expects to receive an answer today.

ACCOUNTANTS RESPOND.

Los Angeles Men Offer Government Service of Trained Minds.

Los Angeles certified public accountants yesterday telegraphed the American Institute of Accountants an offer of their services in any capacity in which they may be needed. The telegram was signed by Charles A. Baskerville, C. S. Black, W. F. G. Blaikie, Reynold E. Blight, R. W. E. Cole, J. L. Davis, P. J. Dubbell, A. M. Loomis, R. L. McCrea, W. P. Musaus, W. J. Palethorpe, C. E. Van Dame, H. Worthington, W. C. Wright, E. H. Spencer, and H. Ivor Thomas. According to the Council of National Defense, the professional training and experience of the accountants make their services invaluable in organizing munition factories, supervising supplies and in the control and handling of administrative detail connected with war organization.

PREPARE TO FIGHT.

Military Training will be Actuality at U.S.C. Today.

Military training at the University of Southern California will begin today.

From this time on members of the university gymnasium classes, augmented by almost the entire student body, will devote their entire attention to the work of training to become army officers.

Pending the expected arrival of an army officer who will be military instructor, the training work is under the direction of Prof. William R. La Porte. Prof. La Porte has been very active in Boy Scout organization for many years.

A special class in first aid and nursing work has been in progress on the campus for some time past, and now has been opened to all students of the university.

Monday afternoon at 4 o'clock an open-air drill will be held on Bovard Field, in which all the men of the university will take part.

TO ORGANIZE HOME GUARD.

A call for a meeting of the men of the Garvanza-Highland Park district at 8 o'clock tonight at the Avenue 62 school, to organize a home guard company, was issued yesterday. Paul Locke will preside at the meeting.

Minutemen.

NATION'S CALL IS ANSWERED.

Gratifying Growth in Local Enlistments Reported.

Marine Corps and Navy are Getting the Most.

Early Volunteers will Have Chance to Advance.

A real rush to the colors is on at the United States Army recruiting station in the San Fernando Building and the officers in charge are working to capacity in handling the influx of men eager to serve their country in its war against Prussian aggression. It was stated yesterday that it is more than likely that the men who join the various branches of the service now, instead of waiting until the call comes in the form of selective conscription contemplated by Congress, will stand good chances of securing berths as non-commissioned officers. This is, of course, as soon as they have mastered the science of drill and equipment, for thousands of trained men are going to be required to drill the mighty hosts which Congress expects to call into service.

The United States Marine Corps, with headquarters on the second floor of the Central Building, is also experiencing a heavy enlistment.

"We are certainly getting a fine, manly lot of fellows," said Capt. Swain yesterday. "They are coming in now about as fast as we can care for them and we look for a bigger rush each day as the war developments are announced."

Commander Ward Winchell of the United States Navy recruiting station stated yesterday that he is highly gratified with the results of the past few days. "I was sure," he said, "that when the young men of the country finally realized the gravity of the situation they would respond in a noble fashion, as did their fathers before them. They are certainly doing so."

Qualified.

HE CAN FIGHT NOW.

Kansas Farmer Boy who Had to Have Guardian Before Enlistment in Navy was Possible, Gets a Flood of Offers; City Employee Sponsor.

William Cunningham, the Kansas farmer boy who could not fight for Uncle Sam until he had a legal guardian, received so many offers yesterday, due to the item in The Times, that he was embarrassed for a time. William is 17 and comes of good, sturdy stock. When his more than 100 would-be sponsors took a look at him they said, "Why, of course, we will agree to stand by him." Finally Public Defender Pope solved the difficulty by selecting William Laws, a field deputy of the Board of Public Works.

Mr. Pope prepared the petition for guardianship and Judge Rives of the Probate Court, after a few preliminary questions, granted the petition. William, among other things told the court that he had worked five years for one man in Kansas.

"If you can stay five years with a farmer," Judge Rives opined, "I guess you will remain four years with the navy."

Mr. Laws was appointed guardian, and after giving William good advice, instructed him to write frequently and thus keep in touch with him. Mr. Laws paid the court fees and said he was glad to invest $6 in a lad brave enough to enlist. William had already passed the service examination.

One of the first to apply as sponsor was R. S. ("Cupid") Sparks. Another was Mrs. G. M. Anderson, who bed-ridden, sent a representative. Another, C. L. Dawson, said he will find another orphan and help him enlist.

Generosity.

SCHOOL IS OFFERED.

San Diego Army and Navy Academy's Full Equipment Placed at Government's Disposal for Training Officers for the Reserve Corps.

Capt. Thomas A. Davis, head of the San Diego Army and Navy Military Academy, who is now in Los Angeles, said last night that he has telegraphed to the Adjutant-General at Washington offering the use of the academy and its full equipment for the training of men of the Officers' Reserve Corps.

There is a twenty-acre campus and several hundred acres back of school are available for field maneuvers. Many of the older students have had from three to four years of military drill, and at least fifty of these young men have volunteered their services to act as drill masters for recruits. The offer of Capt. Davis provides that the maintenance and instruction of volunteers for the officers' corps shall be carried on at actual cost.

THEIR JOBS SAFE.

Universal Film Manufacturing Company Encourages Enlistments.

Employees of the Universal Film Manufacturing Company who respond to the call to the colors will not lose their positions, according to the following announcement made yesterday by H. O. Davis, vice-president of the company, and general manager of Universal City:

"All employees of the Universal Film Company who enlist in any branch of the United States Army or Navy during the present war crisis will have their position held for them until mustered out of the service."

In addition to the film men who already have enlisted in the army and navy, a number belong to the National Guard, others are members of the Coast Artillery, and there are also some members of the Naval Militia.

DEFILEMENT OF FLAG AVENGED.

Two Insult Emblem and Go to Hospital—Stiff Jail Term for Each.

Two men were sentenced by Police Judge White yesterday to serve fifty days each in the City Jail, for having defiled the American flag. The men are Theodore Calderon, a Mexican, and John A. Ullrich.

Calderon was arrested at First street and Santa Fe avenue and Ullrich at Third and Main streets. The latter is alleged to have torn a small flag from his coat lapel, trampled and cursed it and insulted persons who remonstrated with him. Calderon is said to have told a group of men that the American flag is useless. Both men visited the Receiving Hospital for repairs.

In sentencing the men Police Judge White said: "There is no protection in this city for the man who insults the American flag."

Routine.

DEFENSE MEASURES.

Recommendation that City Continue Pay of Policemen Absent Upon Military Duty Referred to Council Committee; Guns Officially Accepted.

The recommendation of the Police Commission that a special fund be provided for the payment of salaries of employees on leave of absence and performing military duty and for an appropriation of $400 to be used for the purchase of belts and leggings for members of the police department while performing defense service, was referred by the Council yesterday to the Finance Committee.

The Council officially accepted 400 carbines and 20,000 rounds of ammunition purchased for members of the police department, and the purchasing agent was instructed to buy 20,000 rounds of pistol ammunition.

DON'T BUY OF SOLDIER.

Chiropodist is Held to Federal Grand Jury on Unusual Charge.

Dr. Harry C. Hiner, a chiropodist doing business at No. 132 West Second street, who is charged with having in his possession a revolver belonging to the government, had his preliminary examination before United States Commissioner Hammack yesterday. The only witness was Deputy United States Marshal Smith, who made the arrest.

Dr. Hiner, who claims to have served in the army for seven years, stated that he bought the gun from "Tex" Meyer, a trooper, on his return from Nogales, and that he did not know it was a violation of law to buy a firearm from a soldier. He said he paid $7.50 for the weapon. Hiner was held to the grand jury in a bond of $500.

UNDELIVERED TELEGRAMS.

There are telegrams at the Western Union for Mrs. Ted Anthony, R. A. Burnett, D. E. Bradbury, Ella Custis, Will L. Carl, Mrs. J. R. Davis, Myron Eddy, E. P. Frost, Grove Fiske, Harry M. Gilliam, A. C. Gilbert, Cahs Gillis, N. O. Hirsch, Irvin T. Hocker, A. H. Howe, John Hobbs, J. F. Kaufman, J. S. Kern, Julio Lujan, R. C. Macy, H. H. Muffley, Phillip J. Manson, Reggie Morris, N. C. Olson, Don Peake, George A. Ruhman, H. I. Reynolds, Mabel Redmile, J. P. Straughan, H. Vanderslice, J. W. Weatherly and L. F. Weaver; at the Postal for R. H. Schultz, Robert E. Korb, H. Kenyon Burch, Miss Evangelina Estachim, J. W. Todd, Mr. Bronton, Ohashi.

NAVAL MILITIA UNITS DEPART.

Five Divisions and Staff Go Under Veiled Orders.

Crowd Weeps and Cheers for Six Hundred Wayfarers.

First Company of Marines is Expected to Follow.

Amid a thunder of cheers and a chorus of good-bys from the throng of mothers, wives, sisters, sweethearts and friends who with tear-stained, pride-lit faces gathered to say farewell, 600 California Naval Militiamen yesterday entrained at the Arcada Station for "somewhere in the United States," to help to man Uncle Sam's Navy in its mission of sweeping the seas clear of German submarines.

The four divisions of sailors and one division of engineers are under the command of Commander A. H. Woodbine, who with his staff, Lieut. E. L. Doheny, Jr., Lieut. Nelson Taylor, Lieut. H. M. Haver and Assistant Surgeon Archie MacLeith, left on a special troop train over the Southern Pacific at 4 o'clock yesterday afternoon. The destination is withheld.

The divisions that left yesterday are No. 7, in command of Lieut. R. W. Clark; No. 8, Lieut. G. E. Link; No. 9, Lieut. Frank Seaver; No. 11, Lieut. J. L. Armstrong, and the engineers, Lieut. H. H. Harphan.

The militiamen left the Armory at Exposition Park at 1:30 o'clock in the afternoon and marched by way of Figueroa street to Washington, to Hill street, to Eleventh, to Main and Broadway, up Broadway to Seventh, to Spring, to Fifth and on Fifth street to the station.

The men were lustily cheered all along the route.

When the depot was reached the four divisions stood at ease for a brief period, after which the ranks again came to attention and the men marched to their train, which was ready in the sheds. Here they were again formed and each man, upon the calling of his name, stepped to the baggage car, received his canvas dunnage bag and marched on to join his squad and enter the train. The entire work of entraining occupied but a few minutes.

The First Company of Marines will leave today, presumably for the same destination as their companions in arms.

PATRIOTIC DISPLAYS.

National Emblems Grace Windows of Big Downtown Stores.

The becomingness of the Red Cross garb is proclaimed by the pretty figurines in several downtown down, where, surrounded by patriotic emblems, pictures and mottoes, they seem to be in readiness for the good work of the order.

The windows of the J. W. Robinson Company, on Seventh street, are handsomely arranged with a feminine wax figure clad in the dainty uniform and holding on high a flag and standard, while all around are emblems and the various manifestations of the United States colors. Photographs of battleships and portraits of great patriots of the country, George Washington, Abraham Lincoln and President Wilson, are uniquely framed in starry ribbons, while a deft arrangement of rich velours in red and blue forms a pleasing background.

At Hamburger's a large window on Broadway is devoted to the Red Cross inspiration. Around the nurse are grouped flags of many sizes and materials, while upon a pedestal a huge American eagle holds in his beak the flag. Bronze busts of America's great men and pictures of those who have helped to make the nation's history are grouped happily in this scene.

The Vogue Company shows the Red Cross nurse clad in the uniform which is so becoming, the filmy white of the veil tastefully arranged in turban style, with the Red Cross at the center of the forehead. Flags form an inspiring setting.

The Ville de Paris, in a window filled with flags and emblems, calls particular attention to the framed letter of President Wilson, admonishing patriots to preserve this wonderful document as a souvenir for posterity.

NEED SHIP DRAUGHTSMEN.

Federal Commission Urges Subordination of Private Interests.

Secretary Tynan, of the United States Civil Service Commission, with offices in the Federal Building, stated yesterday that the commission is making an extraordinary effort to supply the Navy Department with ship draughtsmen. Ship construction, under the recent act of Congress, is in progress, but all the shipbuilding work undertaken at government yards is retarded, he stated, by the shortage of ship draughtsmen. Private yards are being appealed to for extra men not needed in these establishments.

Applicants for the position are not assembled for examination, but are rated upon the elements of physical ability, education, training and experience. They are accepted by the commission at any time, and those who are found qualified will be employed at once. Application blanks may be obtained at the local office.

The commission urges qualified persons to take the examination regardless of their private interests, believing that in the national crisis every person with special knowledge should use that knowledge where it will be of the most value to the government.

LIFE AT THE FRONT.

The home of Mrs. Hancock Banning, on West Adams street, will be thrown open next Tuesday afternoon for the use of the British Ambulance Society. Cyril Maude, an English actor, will tell stirring incidents and describe scenes enacted at the Somme front. Mr. Maude spent a year on the French and British fronts. Mrs. Banning will be assisted in entertaining by Mmes. W. A. Clark, Will Norris, Russel Taylor, M. J. Connell and others.

The Story of Security

The doors of the Security Trust and Savings Bank were opened to the public for the first time on February 11th, 1889, in a little store on Main Street. That was 28 years ago.

Now this Bank occupies the entire ground floor of the Security Building at Fifth and Spring Streets, and has a greater number of depositors than any bank West of Chicago.

The capital of $1,800,000; surplus and undivided profits of $2,033,984.46, and resources of more than 57,000,000 of dollars, conveys an idea of the size and strength of this Bank.

No matter whether your start be proportionately as small as was ours, or relatively as large as we have grown to be, we want to serve you too.

DANISH WOMAN REGAINS HEALTH

Tells Everybody What Lydia E. Pinkham's Vegetable Compound Did for Her.

Chicago, Ill.—"It gives me great pleasure to let others know that I improved in health with the first bottle of Lydia E. Pinkham's Vegetable Compound; after taking two bottles I am entirely well. Before taking it I could not do any kind of work without a pain in my back as I suffered so much from inflammation. I had headaches, was always tired and no appetite. Words cannot express my gratitude for the good your medicine has done me, and through me to my family. I recommend Lydia E. Pinkham's Vegetable Compound to all women suffering from female troubles, particularly to Danish women."—MRS. META DAMGAARD-MATZAN, 2137 Kimball Ave., Chicago, Ill.

It is positively sure that Lydia E. Pinkham's Vegetable Compound has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration.

Knowledge is a High-power Rifle.

An Opportune and Extraordinary Premium Offer

The Times has made arrangements to distribute to its patrons, as a premium with the Daily and Sunday Times, the intensely interesting book entitled

"Military and Naval America"

BY

CAPTAIN HARRISON S. KERRICK, COAST ARTILLERY CORPS, U. S. ARMY.

(Published by Doubleday, Page & Co., New York.)

To Be Ready for Delivery About April 29th or 30th.

Meantime, and while waiting for it, read the luminous review headed "America's Forces Well Described" on page 18 of Part III, Sunday's Times of April 8.

This Book, THE RETAIL PRICE OF WHICH IS TWO DOLLARS PER COPY, is an Encyclopedia of Valuable Information, trustworthy, timely and authoritative concerning the various activities of the

Army and Navy and of the Auxiliary Elements of National Defense,
The Coast Guard,
(Revenue Cutter and Life-Saving Service)
The American National Red Cross,
Military Colleges,
Camps of Instruction,
Rifle Clubs, Boy Scouts, Etc.
Characteristic Illustrations, Maps, Diagrams

and tables of organization, strength and pay.

A Book for Soldiers. A Book for Sailors. A Book for Regulars. A Book for Volunteers. A Book for Young Men. A Book for Old Men. A Book for All Men. A Book for Citizens "on foot and in carriages."

Contains a Comprehensive Glossary of Military and Naval Terms, and answers practically all questions that any one, whether soldier or civilian, would be likely to ask concerning the Army and Navy. Besides, it is fascinating.

A handbook of facts in a crisp and vivid style. Prepared by the authority, and with the help of the U. S. War and Navy Departments.

"Military and Naval America"

Is in many respects the foremost publication of its kind extant, and should be read by every patriotic American. It contains information, suggestions and instructions that will enable every man and woman to render effective service to the nation.

New subscribers to The Times can obtain this book and did $2.00 book and the Daily and Sunday Times for six-months subscription contract by paying 90 cents a month for both. This is only 15 cents a month more than the regular subscription price for The Times alone.

The book will be sold to old subscribers and to the general public at The Times Main and Branch Offices for $1.50 per copy, which is 50 cents less than it can be purchased for elsewhere. It will be postpaid to any address in the United States for $1.60 per copy.

Countless men and women may acquire from this incomparable volume the authoritative information necessary to an intelligent understanding of the personnel and plan of organization of the United States Army and Navy; and all readers naturally wish to be well informed and intelligent.

Subscription Contracts and Additional Information will be furnished upon request.

The Albees entertained last week for Mr. and Mrs. G. L. Bennett prior to their departure for Canada.

To Leave for Arrowhead.

Mrs. John Percival Jones will leave for Arrowhead Springs Wednesday and will take with her her little grandson, who is recovering from an attack of measles. The two will stay at Arrowhead a little more than a week.

Plan Society Dramatics.

The Amateur Players will give a performance May 1 or 2 at the Little Theater for the benefit of the Base Hospital. Already more than 700 reservations have been made and the affair will be a real society event, though masquerading under the guise of a benefit. The piece presented will be "The Lady from Oklahoma."

Bal Optimisti Tonight.

This evening several balls will be given in defiance of the bad luck hoodoo which is supposed to lurk in Fridays and in thirteens. When such a combination of bad luck appears, however, it goes on the principle that two negatives make as affirmative, thus proving that Friday the 13th is a lucky day.

The Bal Optimisti which will be held at the Alexandria this evening will be given by the Daughters of the Confederacy, and will be a brilliant, as well as novel affair. The rabbit's foot will be much in evidence, and other good luck charms will be used to disperse the hoodoo. A programme of fancy dances will take place in the intermission.

Charity Ball Attractive.

Invitations for the Charity Ball this evening at the Hotel Hollywood given by the Hollywood Girls' Auxiliary have been received eagerly, and the stage is set for an attractive party, despite the date.

The proceeds will go to the support of two beds in the Children's Hospital. Some of the women who are interesting themselves in the success of the affair are, Mmes. Rollin B. Lane, Charles Howard Lippincott, Ralph M. Burdick, Ingle Carpenter, D. G. Greenwood, Alexander Barrett, Paul Campton, Robert McJohnston, Charles Eastman, Kenneth Bissell and Forbes Lindsay.

Announcement Tea.

At a pretty tea Wednesday afternoon, Mr. and Mrs. J. W. Dolan of No. 1747 Las Palmas avenue, Hollywood, announced the engagement of their second daughter, Clarissa Catherine Dolan, to Thomas William Cullen, a prominent business man of Omaha, Neb.

The rooms were decorated with bright yellow poppies, and the dainty tea table was arranged with centerpiece of the same flowers. About twenty-five guests were present. The happy secret was brought to the guests by the little namesake niece of the bride-elect, Clarissa Catherine Dolan, and the messenger of glad tidings gave to each guest an envelope containing the news.

Through the afternoon musical numbers were given by Misses Morgan and La Grant, who entertained with piano and violin selections.

The guests were received by the Misses Marie and Florence Dolan, sisters of the bride-to-be.

Miss Dolan is a graduate of Los Angeles High School, and is an extremely popular member of the Hollywood younger set. The wedding will take place sometime in the fall.

SABBATH SERVICES.

Subjects of the Rabbis at Temple and the Synagogue.

At the 8 o'clock services this evening in Temple B'nai B'rith, Ninth and Hope streets, Dr. S. Hecht will speak on "Righteous Indignation." Rabbi Edgar F. Magnin will speak at the services at 10:30 o'clock tomorrow morning on "Culture and Cash." The Sunday Forum has closed its sessions for the season, because of the probable absence of Rabbi Magnin from the city. In the course of the work just closed, almost every great religoin, ancient and modern, was studied.

The closing services of the Passover occurred in the Synagogue Sinai, Twelth and Valencia streets, last night. There will be services in this synagogue at 8 o'clock this evening and at 9:30 o'clock tomorrow morning. Dr. David L. Liknaitz will speak tonight on "Israel's Hope," and tomorrow on "Numbering of Days."

Great values in used typewriters are advertised in the "Typewriters" columns in The Times "Liner" pages.

FRIVOLS.

Up and Down Broadway.

FAIRBANKS IS BACK.

DOG DAYS REACH EVEN TO THE MERRY SHOW WORLD.

By Grace Kingsley.

"Kindness to Animals Week," which begins next Monday, isn't to be passed up in silence by the theatrical folk—not by a long ways. Kindness to Animals Week is the enterprise of the American Humane Association. Tin cans in relation to unhappy canines will be strictly taboo in all circles during the continuance of the humane occasion, when Fido, Pinto, Puss, Bossy, Bunny and Dicky-bird will be the subject of unusual consideration.

The humane association has asked the theater people to co-operate in the cause, and inasmuch as the leading lady's dog and the leading man's horse are traditionally famous for holding a high place in the regard of these distinguished persons, it is easy to see with what enthusiasm they are taking the matter up.

Not only will stars of the theatrical firmament shine by example, but they will take a leading part in school celebrations, by making short speeches and reciting animal stories at the various schools in the city. Among those pledged to speak are Ramsey Wallace, Bertha Mann, Warner Baxter, Sue MacManamy and Frank Darien (though Frank owns only a profane parrot from which he says he has hard work to protect himself,) of the Morosco company; Frank Deshon, William Danforth, Virginia Foltz, Miss Joyselle, Ursula March and George McDaniel (Mr. McDaniel reports his principal pet is a "fliv,") of the Burbank; while at the Orpheum George Kelly and Rita Mario have promised to wax eloquent on the subject of kindness to our dumb friends. Picture stars, too, will take part, among others Herbert Rawlinson, Anita King, Al Christie, Myrtle Gonzales and Jackie Saunders.

Prohibition Brief.

Lew Dockstader, at the Orpheum, tells of an incident at a prohibition meeting he recently attended. The speaker of the evening, after a fiery outburst, brought his remarks to a climax by saying: "If any man here can name an honest business that has been helped by the saloon I will spend the rest of my life working for the liquor people."

A man in the audience arose. "I consider my business honest," he said, "and it has been helped by the saloon."

"What is your business?" yelled the orator.

"I'm an undertaker."

Frankie in Jimmie's Shoes.

Frank Darien will have the opportunity to show his real worth at the Morosco beginning Sunday. He will appear as Alfred Hopper, "a victim of a fog," in "Somebody's Luggage." Darien will have the onerous task of filling the shoes of Jimmie Powers, noted comedian, in this role, as the play was written especially for Powers by Mark Swan and enjoyed a profitable run in New York City.

Kids Love Mary Sunshine.

More than 100 children, from the Los Angeles Orphan Asylum were tumultuously happy guests at the Palace Theater yesterday, when there was given a special performance of "Told at Twilight," the play which has been delighting "grown-up" movie fans, as well as hundreds of children who love 4-year-old Baby Marie Osborne.

Dog days are bound to come, but they are upon Hammond Beall, publicity expert for the Del Mar production of "Rip Van Winkle," sooner than the calendar schedules them. To leave off fantastic metaphor, the bald fact remains that Mr. Beal has on next Monday to hold a try-out of canine actors at his office in the Union Trust Building for the purpose of casting one of them to play the dog Schneider to Thomas Jefferson's Rip. The plans and specifications for Schneider demand only that he shall be a hunting dog of the setter or spaniel variety, and that he have a little more than average canine intelligence. Otherwise, color, race and previous condition of servitude will not hamper the choosing of the dog artist.

Mr. Beall modestly deprecates the honor of setting himself up as a judge in the matter, and will take the word of the dogs' owners as to their capabilities. So if you have a dog that can act, bring him forward. As it is "Kindness to Animals" week, Mr. Beall is expected to exercise unusual patience and kindness in his treatment of the doggy ingenues and tragedians.

Once Was Pencil-Pusher.

Once upon a time, George Kelly, Paul Armstrong's nephew, who is appearing in his own sketch, "Finders—Keepers," at the Orpheum, was a newspaper reporter. Kelly tells how, in an emergency, he was assigned to head copy. The first item he received read: "A book-keeper today received a severe electric shock while using an adding machine which was driven by an electric motor." And the head Kelly put on the item was, "Stung by an Adder."

Hartman Wins Bet.

Singing Ko-Ko in "The Mikado" being one of our great theatrical indoor sports, it was a big night at the Burbank last night, with Frank Deshon and Ferris Hartman jousting in the artistic lists for first honors in presenting the role.

Hartman last week bet Deshon he could go on and sing the part without so much as a rehearsal. He did, and got away with it. And today he's so set up about it that rumor has it he is momentarily expected to challenge E. H. Sothern in "Hamlet" or to make up as Sarah Bernhardt in "Camille."

Too Much Realism."

Seymour Tally, left in complete charge of Tally's Broadway, after his father's departure to New York, was all fussed up yesterday morning, when, on entering the theater he found the name, "Arsene Lupin," written on the walls in chalk. While the Tallys do not keep the family jewels in the box office safe, yet it was disturbing to find the name of the noted robber conspicuously engraved in the theater other than on the posters. However, nothing was missing except some handbills advertising the show, and come to find out, the name had been written by a mischievous but enterprising young usher, who had taken the hand bills out to distribute them, and thought to play a bright trick on his employers.

"Doug" is One of Us.

"Doug" Fairbanks arrived in town yesterday, bringing with him not only an array of New York masculine finery, but a whole set of plans for introducing new thrills in his second Arteraft production, "A Regular Guy."

Mr. Fairbanks declares himself delighted to get back to California, where he can have his bucking broncho to ride, and breathe some fresh air. He states he brought seventeen people west with him, a majority of whom had never been this side of Broadway, and who expected to see highly painted Indians and daredevil cowboys roaming the streets of Los Angeles.

The Fairbanks party expects to remain here about three months, after which they will visit Honolulu, war conditions permitting.

Suspense Ended.

One cause of public suspense is now ended. The question that has been baffling the prophets of Flicker Row and the politicians around the City Hall has been decided. Former Mayor Sebastian's eight-reel photo-drama, "Invisible Government," will be shown at Clune's Auditorium commencing Monday, the 24th, the necessary negotiations having been made between W. H. Clune and Fred H. Solomon, president of the producing company.

The film is nearly ready, only the famous trial scene and certain episodes in the interior of "Room 17" remaining to be filmed.

That Independent Peters.

The guy, House Peters, is an independent cuss. The fact that Mr. Peters is now in San Francisco negotiating for a site for a new studio lends color to the recent rumor that he was planning to form his own company and direct and produce his own plays. And not only this—he will desert Los Angeles to do it.

Gloria Swanson,

Who is to glitter gleefully in one of Mack Sennett's giggle generators next week at the Woodley.

AT THE THEATERS.

Tally's Broadway.

"Arsene Lupin," with Earle Williams and a strong cast of players, is proving one of the best attractions of the year at Tally's Broadway Theater. The added film, "Our Nation's Defenders," is also of exceptional interest. Next week Mary Miles Minter will be seen at Tally's in "The Gentle Intruder," said to be one of Director James Kirkwood's pet productions.

Superba.

"Susan's Gentleman," the five-reel Bluebird photoplay from Kate Jordan's romance of English country life, is proving a good drawing card at the Superba this week. Violet Mersereau, the star, plays a dual role—the runaway heiress of Croyden Hall and her own daughter. Added attractions at the Superba are a Burton Holmes travelogue and an exciting episode of "Patria."

Garrick.

The inimitable Charlie Chaplin will come to the Garrick, beginning Sunday, in his new screen success, "The Cure." The funmaker will delight his devotees with his laughable escapades in the mazes of a Turkish bath and rest cure sanitarium.

For the rest of the present week House Peters and Myrtle Stedman will continue to appear in the emotional drama, "As Men Love."

Palace.

Baby Marie Osborne will be seen only three more days at the Palace in the delightful photoplay, "Told at Twilight."

Next week Gladys Hulette is to appear in the Irish comedy drama, "Pots and Pans and Peggy." In addition to this feature the management will offer "one of the best ever" Max Linder comedies.

Woodley's.

A Sennett-Keystone comedy called "Her Nature Dance." "The Bottle Imp," featuring Sessue Hayakawa, and a Woodley special showing the Keystone beauties in their Easter fashions, make up the splendidly-successful programme at Woodley's Theater this week.

Next week Woodley's will feature George Beban in "The Bond Between," and will show another "Teddy" picture, called "Teddy at the Throttle," featuring the famous Keystone Dane.

Symphony.

Olga Petrova and Mahlon Hamilton will appear at the Symphony beginning next Sunday in "The Waiting Soul," which is said to be an emotional photodrama of exceptional excellence. The attraction this week is the fascinating Robert Chambers story, "The Hidden Children," featuring Harold Lockwood and May Allison. The picture is drawing big houses, and the co-stars are adding new laurels to their wreath of fame.

Clune's Auditorium.

The Rex Beach feature, "The Barrier," continues to show to crowded houses twice every day at Clune's Auditorium. The popular author has added thousands of admirers to his list by picturing his own well-known stories, which are true to the interesting American types with whom the clever writer came in contact during his long experience in Alaskan camps.

MUSICAL.

Starts Abroad.

SONGS MARK PATH.

AMERICAN IDEAL RISES UPPERMOST IN FAY RECITAL.

By Edwin Schallert.

When a Frenchman came to this city recently he closed his programme with the singing of the "Marseillaise;" when an American girl gave an encore at the end of her recital last night it was "The Star Spangled Banner." I do not recall having heard anybody give "Die Wacht am Rhein" within the last few weeks; it isn't being done just at present.

Neutrality, it seems, is still observed in the musical world to the extent of including German lieder, which is as it should be, because the music that is worth anything is bigger than any national boundary lines, and national quarrels and jealousies. It is almost the one language at the present day that does not represent something that is offensive to some nation or other.

In the programme she offered last night at Trinity, Maude Fay got steadily closer home as she proceeded. She was right with us when she came to the final encore, and the great majority of us were with her.

Miss Fay is a California girl, and she has just made her musical return to this State after success both abroad and in this country. Her recital was a clear indication that she must have brought no little credit on her home.

NATURE SURVIVES.

No matter how many snobbish capitals Miss Fay visited abroad, or how many noted instructors had to do with cultivating her voice, they did not succeed in burying the natural California sunshine beneath a mass of method. Miss Fay's tones are refreshing and bright, with a lucid quality, almost transparent sometimes. In interpretation she is natural, not given to excess subtlety, but manifesting a reposeful style that seems to be gaining more adherents all the time in modern-day art. You could hardly wish for anything more delightful of the kind than her closing programmed offering "Spring," by Lane Wilson, which revealed the brightness of her voice to special advantage. Of the deeper order, and treated with an excellent degree of shadings were the French songs, "Chant Norwegienne," by Fourdrain, and "Deception," by Tschaikowsky. I liked especially well, too, her rendering of that strange lay, "Aedh Wishes for the Cloths of Heaven," by Fogel. She pleased her audience very especially with her clear-cut version of "The Star," by Crouch, her appealing "Kathleen Mavourneen," and "Die Rose," by that nearly-forgotten composer Spohr. An epitome of simple feeling, too, was the encore, "Long, Long Ago," although it is not a song I personally would wait a minute to hear.

The opening group was devoted to some rather rare operatic selections, in which Miss Fay evinced her style and training. The principal novelty in this group was the Romanza from Catalani's "La Wally," an opera which has attained some degree of popularity abroad, although virtually unknown in this country.

Any weakness in Miss Fay's work is due chiefly to the fact she does not evince the greatest skill imaginable in breath management, and her phrasing is sometimes slightly imperfect on this account. Her voice showed improvement in this regard as the recital went on, which would indicate a portion of the fault may have been due to a tinge of nervousness. Miss Fay sounded her limitations noticeably in Richard Strauss's "Caecilie," in which Mrs. Gertrude Rose at the piano, who gave splendid assistance to the singer in every other instance, did not perfectly comply to all demands.

The concert as a whole was a pleasing example of how much an American girl can accomplish if she has the proper opportunity in music. Miss Fay deserves full credit for her accomplishment, and every encouragement to go on with her work, which is marked by both intelligence and beauty.

Mrs. Rose's accompaniments, characterized by thorough under-

Brahms Quintette.

Again today the American ideal will rise triumphant in local music. That favorite organization, the Brahms Quintette, is to give a programme devoted to the composers of this country, including Mrs. H. H. A. Beach, Charles Wakefield Cadman and George W. Chadwick.

Very interesting will be the presentation of Mr. Cadman's trio—the composition of his to be included—as he will assist at the piano in the rendition. Another especially attractive feature will be Jay Plowe's appearance as solo flutist in Mrs. Beach's variations for flute and strings. The regular squad of the Brahms Quintette will appear in the closing offering, Chadwick's quintette for piano and strings.

Notes and Notations.

Several operatic arias are to be given by Mary Le Grand-Reed at her recital the 17th inst. at Trinity. These will include "Depuis le Jour" from Charpentier's "Louise," and "Ave Maria" from "Othello" by Verdi. Mrs. Le Grand-Reed has just lately returned to this country from England.

Owing to a typographical error the meaning of a portion of the criticism Tuesday morning of May MacDonald-Hope's piano recital of Chopin compositions was clouded. The sentence affected should have read, "There is a dramatic impulse in her playing that entirely removes it from the everyday slovenliness that characterizes much of the treatment of Chopin's work."

Miss Winifred Ballard will present her violin pupils in recital tomorrow afternoon at Payne's Dancing Academy, on the corner of Orange and Alvarado streets. The pupils will be assisted by Mrs. Charles Baskerville and Mrs. N. Schultz.

OVER THE SANTA FE.

The Santa Fe Railway Company's Golden State Concert Company will leave here Monday for a tour of the Santa Fe system to Chicago. The company will be gone one month, and they will give entertainments at all the larger stations on the Santa Fe for the benefit of the employees of the road, their friends and relatives. The company for this occasion will include the following well-known musicians and singers: Mr. Newell Parker, pianist and accompanist; Mrs. Jessie McDonald Patterson, Miss Iona Beap, Mrs. Patsy Crow and Mr. Earl Couch.

LECTURE BY POWYS.

John Cowper Powys, author and lecturer, will give the first of three lectures in this city tonight at Trinity Auditorium. His subject will be "American vs. European Ideals of Living." He contends that the European ideal of life is primarily traditional and esthetic, while that of the American is experimental and moral.

Sure of Factory.

(Continued from First Page.)

whole field of automobile and marine-engine construction.

Great enthusiasm prevailed in Burbank yesterday afternoon and evening when it became known that the town had definitely landed the big industrial prize. Contributions for the purchase of the Moreland site were made by so many persons in Burbank and its vicinity that the now assured factory is looked upon almost as a community project. On the committee which raised the $25,000 required to buy the land were R. O. Church, M. Spatter, J. T. Bates, J. T. Sheldon, J. D. Radcliff, A. E. Dufor, George H. Wood, Charles O. Malone, Dr. E. H. Thompson, C. B. Fischer, E. A. Fischer, Thomas Story and Orville Meyers.

Vale.

THE LAST RITES.

Body of the Late Mrs. J. de Barth Shorb, Member of Prominent Family, is Laid to Rest in Cemetery of Old Mission San Gabriel.

Funeral services for the late Mrs. J. de Barth Shorb, the last of the famous Yorba family, who were among the largest land owners in Southern California, were conducted at the Old Mission Church at San Gabriel yesterday. A requiem mass Gabriel yesterday. A requiem mass terred in the Old Mission Cemetery.

Mrs. Shorb died in San Francisco and the remains were brought here yesterday and placed in the funeral car at Pasadena, and escorted to San Gabriel by a number of the Southland's leading citizens, who were life-long friends of the deceased.

Those comprising the honorary escort were Gen. Harrison Gray Otis, Judge Erskine M. Ross, former Gov. Henry T. Gage, former Judge Albert Lee Stephens, William H. Workman, William R. Rowland, F. Q. Story, Capt. William Banning, Henry W. O'Melveny, Dr. W. L. Wills, Richard Garvey, Harrington Brown, E. L. Watkins, George J. Denis, O. W. Childs, R. F. Del Valle, Wesley Clark, Joseph E. Hanson, Lorenzo Pelanconi, Isaac Cooper and Thomas Cooper.

FOR WAR SUFFERERS.

A concert for the benefit of the Polish war sufferers in Europe will be given in Flower Auditorium, Sunday afternoon, by the Polish Singing Society, Chopin, of Los Angeles. The programme will be made up largely of Polish compositions. Mail Edward Scherman will direct the concert.

TREND OF THE FINANCIAL NEWS.

CHIEF EVENTS OF YESTERDAY.

(At Home:) The governors of the New York Stock Exchange adopted a resolution instructing members of the exchange to turn in by 2 p.m. Friday to the governors a memorandum of securities and money belonging to alien enemies in their possession.

(Abroad:) In London the low-priced American securities were in request at hardening prices, and other shares in this section were marked in sympathy with Wall street on the stock exchange.

LOOK OUT!

The spokesman for the munitions plant at Chester, Pa., says that the explosion in which so many lives were lost was the result of a diabolical plot. Whether or not it was the work of a German reservist is not known and may never be known. Certain it is, however, that the fiend who planned the time explosion was an enemy to America. This is a mighty good time for everybody to keep their eyes open.

BARRED ZONES.

We are going to tremendous lengths to secure the freedom of the seas, while here in Los Angeles we have not yet settled the problem of the freedom of the street crossings. Fifth and Broadway between the hours of 4 and 6 p.m. for the pedestrian is fast becoming a barred zone. The traffic officer has nearly as hard a job as John Bull has been having off the coast of Ireland.

THE WISEST GERMAN.

A German waiter in an eating-house of an oil company in Bakersfield was ordered held for action by Federal authorities on a complaint that he had threatened to poison the food and to burn the American flag on the works. Whatever Germans in the United States may contemplate doing, or whatever they may actually do, the wisest German in the country today is the one who does the least talking.

TOOT, TOOT, TOOT!

The Deutsche Tages Zeitung and the Kreuz Zeitung and the Vorwaerts are bragging that 70,000,000 Germans are fighting 1,300,000,000 people of other nations and will "beat them all." They declare that seventy will whip 1300 even as David of old conquered Goliath. These journalists are following the advice that the New Jersey bivalve fisherman gave to the peddler of his shellfish: "Toot your horn, Johnny, if you don't sell a clam."

DUAL MONKEYALITY.

A wealthy Pasadenan owns a monkey that he claims is playful and perfectly harmless; but a resident of Eagle Rock says the animal is a monster and that the beast entered his home, slapped his little daughter and frightened his wife. Maybe the simian is a sort of Jeykll-and-Hyde character and is living a double life. It is for Pasadena to pass an ordinance prohibiting monkeys from sitting up late at night and reading yellow-backed novels.

BETTER KEEP QUIET.

The Denver Trades and Labor Assembly has contracted for over twenty tons of vegetables, principally potatoes, to be sold to the people at cost. Denver better begin to censor the reports that leave that city. It may not be a good idea to let the Germans and Mexicans know where such a vast supply of foodstuffs is stored. If the citizens of Denver are not more careful about the dissemination of such information Denver will be the first point attacked by the starving Teutons!

JOY IN WORK.

A Philadelphia writer urges the need of industrial art schools. "Whether we realize it or not," he says, "art plays a definite part in the making and sale of every manufactured product." Someone has said that art is the expression of joy in one's work. Certainly no work can be done efficiently or beautifully unless the laborer has his heart and mind, as well as his hand, in the labor which he performs. Utility is the handmaiden of beauty. True art is always useful. "Sunlight is no less beautiful because it assists in ripening the fruit that sustains the bodies of men."

MAKING GOOD.

"I appeal to Missouri men and women to end all differences, close the ranks, be game and make good. Let us make up Missouri's quota by volunteers, not conscription." This from Senator Stone, who vigorously opposed the war resolution. "The hour for discussion is past," he says, "and the hour for action is on. The United States is at war. The Congress has so declared. The people must now support the government." Which goes to prove that when it comes to a "show-down" Missouri and Missouri politicians are right on the job.

THE SPIRIT LIVES.

D'Annunzio, the Italian poet, has only words of praise for America and, from his place at the front, writes: "Italy salutes the glorious spirit which has led the people of the American Union to reconfirm and reseal their pact with liberty." It was natural that America should have joined with those who are fighting on the side of progressive civilization against militarism. It seems that much blood is yet to be shed in order that world wrongs may be righted. There is hope for the world in the fact that men are still willing to die for a cause that they deem to be just; but the spirit in which the sacrifice is made shall never perish from the earth.

NOT NEUTRAD NOW.

The United States of America is no longer a neutral nation. Our neutrality has disappeared in the vortex of the war that has been forced upon us by the Hohenzollerns, who, unhappily for the world, are in control of the government of the German nation.

It is our imperative duty to the memory of our fathers, to the future of our children and our children's children and to the dignity and honor and prosperity of this, the freest, most prosperous and powerful of earth's nations, to remember that:—

"In peace there's nothing so becomes a man
As mild behavior and humility,
But when the blast of war blows in our ears,
Let us be tigers in our fierce rage."

The war in which we are now engaged is a war between the United States of America and the governments of Germany, Austria-Hungary, Turkey and Bulgaria. It is not a part of the war between those powers and the Entente Allies. If Germany had possessed the wisdom to confine her assaults and her ravages to her European foes, and not assailed us against the law of nations and the law of humanity, we would have remained neutral without interfering in the conflict and without even inquiring too closely into its causes, or seeking to influence its consequences.

But such is not the case. Now the drop of blood in the nation's veins that is neutral in a conflict with a foreign power would proclaim it a bastard offspring of despotism and cowardice, and not the child of freedom and courage.

We are not fighting to achieve the ends sought by the Entente Powers. We do not really know what those ends are, and we do not much care to know. So far as we co-operate with them; so far as we replenish their exhausted treasuries; so far as we supply their soldiers with guns and their arsenals with munitions, we do so in our own interests and not—except incidentally—in theirs. If Germany were tomorrow to abandon her campaign of ruthlessness, to recall her submarines and, in good faith, immediately and utterly abstain from further assaults upon our flag, and make adequate reparation for injuries already inflicted upon our country and people, we could, with consistency and dignity, accept the offered peace and resume a position of neutrality.

This we should then do, but not until then. Our present duty is to urge our young men to seek the recruiting offices and our old men to counsel them that their first duty is to their country. Cease the pursuit of wealth merely for wealth's sake. Hush to enforced silence the feeble voices that call for peace at the price of national dishonor. Say to our noble, patriotic women:—

"Weave no more silks, ye factory looms,
To deck our girls for gay delights;
The crimson flower of battle blooms
And solemn marches fill the night.

"War, stern war, while there must be war,
But till a just peace comes,
Mix not the tremble of ivory keys
With the passionate throb of the drums."

And let rich and poor, men and women, old and young, rally around Old Glory and remember that WE ARE NO LONGER NEUTRAL.

FIVE QUESTIONS.

There are five questions which now press upon Congress for determination. They are:

(1.) To what extent and in what ways shall we co-operate with the Entente Allies in their war against Germany, and to what extent and in what way shall we pursue independent methods of warfare?

(2.) What methods of taxation, of finance and of bond issue shall we adopt to obtain the money that will be needed for the conduct of the war?

(3.) What amount of money or credit shall be loaned or donated to the Allies, or either of them, and shall such loans or gifts be given to France alone, or to the Entente Powers generally?

(4.) What shall be the number of men we raise for the new army and how far shall we depend upon volunteer enlistments and how far choose the men upon the principle of universal liability to service?

(5.) Shall we send any considerable force to Europe and, if so, how large; or shall we limit the number sent to a few regiments for "sentimental reasons"?

The answer to the first question is that we can best co-operate with the Allies by supplying them with munitions, food and money.

The answer to the second question is that, while we must increase taxation in order to meet the expenses of the war into which the Hohenzollern government of Germany has forced us, yet we do not need to load the entire burden upon the present generation. We can, by the issuance of bonds, pass a portion of it along to our children, who will benefit as much as ourselves by the preservation of free republican representative government, which is menaced by the Hohenzollern raid upon us.

In answering the third question—that of loaning money to the Entente Powers—we should bear in mind that the people of the United States have already loaned to the British government over one billion dollars, and that Great Britain has, both in her colonies and in the United Kingdom, immense available financial resources, not possessed by any other power. We have inherited from our revolutionary fathers an obligation to France which it is our duty to discharge by aiding her liberally by a loan of a billion dollars, or even more. We are not under any obligations to similarly aid Italy, and indeed it does not appear that thus far Italy has contributed so largely either in men or money toward the war as to need our aid. We are not at present fully advised as to the financial status of Russia, but before the war her national debt was only about $25 per capita, while that of Italy was $80, that of Great Britain $120, and that of France $160 per capita. In considering the question of finance and taxation it is not unjust to bear in mind that justice as well as charity should begin at home, and that our war with Germany is likely to cost us several billions of dollars.

The fourth and fifth questions can be answered together. If Germany shall—as now seems likely—attack us on the land through and in connection with Mexico, an army of a million men will be needed to guard our own country from invasion and our border cities from loot and destruction, and to push the war into Mexico. We will have no considerable number of troops to send to Europe, even if the Allies needed them, and they do not need them. It will take months to drill an army, and whether or not the requisite numbers of men can be obtained by voluntary enlistments, yet the fairest and most satisfactory way to obtain them is upon the basis of universal liability to service. The advice of The Times to Congress is—"Stop talking and get a move on you."

Now is the Time!

GOV. STEPHENS AND THE LABOR-UNION POLITICIANS.

Reports from Sacramento are not reassuring to those who had hoped that patriotism was to replace politics in the State government. Gov. Stephens seems to have surrounded himself with a hedge of pay-roll patriots that contract the executive horizon. While his intentions may be the best, his point of view is often sadly at fault.

At the outset of the present session a number of bills were introduced in the Legislature which sought to break some of the labor-union shackles that were forged about the labor and the industry of the State during the Hiram Johnson regime. These bills were prepared in conferences in which the best legal talent of the West was represented. They favor no class, but are intended to secure for all citizens equal freedom of opportunity before the law.

Among these may be noted the apprentice bill, the mediation bill and the anti-boycott bill. The apprentice bill stipulated that every youth should have equal opportunity to learn any trade or calling and provided penalties for limiting arbitrarily or attempting to limit the number of apprentices in any trade. A similar bill passed the Senate two years ago, but was lost in the Assembly through the usurpation of legislative authority by the executive department of the State government. This year the apprentice bill received a favorable recommendation from the Senate committee, but the support of administration Senators was suddenly withdrawn by reason of what some termed "secret orders from downstairs."

Then came the anti-boycott bill. It was prepared by the San Francisco Chamber of Commerce and sought to prevent the declaration of "secondary boycotts" in labor troubles. This bill, too, was favored in the beginning, but the administration support was suddenly and mysteriously withdrawn and it is now being smothered in a Senate committee.

Assemblyman Goetting introduced in the Assembly his compulsory mediation bill. This comes, too, from the San Francisco Chamber of Commerce. It has since been indorsed by all the prominent commercial and industrial organizations in the State. It provides that the right of the public to the continuous service of a public utility corporation is paramount either to that of the managers or the workmen, and that neither strike nor lock-out can occur until mediation has first been attempted. The only open opposition to this bill has come from the labor-union lobby. When a poll of the Legislature was taken four weeks ago there were fifty votes for the Goetting mediation bill.

But the visible effect of the invisible government is again apparent. Al McCabe, former secretary of Gov. Johnson and now State Insurance Commissioner, has returned to Sacramento. Ex-Assemblyman Harry Encill, now $5000-a-year attorney for the Railroad Commission, is also back in his old place at the door of the Assembly chamber. They are reported to have devoted their whole attention during the last two weeks to members of the lower house. For some unexplained reason the Goetting mediation bill has become buried in the Assembly file and attempts during the last week to bring it forth have proved unavailing.

Gov. Stephens has given no public expression either for or against any of these bills; but he has been told plainly by their proponents that his name and his influence are used against them and he has made no public denial. Members of the Legislature repeat to each other that "the Governor is opposed to all those Chamber of Commerce bills for reasons of political expediency." It is current comment at Sacramento that Gov. Stephens is seeking to placate the union-labor vote of San Francisco, lest it be delivered to Mayor Rolph for Governor next year.

Gov. Stephens should know that there can be no compromise between the labor-union despots and the friends of industrial freedom. The electorate of California is not so blind as some of his pay-roll advisers would have him believe. He has the personal right to align himself with any faction that appeals to him; but if he chooses to follow the dictation of men of the stripe of Gompers and McCarthy he must not expect to retain the support of the friends of industrial freedom who demand equal opportunity for all before the law.

THE PICKLING OF DILL.

The constituents of Congressman Dill, the sole Democrat elected from the State of Washington, assembled in mass meeting at Spokane last week and resolved that:

Whereas, William of Germany has treated our warnings with contempt, even directing a mighty nation to sail one ship per week to and from Europe, with the stripes of degradation on the side, beneath the scroll of the flag of freedom, and has ordered war against all vessels of our nation; and,

Whereas, A state of war has been declared to exist by our President and this declaration is asked of Congress, and ways and means asked to protect, preserve, arm and equip our nation in its war with Germany's despotic Emperor; and,

Whereas, The said C. C. Dill has failed and refused to uphold the hands of the President, or to vindicate the honor of the nation; and,

Whereas, He has turned servilely as a supporter of his nation's foes, giving them comfort and encouragement,

Be it resolved, That it is the sense of this meeting that he has failed to execute with honor the public trust lodged in him, and his action calls for condemnation by every citizen loyal to the country's flag.

When the resolutions were put to a standing vote the vast audience arose to their feet and responded with a shout of ayes. When the noes were called for, three or four recalcitrant pacifists got up and listened to invidious remarks from the rest of the audience. They were called traitors; one uncouth man doubted whether their mothers had marriage certificates, and a number suggested that they be ejected from the hall—preferably by the window.

The situation was not unlike that which once existed at a great revival meeting in Indiana where the preacher, at the end of a stirring exhortation, said—"Now all those in favor of the Lord will arise." The entire congregation—with one exception—stood up. "Now," said he, "brethren and sisters, resume your seats and all those in favor of the devil will arise." From the center of the audience a grizzled sinner stood up. "I should not," said he, "vote upon this occasion; but I make it a point of honor never to desert a friend under adverse circumstances."

Will the pickled Dill of Spokane resign the seat in Congress he disgraces? Will he give up $7500 a year and pickings? The Times fears not. It predicts that he and our local ass, Randall, will hang on to their jobs like puppies to roots until March 4, 1919, at noon.

More trouble in Venice over municipal matters. Rendezvous the navy, including the gondolas!

The fashions are all right. When a little girl outgrows her dress skirt she can pass it on to one of her older sisters.

"Let us feed you as your mother used to" is a sign displayed on the South Side. And it isn't a milk station, either.

HALF THE NATION IN THE CHURCH.

The church population of the country is nearly half the total population, according to the figures prepared again this year by Dr. H. K. Carroll, religious statistician. His grand total of membership in all the churches of the United States is 40,016,789. "When to this total is added the number of children in the families of church members but not yet enrolled," the Epworth Herald (Chicago) finds it "easy to believe that the church population of the country is well over fifty millions," and the total population is now about one hundred millions. The Methodist weekly glances at a few of the more interesting figures in Dr. Carroll's long and carefully-prepared tabulation. The ten largest denominational groups, in order of membership, are:

1.	Roman Catholic	14,330,370
2.	Methodist	7,668,284
3.	Baptist	6,534,132
4.	Lutheran	2,454,334
5.	Presbyterian	2,171,601
6.	Disciples	1,337,450
7.	Protestant Episcopal	1,078,435
8.	Congregational	790,488
9.	Reformed	514,543
10.	United Brethren	366,877

Or, as the Epworth Herald gives the figures "a little more visibility:"

1. Roman Catholic
2. Methodist.
3. Baptist.
4. Lutheran.
5. Presbyterian.
6. Disciples.
7. Protestant Episcopal.
8. Congregational.
9. Reformed.
10. United Brethren.

Besides these leading denominations there are some which seldom get any publicity except in such tabulations as Dr. Carroll's. These names, for instance, "hardly sound like church names, but they stand for actually existing religious bodies:"

Church of God in Jesus Christ.
Six-Principle Baptists.
Old Two-Seed-in-the-Spirit Predestinarian.
Church of God and Saints of Christ.
United Zion's Children.
Defenseless.
Christadelphians.
Christian Workers for Friendship.
Zion Union Apostolic.
Church of the New Jerusalem.
Hepziba Faith Assocation.
Friends of the Temple.
Social Brethren.
Church Transcendent.

Evidence "that people in times of general unrest, like these we are now passing through, seek consolation in religion," is found by the Christian Herald (New York.) It notes that practically all the denominational bodies record substantial growth of membership, the total net increase for 1916 being 747,000, or 204,000 in excess of the increase of 1915. Further discussing this increase indicated by Dr. Carroll, the Christian Herald says:

"Gains of the United Protestant bodies in membership were about 500,000, while the Catholic gains were 226,000. The largest Protestant denominational gains were: Methodist, 136,000; Baptist, 132,000; Presbyterian and Reformed, 79,000; Episcopal, 27,000; Lutheran, 20,000.

"During the year there was a comparatively small gain in the number of churches—117 now being recorded. In 1915, it will be remembered, there was a net loss of churches. There is, however, a gain in ministers of 2643, or nearly double that of a year ago.

"The small increase of churches in 1916 is not necessarily to be accepted as an indication of weakness, for it is explained that a number of churches, particularly in the rural districts, are being united or merged for the sake of efficiency and economy, and without any reduction in communicants or attendance.

"Twenty-six years ago the total number of Christian communicants in the country was 20,618,000, and the present total shows a net gain of 19,398,000, or 94 per cent. The Protestant Christians of America in full church connection have nearly doubled in a quarter of a century. In this they have greatly outstripped the rate of growth of our population. The nation's increase in population during the same period was about 39,000,000, or 61 per cent.

"Our Sunday-schools in the United States have had a total aggregate increase in the last ten years of 6,300,000, with a gain of between 15,000 and 16,000 schools."

THE AMERICAN FLAG.

Its Use; Its Forbidden Abuse.

The American flag is the symbol of the brotherhood of man. It stands for courage, for chivalry, for generosity and honor.

No hand must touch it roughly; no hand shall touch it irreverently.

Its position is aloft. To float over its children, uplifting their eyes and hearts by its glowing colors and splendid promise; for under the Stars and Stripes are opportunities unknown to any other nation of the world.

The government commands the people to honor their flag. Men and boys should uncover as they pass the vivid stripes which represent the life blood of brave men, and the stars which shall shine on forever.

It must be raised at sunrise; lowered at sunset. It is not a plaything of the hour; it is a birthright of privilege and integrity.

It may not be used as staff, or whip, or covering.

It shall not be marred by advertisement, nor desecrated on the stage.

It was born in tears and blood. It was baptized in blood and tears.

It has floated since June 14, 1777, over a country of benevolence, refuge and progress.

It must always be carried upright.

To bear the Star Spangled Banner is an honor, to own one a sacred trust.

It is the emblem of freedom, of equality, of justice for every person and creature as it floats unvanquished—untarnished over the open door of free education.

—[Ida Louise Gibbs, chairman Committee on Prevention of Desecration of the Flag. Daughters of the American Revolution. Massachusetts, 1912.

HOLY WRIT ON THE WAR.

[Girard, in Philadelphia Ledger:] Surprised am I that our gloomy pacifist friends have not hurled Holy Writ at the heads of those young soldiers who take a bride, kiss her good-by, and rush off to war. There is good biblical authority for calling down these youthful patriots.

In Deuteronomy you will find this direct command:

"When a man hath taken a new wife he shall not go out to war, neither shall he be charged with any business, but he shall be free at home one year and shall cheer up his wife which he hath taken."

But that is an injunction hardly any man heeds — a year's honeymoon.

And if the pacifist again quotes scriptures against fighting, "Scatter thou the people that delight in war," the advocates of standing up for our own rights can throw back that indignant question of Moses:

"Shall your brethren go to war and shall ye sit here?"

President Wilson, having summoned Congress to read to them his war message, fulfilled this admonition from Proverbs:

"Every purpose is established by counsel and with good advice make war."

Austria's honeyed speech may well remind our President of this ancient warning:

"The words of his mouth were smoother than butter, but war was in his heart."

Promises to reform after every drowning of Americans by U-boats may well cause Congress to reread this:

"His words were softer than oil, yet they were drawn swords."

Backed by a solid country, our Congress and President may face eastward, and, looking across the Atlantic, exclaim with the Psalmist:

"Though an host should encamp against me, my heart shall not fear; though war should rise against me, in this will I be confident."

Because this is not a war of conquest, but a fight to keep what we always had—liberty to sail the seas without fear of murder:

"Though we war in the flesh, we do not war after the flesh."

And when this unpleasant job is thoroughly done our children's children can know the deep significance of this promise:

"He maketh wars to cease unto the end of the earth; He breaketh the bow and cutteth the spear in sunder; He burneth the chariot in fire."

WISDOM LINGERS.

All Things are Friendly.

[Emerson:] To the poet, to the philosopher, to the saint, all things are friendly and sacred, all events profitable, all days holy, all men divine. For the eye is fastened on the life and slights the circumstance. Every chemical substance, every plant, every animal in its growth, teaches the unity of course, the variety of appearance.

Humor Found Everywhere.

[Sir Herbert Beerbohm Tree:] Among those pre-eminently gifted with humor were Abraham Lincoln, Disraeli, Goethe and Heine, the late Lord Salisbury, Arthur Balfour, Dickens, Thackeray, Fielding, Shakespeare, Queen Elizabeth, Henry VIII, Charles II, Dr. Johnson, Charles Lamb, Emerson and Byron. The only persons who lack it altogether are madmen. Criminals, as a whole, are never without it. There is the case of one murderer at the bar in London, who, on being asked if there were any reason why sentence of death should not be passed upon him, replied: "No; I am disgusted with the whole proceedings." Another, in a similar situation, on being asked whether he had a last request to make, said: "Well, I should like to learn to play the piano."

The Hour of Reckoning.

[Henry Watterson:] Is it not that the Kaiser at last sees the handwriting on the wall—that he, too, as his Chancellor puts it, recognises the signs of the times? Is it not that man—who has posed so long as superman; who, by the assertion of his imperial absolutism, has plunged the world into the direst catyclysm of destruction and slaughter since time began; who, whether exploited by inordinate militarism or exploiting it, has wrecked the great German empire, lost every rood of its colonies, annihilated all its splendid commerce, desolated the land in ruin, crushed its people in poverty and famine, filled the muck of the trenches, the reek of the prisons, the maws of buzzards with the millions of its best manhood and made imperial Germany abhorred and despised of all mankind—is it not that he sees that the hour of reckoning is near; that the people whom he can deceive no longer will turn from his victims to his judges; that unless he now promises to concede them at least part of their rights, so long denied them, they will take all their rights? Is it not, indeed, that this self-elected partner of Jehovah is now willing to become a partner of the people whom he has tramped as mire under his feet, in the hope that by thus surrendering his claims to infallibility and omnipotence he may save his throne to himself and his long-necked, receding-chinned progeny?

COLLEGE LORE.

Sunday-school Teacher: Willie, who was born in Bethlehem?

Willie: Charles M. Schwab.—[Harvard Lampoon.

Freshie: I don't like those shavings for breakfast.

Sophomore: It beats the board we used to get last year.—[Awgwan.

Lady: What! A great, big, strong man like you begging!

Loafer: Well, miss, yer've got ter be big and strong for the profession in war-time or yer might get 'urt!—[Tatler.

Maybelle Sergeant: A sailor winked at me last night.

Toppe Sergeant: Did you knock the tar out of him?

Maybelle Sergeant: No. I had him arrested for assault.—[Harrard Lampoon.

PEN POINTS

BY THE PEN.

The high cost of living does not worry those who have plenty.

If the pacifists would only get the lead of the Czar and Kaiser.

If you are too old to enlist in the Home Guards, try the Boy Scouts.

The common people of Russia are nailing sharp tacks to the throne of the Hohenzollerns.

Col. Bryan is to speak when the Chautauqua opens, where he gets an open.

Everything seems to be in a muddle at once. The world is now reaching the climax of it.

The Charlie Chaplin craze is the latest thing in the movies. But who give the "Chaplin" name?

And the heads of the Hohenzollerns of South America are Uncle Sam in the present and the world's history.

It is a sign that a man is a has-been to pass when he looks in at a young men's club. But he is not looking anybody but himself.

This used to be the time of the old-fashioned man took sassafras for his blood. And so we remember the sulphur treatment.

The war is certainly costing many terribly. Under the new styles the ladies are allowed to wear Sunday dress. Got the right.

It is claimed that a joke has been written on every subject that even the ordinary man can understand. We still believe it.

The loyal city of Pittsburg is feeding 17,000 poor Belgians a day. What is Los Angeles in this work of grand mercy?

This government is asking every man to do his duty at this time. And there are no signs of doing it. The Kaiser is not on enlistments.

If the women of England had a vote after the war they would be more worthy of the home they have saved. The war has opened the eyes of the nation as to what women are in an emergency.

In these days of preparedness it is suggested that the people sleeping cars should be provided with brooms that are not given to sweeping. Much improvement in this direction is needed.

The Red Cross deserves encouragement. It is one of the strong arms of the government that has done wonders in the relief of suffering and in behalf of humanity. Give it a financial boost.

The Stars and Stripes floated in the world war for the first time in the storming of Vimy Ridge in France by the Allies. The Red, White and Blue have been in many ways does when put to the test.

Now is the time to show your colors. If you cannot fly it from your flagpole wear it on the coat. The ribbon of the national colors is a public testamation of readiness to do whatever may befall the nation. Show your colors.

The statement of Germany that she wants no war with the United States is no doubt true. But she does want is an excuse to do what she pleases with the citizens without being called to account.

Just to accommodate a lot of fellows who desire to enlist in the War Department has raised the age of admission of recruits to the regular army from 21 to 25 years. And we know the extra five will be appreciated.

It is believed that President Wilson will be forced to call congress by President Wilson in spite of all opposition. It will be remembered that the draft did not come into effect until late Civil War until after the battle of Gettysburg in July, 1863, then followed the draft riots in New York, backed by the Democratic time.

It appears that part of the population of France has been dealing with the retreating Germans in practice that has been frowned upon in recent years and denounced as barbarous and inhuman. This adds to the reputation of Germany, which began with the invasion of Belgium in violation of the treaty of neutrality.

The statement is made that the German Dreadnaught of the Prinzregent class will be constructed for $50,000,000 each, instead of $6,000,000 as reported to congress. Once the present fleet of wooden ships is completed the wooden ships will be used for temporary affairs, as a good wooden hull will last 100 years if not be wind-beaten, but be pulled by oil or coal power.

THE SUMMONS.

I am steel, and my heart is down in the dust,
Where death is scattering his seed;
I'm a fisher, whose oars are at rest,
In sleep.
For I am the reaper of men.

The fascinating title referred to me.
"On guard, there's a gun get!
It is handling the war machines of the navy.
Be watchful, O sentinels of the night!

Like a shadow in the night,
Of the dark
When there's no moon;
And I am the
Where death is scattering his seed;
It sleeps in the

PEN POINTS.

BY THE STAFF.

The high cost of living does not worry those who have enlisted.

If the pacifists would only follow the lead of the Czar and subside.

If you are too old to enlist in the Home Guards, try the home guard.

The common people of Germany are nailing sharp tacks in the chairs of the Hohenzollerns.

Col. Bryan is no doubt waiting to speak when the Chautauqua season opens, where he gets so much per.

Everything seems to be happening at once. The world is evidently reaching the climax of its troubles.

The Charlie Chaplin cigarette is the latest thing in the smoking line. But who gave the "coffin-nails" the name?

And the hands of the little republics of South America are outstretched to Uncle Sam in the present crisis of the world's history.

It is a sign that a man is getting on in years when he insists on joining the young men's club. But he isn't fooling anybody but himself.

This used to be the time when the old-fashioned man took sarsaparilla for his blood. And do you remember the sulphur treatment?

The war is certainly pinching many terribly. Under a recent ruling the ladies are allowed but a single Sunday dress. Gen. Sherman was right.

It is claimed that a pamphlet has been written on economical living that even the ordinary housewife can understand. We refuse to believe it.

The loyal city of Philadelphia is feeding 17,000 poor Belgians every day. What is Los Angeles doing in this work of genuine charity and mercy?

This government is ready for every man to do his duty at this time. And there are so many ways of doing it. The limit is not reached on enlistments.

If the women of England cast a vote after the war they will be more worthy of the honor than ever. The war has opened the eyes of the nation as to what women can do in an emergency.

In these days of preparedness it is suggested that the porters on the sleeping cars should be given a few brooms that are not given to sweeping. Much improvement in this direction is needed.

The Red Cross deserves encouragement. It is one of the best arms of the government. It has done wonders in the alleviation of suffering and in behalf of humanity. Give it a financial boost.

The Stars and Stripes will be the world war for the first time since the storming of Vimy Ridge in France by the Allies. And the Red, White and Blue bore itself as bravely as it always does when put to the test.

Now is the time to show your colors. If you cannot fly it from the staff wear it on the coat. The display of the national colors is a splendid demonstration of readiness for whatever may befall the nation. Show your colors.

The statement of Germany that she wants no war with the United States is no doubt true, but that she does want is an opportunity to do what she pleases with American citizens without being called to account.

Just to accommodate a lot of fellows who desire to enter the service of the War Department has extended the age of admission of aviators to the regular army from 35 to 40 years. And we know the concession will be appreciated.

It is believed that restrictive subscription will be forced through Congress by President Wilson in the face of all opposition. It will be recalled that the draft did not appear until the late Civil War until after the battle of Gettysburg in July, 1863, and then followed the draft riots in New York, backed by the pacifists of that time.

It appears that part of the civilian population of France has been treated with the retreating Germans after the practice that has been frowned upon in recent years and definitely condemned as barbarous and inhuman. This adds to the reckoning against Germany, which began with the invasion of Belgium in violation of the treaty of neutrality.

The statement is made by Norman Denman of the Federal Shipping Board that a number of wooden ships will be constructed with the $50,000,000 recently voted by Congress. Once the greatest builders of wooden ships plowed the seven seas. The wooden ships will not be used for temporary affairs, as a good wooden hull will last 100 years. They will not be wind-jammers, but be propelled by oil or coal power.

THE SUBMARINE NET.

I am steel, and my fingers reach
down in the deep,
Where death in my meshes is waiting
I'm a fisher, whose eye never sleeps
in sleep,
For I am the submarine net.

The incoming tide whispers
to me,
"On, guard, there's a ... boat
yet!
It is heading this way through the
lanes of the sea;
Be watchful, O submarine net!

Like a shadow it came at the close
of the day,
When ghosts of the lost meet and
greet;
And I gathered it into my arms
where I lay,
It sleeps in the submarine net.

TEAMS ARE RACING NOME.

Caused by Two-day Stop at Topkok.

Driver Loses Huskies in Snowstorm.

Driver Carries a Frozen Husband on Sled.

[BY A. P. NIGHT WIRE.]

(Alaska) April 11.—The team of Leonard Seppala, Fay Victor Anderson, which has been heard from since they left Nome, shortly after noon, on the last leg of the 412-mile all-comers' dog-team race, which was in Council, eighty-five miles from Nome, shortly after 7 o'clock this morning, practically together. The time which it was believed might have been made while resting on the Bering Sea ice, spent by the dogs at Topkok, an Eskimo village at the head of Boat Inlet, was not carried into Solomon by Paul Kjegstad, a driver, who lost his team and reached the end of the past two days.

Seppala arrived in Fish River, 112 miles from Nome, at 5:19 o'clock this morning, and Delzene reached there at 7:30. Anderson is resting at Roadhouse, 107 miles from Nome. Reports from there indicate that the weather is good and the trail in excellent condition.

Seppala reached Gold Run with his team at 11 o'clock this morning, arriving at 7:30, and Delzene reached Gold Run at 11:35 o'clock. Paul Kinnight left far behind by the dogs in the blizzard which raged Monday and the two days in finding them, is going the race and has left Gold Run.

Kinnight's dogs was frozen during the blizzard. Under the circumstances the dead dog will be carried on the sled with the remainder of the team.

CARD CO-EDS CALLED DOWN.

[DIRECT WIRE—EXCLUSIVE DISPATCH.]

STANFORD UNIVERSITY, April 12.—Stanford's "500," the women of the university, received a sudden blow today when they attempted to emulate the athletic example of their male colleagues and forsake the classroom for the more strenuous military training that has claimed nearly every man in the institution. Every co-ed on the campus flocked to a feminine mass meeting, expecting President Wilbur to urge a display of patriotic zeal and a substitution of a military stride, for the classroom shuffle. The words of Harriet Bradford, dean of women, and of the president were not music to any dainty ear.

"Use your intellect and not your emotions at this time," Wilbur counseled.

"There will be no cutting of classes. Any work that you choose to do must be done outside of regular hours," said the dean of women, which meant that many dreams of aiding athletic idols were rudely shattered.

GOLF CLUB PLANNED AT HOTEL RAYMOND.

Of interest to all golfers in this vicinity is the announcement that the Hotel Raymond links may remain open all of the present summer and fall, while the big hostelry itself is closed. Manager Walter Raymond of the hotel announced that if enough income can be derived from nominal fees charged to players for the upkeep of the links, the innovation will be introduced and made a permanent feature.

The Raymond links are among the finest in the country, but heretofore have always been closed to players during the summer months. In addition to the golf course, there is a fine concrete tennis court and well-equipped clubhouse, which will be open to members of the proposed summer golf club. R. S. Fullerton, a well-known sports manager, will be in charge if the club becomes a reality.

Already there have been thirty applications for membership from Los Angeles and Pasadena golf and tennis enthusiasts, and it is expected that the membership roll will be made before May. The season for the new club will be from the first of May until the last of December. Particulars can be obtained from Mr. Fullerton at the Raymond clubhouse.

WHITMAN COLLEGE CANCELS GAMES.

[BY A. P. NIGHT WIRE.]

WALLA WALLA (Wash.) April 12.—Whitman College today announced cancellation of all athletics and five days a week will be given over to military training of all men in the institution.

National League.

GIANTS TAKE OPENING GAME.

Banks of Snow are Lined Around Diamond.

Patriotic Ceremony Marks the Occasion.

Braves Try Vainly to Stem McGraw's Attack.

[BY A. P. NIGHT WIRE.]

BOSTON (Mass.) April 12.—The baseball season was opened at Braves' Field today with a defeat for the local team, New York winning, six runs to four.

Snow fringed the field. There was a cold wind and a trace of rain in the air. Bluejackets and marines marched to the flagpole before the game and raised Old Glory, while an airplane circled overhead. Score:

STANFORD CAMPUS IS OFF THE MAP.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

STANFORD UNIVERSITY, April 12.—Athletically, the Stanford campus is off the map today, just as it will be Saturday, with track and baseball teams and two full crews, as well as 1000 rooters, transferred to the grounds of the University of California. This afternoon the Card crews moved, bag and baggage, to Oakland. By tomorrow they will be at home on the course they will hold against Washington and the Bears, the middle lane of the estuary. Wilson took his baseballers to the Berkeley diamond today and by tomorrow Card spikers will have tried the California cinders.

COLORADO VOTES TO ABOLISH SPORTS.

[BY A. P. NIGHT WIRE.]

COLORADO SPRINGS (Colo.) April 12.—Colorado college students today voted to abolish all sports for the remainder of the year. This action was taken in order to allow the men more time to devote to military training.

The Stanford track team.

Jud House, the Riverside boy, who will compete in the 100-yard dash, 220-yard dash, high and low hurdles and the broad jump for the Cardinals in the meet with California tomorrow. On House's ability to win points in these events depends Stanford's success or failure.

SCORES OF TRACK STARS SIGN UP FOR A.A.U. MEET.

Charlie Paddock Fails to Appear in the Entry List and the Other Local Sprinters are Happy—Ray Adkinson Selected to Win the Half-mile—Unattached Demons Lineup for the Mile Walk.

BY WARDE FOWLER.

A NEW constellation of stars has been lined up to do the heavy shining at the A.A.U. track and field meet Saturday afternoon. When the entry lists were completed last night it was discovered that several advertised comets were not on deck. Instead of staggering the officials, this news had no effect at all and a new bevy of asterisks were announced without so much as a blink of an eyelash. A few stars one way or another means absolutely nothing to the local officials of the A.A.U.

NOT SO.

For a while it was thought that Charlie Paddock would be the pride and joy of the meet. This young man was scheduled to take first places in both the 100 and 220-yard dashes. He was being touted as the individual point-winning sensation of the affair. But all speculation was ended last night when Paddock's name failed to appear in the entry lists.

Wallace Robb, who was checking over the blanks, gave a start when he finished the bunch and didn't see Paddock's name. "I must have skipped it," murmured Robb as he hastily glanced back through the assortment. But the first guess was correct and the Crown City sprinter was nowhere to be seen.

SOME RACE.

With Paddock out of it the other high school sprinters will have a wild time. There are about three gents who always finish this race right in a bunch, usually a few paces behind the Pasadena boy. Now they will all have a chance to win and the century dash should be a bloodcurdler. Woods of Manual Arts, Woodhams of Polytechnic, Isenhouer of Lincoln and Van Sant of Santa Monica are the demons of the event. All of them have 10-flat times to their credit, more or less, and any one of the four may walk away with the honors.

The open hundred looks equally

JIM COFFROTH IS TAKING VACATION.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN DIEGO, April 12.—James W. Coffroth, president of the Tia Juana Jockey Club, left this afternoon for San Francisco for a vacation of three weeks or a month. He will stop for several days at Los Angeles en route.

Coffroth states that, in spite of the uncertainty due to the possibility of war, he fully expects to continue the racing game next fall, and has every reason to believe that it will see the greatest winter gathering the turf has ever seen.

Before leaving Coffroth requested George Alexandra, the English owner who was one of the largest winners in the past meeting, to keep clear of the track next fall.

On the Links.

GOLF FINALS TO BE PLAYED.

WOMEN OF REDLANDS TO END TOURNEY TODAY.

Mrs. Dwight Lefferts and Miss Hood to Contest Match for Title and Trophy—Mrs. C. M. Griffith and Mrs. Morris Phillips are in Defeated Fours.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

REDLANDS, April 12.—Mrs. Dwight Lefferts and Miss Hood will play for the women's championship in golf of the Redlands Country Club today. Mrs. C. M. Griffith and Mrs. Morris Phillips will play for the winner of the defeated four, and Mrs. Vernon Howe and Mrs. Robert Herold will play the finals in the second flight.

The results of the semifinals this afternoon were: First flight, Miss Hood won from Mrs. Severance, 3 up. Mrs. Lefferts won from Mrs. George Wilder, 3 and 2.

Defeated four—Mrs. Griffith won from Mrs. L. Moore, 1 up; Mrs. Morris Phillips drew a bye.

Second flight—Mrs. Vernon Howe won from Mrs. John Gill, 1 up (ten holes;) Mrs. Herold won from Miss Dora Jefferson, 3 and 2.

In the morning play the first match results were:

Miss Hood won from Mrs. Lawrence Moore, 4 and 2.

Mrs. W. R. Severance won from Mrs. Morris Phillips, 3 and 2.

Mrs. George W. Wilder won from Miss Katherine Williams by default.

The second results were:

Mrs. John W. Gill won from Mrs. Russell Burrage, 1 up (ten holes.)

Mrs. Raymond Howe won from Mrs. W. E. Harper, 1 up.

Mrs. Robert Herold won from Mrs. L. B. Boyd by default.

Miss Dora Jefferson won from Mrs. Farwell, 1 up (ten holes.)

PAULDING TO ATTEMPT A NOVEL SWIM.

The Sunrise Club at Bimini will be out Friday morning, April 13, at 5 o'clock sharp, to watch the start in an unusual endurance swim by Robert G. Paulding, A.Y.P. champion pole vaulter.

Paulding has been training hard for over a month and indications are that he will be able to swim at least ten miles. So far as known this is the first long-distance swim in still, fresh water, all records so far having been made either in salt water or in rivers.

JOSHUA CRANE IS STILL IN ACTION.

[BY A. P. NIGHT WIRE.]

BOSTON, April 12.—Joshua Crane and D. P. Rhodes defeated George W. Wightman and Q. A. Shaw McKean, all of this city, in the first match of the round robin play in the national court tennis doubles championship tournament at the Tennis and Racquet Club today. The score was 6-1, 4-3, 6-2.

More Upsets.

WOMEN'S GOLF IS IN FINALS.

Elizabeth Sherk to Meet Mrs. Carpenter.

Former Comparative Novice at Game.

Her Drive Compares with that of Men.

BY ALMA WHITAKER.

Miss Elizabeth Sherk and Mrs. Frank Carpenter will meet in the finals for the women's Southern California golf championship on the San Gabriel links today.

Miss Sherk defeated Mrs. J. V. Eliot yesterday 4 up and 3. Mrs. Carpenter defeated Miss Doreen Kavanagh 4 up and 3. Mrs. Carpenter was runner-up against Mrs. Kennett last year at Midwick and was only defeated on the last green. Miss Sherk is a comparative novice at the game, but has a wonderfully long drive, equal to the best men players, and has lately improved her short game very considerably.

In the defeated-eight flight of the championship Mrs. Martin Redmayne defeated Mrs. Paul J. Pitner 2 and 1, and Mrs. Fred Griffith defeated Mrs. Norman Jack 3 and 1. Mrs. Redmayne and Mrs. Griffith play the finals this morning.

Mrs. P. H. Guthrie won the second flight. She defeated Miss Iris Lawton 2 up and 1.

In the consolation handicap Mrs. C. P. Thomas of the Brentwood club was the winner with 108-20-88, and Miss Doreen Kavanagh was second with 96-6-90.

AT GRIFFITH PARK.

The Griffith Park Golf Club will stage its club championship on the municipal links May 5 and 6, and there will be twenty cups for competition. The championship flight plays for the Barton P. Aborn cup donated by J. S. Aborn last year in memorial to his son, and there is a token cup for the winner. There also are cups for runner-up, best gross and best net qualifying scores, besides the remaining fl

7 to 4.

WORM TURNS IN BASEBALL.

Beavers Wallop Tigers in Weird Game.

McLarry Boots and Crowd Boos with Glee.

Expert Philosophizes on Odd Subject.

BY HARRY A. WILLIAMS.

Portland beat Vernon, 7 to 4, which is something new under the sun this year. Never before has this happened in the sensational year of our Lord, 1917.

War can possibly hold no terrors for those patriotic bugs who witnessed the bitter hand-to-hand and foot-to-foot conflict—mainly the latter. The human foot at last came into its own, timely boots deciding the conflict. But for the part which the athletes played with their hoofs the teams might still be battling, as Quinn and Penner allowed only two earned runs each. To that extent the game was a draw between the pitchers, although Jack was lambasted with more gusto. But earned runs were a negligible factor, being outweighed by the other kind, which flourished in bunches.

Polly McLarry compiled a couple of errors, and, as they came at critical times, he was picked as the chief offender by the infuriated patrons. Recently a player made four bobbles in one game at Washington Park and no mention was made of it in the bleachers. That player, however, didn't happen to be holding down the B bag for Vernon, which seems to be a position of extreme jeopardy in this town. It appears to be an unwritten law of the community that no athlete holding down that job shall enjoy life, liberty and the pursuit of happiness. Riding Roy Brashear was a popular outdoor sport. It was a dull day when the crowd did not dig the spurs into Swede Risberg, and yesterday McLarry received his baptism of boos, making it a regular cafeteria occasion. There is no accounting for human nature. Otherwise there would be no such game as baseball. The fans pay their way and enjoy themselves in any way which they see fit.

Both clubs showed considerable spirit by scoring a run apiece in the second. Portland repeated in the fourth, and Vernon countered with two in the fifth. In the sixth Portland put the Tigers permanently in the rear with a four-run outburst.

Charley Callahan did his full duty. Not content with cutting off two hits, he practically cut off a finger. In the sixth Quinn threw to catch Farmer off second. Callahan took the ball, and, to leave no doubt in the mind of the umpire, shoved his hand down between Farmer's spikes and the base. His finger was badly cut, and, when he offered the gore in evidence, Phyle did not hesitate to call Farmer out. The latter could not possibly have been safe with Cal's finger between his feet and the base. The game was halted while Callahan went to the bench and had the hand tied up. The bandages held the finger in place, but it may drop off during today's game. In that event it will be auctioned to the highest bidder as a souvenir. A human finger from the hand of a ball player would make a nice watch charm, or could be made into a stick pin.

An infield hit by Williams, Borton's walk, a double steal and an out gave Portland one in the second. Vernon tied it immediately on McLarry's walk, a forceout, an infield demise and a single by Mattick.

Dennie Wilie warped one of Quinn's spitters for a double in the fourth. Farmer drove to Quinn, both hands being safe when Galloway muffed Jack's throw to third. Williams scored Wilie with a single and put Farmer on second. It was here that Callahan contributed a finger to the cause.

Vernon assumed the lead when Penner passed Mattick with two gone in the fifth. Chink stole second. Wilie allowed Mitze's short fly to pour out of his mit after a hard run. Mattick scored on the error. Mitze ran around to third on an aerial single by Quinn. It was a tall fly in the middle of the diamond which nobody was willing to claim. Siglin finally went after it, but arrived too late. A regular single by Doane drove Mitze home. Daley jammed Walt into a forceout.

Mattick's neat catch of a deep liner by Rodgers was followed by large and melancholy doings in the sixth. Wilie started it with his second double of the game, which left Pete Daley sprawling on his well-known stomach. Dennie took second on a wild pitch. McLarry, not knowing what else to do with his legs, let Farmer's grounder roll between them, Wilie scoring. Williams whiffed. Borton hit to right and stole second. He barely beat Mattick's throw to the pan on Siglin's single to center. Siglin came home when Great Gus lined a masculine triple out betwixt Daley and Mattick. Great Gus was all in when he reached third and died there when Penner filed to Doane.

Galloway's three-bagger in the sixth developed into a run when Siglin cut loose with an atrocious heave over first. This closed up the affairs of the Tigers for the day. Portland picked up a gift run in the seventh. Wilie again landed in the limelight with a single. He pirated second and continued to third when Mitze caromed a throw off his spinal column. Dennie scored while McLarry was engaged in mortal combat with Farmer's grounder. Quinn was yanked for a pinch hitter in the seventh, who went through the usual motions. Decanniere had the exhausted visitors eating out of his left mit in the last two rounds. The score:

CLIFFDWELLERS BEAT LINCOLN.

SANJI IS EFFECTIVE ON THE MOUND.

Japanese Twirler is Wild but Mows Down the Railsplitters After the First Few Innings, While His Team-mates Lay on the Pill and Drive in the Runs.

The Los Angeles High School nine took the first game of the 1917 City League season from the Lincoln High School team without much trouble yesterday afternoon on Housh Field by the score of 5 to 3. Sanji was on the mound for the Hilltoppers and was not obliged to exert himself, although he was a trifle wild, walking five. However, he made up for this by fanning fifteen.

Lincoln uncorked a new pitcher by the name of Barnaby who made a fair showing, striking out ten and giving no bases on balls.

The Railsplitters took a two-run lead in the first inning by means of a home run, a single, a walk and a passed ball. The third run came in the seventh when Sanji so far forgot himself as to walk a man with the bases choked.

The Cliffdwellers went into the lead in the second when Berry scored two with a triple and came in a minute later on Sanji's single. A double and a single accounted for another in the third. In the sixth Leahy tripled and scored on Ramsey's sacrifice.

The score:

LINCOLN.	AB	R	H	O	A

Miss Biddle Pawns One Man's Ring and Marries Another.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WEISER (Idaho) April 12.—After pawning her solitaire diamond engagement ring, given her by Dr. Graham Biddle, prominent Oakland, Cal., physician, for $60 to take her somewhere "to seek quiet and rest to think it over" as she told the doctor in a note left with the pawn ticket, Miss Mary Jane Biddle, of another, but equally well-known Biddle family, was married here April 10 to Dana Thomas Elliott, son of President O. M. Elliott of the Lewiston (Idaho) State Normal. It became known today.

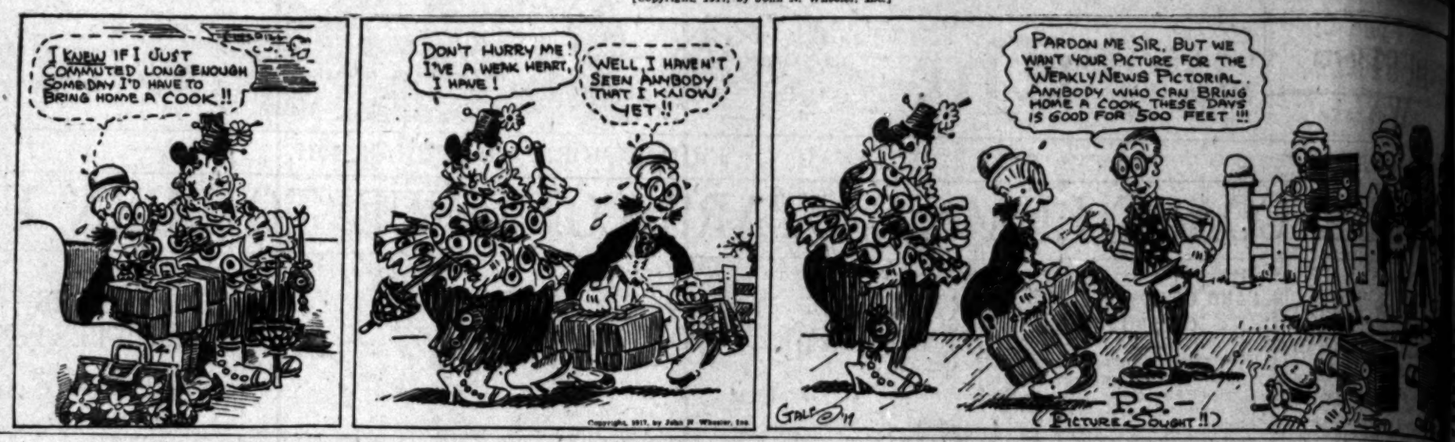
BRAZIL TO SEIZE ALL GERMAN SHIPS.

[BY ATLANTIC CABLE AND A. P.]

RIO DE JANEIRO, April 12.—The government has decided to seize all Germans ships in Brazilian harbors.

"Felix Fiefifteen Didn't Know What Fame He was Achieving!" . . . By GA

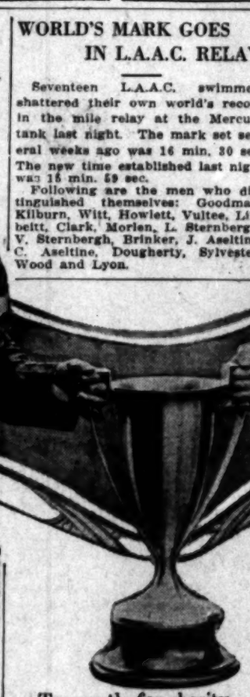
[Copyright, 1917, by John N. Wheeler, Inc.]



WORLD'S MARK GOES IN L.A.A.C. RELAY.

Seventeen L.A.A.C. swimmers shattered their own world's record in the mile relay at the Mercury tank last night. The mark set several weeks ago was 16 min. 30 sec. The new time established last night was 16 min. 59 sec.

Following are the men who distinguished themselves: Goodman, Kilburn, Witt, Howlett, Vultee, Libbeitt, Clark, Morlen, L. Sternbergh, V. Sternbergh, Brinker, J. Aseltine, C. Aseltine, Dougherty, Sylvester, Wood and Lyon.



To wrestle for charity.

Here they are, the two wild ones. On the right is Wilhelm Berne and on the left Constantine Romanoff, the Alias. They are to wrestle forty-five minutes for the amusement of the Indians at a giant fiesta that is being put on by the Vail brothers on their large cattle range in Riverside county Sunday. De Witt Van Court and Dan McLeod will head another brigade of athletes who will invade the wilds for the occasion.

BASEBALL NOTES.

McCredie jerked his batting order out of all resemblance to itself. Whether this did the business or the Beavers simply were due to win is a question.

* * *

Hollocher played a bang-up game at short. McCredie has a fine defensive team, and plenty of slugging when the regular hands once start. He also has a large supply of promising young pitchers. Later he may find it necessary to add a couple of experinced twirlers, one a left-hander.

* * *

The release of Herman Schatzlein leaves the Beavers without a southpaw. Schatzlein pitched a fine game against Spokane in spring training, and on the strength of this may be signed by Nick Williams.

* * *

Yesterday it was the Beavers who were pulling the unexpected, and they got away with it. One of the unexpected things was winning the game.

* * *

Oakland deserves thanks for stopping San Francisco. The idea of the Seals getting away to a running start did not appeal to the rest of the league, especially with the Angels mired down in Salt Lake.

* * *

After perusing the opening day attendance in the major leagues there need be no worry regarding the future of baseball. When it is remembered that baseball is strictly a daylight attraction, and played during business hours, the size of the crowds which it attracts is really remarkable.

* * *

The Boston Red Sox don't seem to care who manages them. So far they do not seem to have missed Carrigan in the least.

* * *

Although picking the Giants, a lot of people out here are pulling for the Cubs. Mitchell's men made a lot of friends while training here, while there are several Coasters on the club. Harry Wolter was again in evidence.

* * *

Ray Bates had a good day with the Athletics. Walter Johnson wasn't pitching.

* * *

By way of coining a new expression, it may be remarked that Kid Ehmke was defeated, but not disgraced.

* * *

Noyes and Love both got into the picture as relief men.

* * *

Oscar Vitt now knows how it seems to be on the outside looking in.

* * *

Phil Douglas was not found wanting.

MAY PERMIT ALLIES TO SEEK RECRUITS.

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 12.—With the approval of Atty.-Gen. Gregory, Chairman Webb of the House Judiciary Committee will introduce tomorrow a bill to allow the allied governments to recruit their citizens in the United States. Chairman Culberson of the Senate Judiciary Committee will introduce the same bill.

MINE SINKS PATROL SHIP.

[BY ATLANTIC CABLE AND A. P.]

LONDON, April 12, 9:10 p.m.—The Admiralty announced that a patrol ship struck a mine and sank in the channel Monday. Two officers and fourteen men are missing.

NEW MEXICAN TOWNS FORM HOME GUARDS.

[BY A. P. NIGHT WIRE.]

SANTA FE (N. M.) April 12.—Organization of home defense volunteer units in Deming, Silver City, Lordsburg, Hurley, Santa Rita, Tyrone and other principal towns and mining camps in the New Mexico border counties, Grant and Luna, has been begun and the Governor today made final arrangements for the supply of National Guard rifles and ammunition to these organizations. The action is the result of conferences between the Governor and mine managers and prominent citizens from the border counties.

Other defense units are being organized in Raton, Las Vegas, Albuquerque, Gallup, Roswell and elsewhere and mounted police commissions are being issued by the Governor to their members.

COAST SCIENTISTS TO CONFER ON FOOD.

[BY A. P. NIGHT WIRE.]

BERKELEY (Cal.) April 12.—Agricultural scientists and officials from California, Washington, Oregon, Idaho, Utah, Nevada and Arizona were here tonight for a conference on the wartime food supply of Pacific Coast tomorrow. L. C. Corbett of Bellingham, Wash., designated by Secretary of Agriculture Houston to represent the Department of Agriculture, will preside.

The delegates include deans and presidents of agriculture colleges of the various States beside several State commissioners of agriculture.

COAST ARTILLERY IS ORDERED OUT.

[BY A. P. DAY WIRE.]

WASHINGTON, April 12.—Seven companies of National Guard Coast Artillery troops were called into the Federal service today for police purposes. They are: First Company, New Hampshire; Fifth, Eighth, Thirteenth, Fourteenth, Fifteenth and Eighteenth California.

COMPANIES CALLED.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, April 12.—The Fifth and Eighth companies of National Guard, Coast Artillery, called into Federal service today, belong in San Diego and are commanded by Capt. Sidney E. Clyne and Capt. James Muirhead of San Diego. The other California companies called out have their headquarters in Los Angeles.

PLAN TO AID CROPS BY NITRATE IMPORTS.

[BY A. P. DAY WIRE.]

WASHINGTON, April 12.—Plans to increase enormously the food production of the Atlantic seaboard by lowering freight rates on Chilean nitrates have been laid before the Council of National Defense and the Shipping Board by Senator Smith of South Carolina. Naval colliers may be used to ship the nitrates.

GEN. MURGUIA LOSES HEAVILY IN BATTLE.

[BY A. P. DAY WIRE.]

LAREDO (Tex.) April 12.—Passengers reaching the border say that in a recent engagement with Villa followers the Constitutionalist forces under Gen. Murguia lost a total of 1500 dead and wounded. They add that in the campaign around Chihuahua city the alleged routs inflicted on the Villa forces by the governments troops are myths.

Though the Villa soldiers are said to have plenty of guns and ammunition it is reported that they are none too well supplied with food.

The passengers state that railroad traffic is badly interrupted by the transportation of trainloads of wounded to base hospitals.

With the city high school tennis league of Pittsburgh it is proposed to form a league of schools in the Western Pennsylvania territory.

Track Stars Sign Up

(Continued from First Page.)

interesting. Fred Kelly, H. Chaney, H. Norwood, Johnson, Lamport and Murray are slated to furnish the majority of the competition and there is an excellent chance that two or three of these experts will finish at once. Norwood and Chaney are usually together and it is certain that the rest of the field can cling close to the leaders.

'RAH FOR RAY!

Ray Adkinson of Pomona has signified his intentions of entering the $50-yard run. The speedy Sage Hen will not attempt to shatter any existing records in the half-mile owing to the condition of the track at Bovard Field. But he will run like a wild man and should have little difficulty in distancing George, Beebe and Cook of U.S.C. Beebe is in first-class shape, but he has not been showing enough speed this season to defeat Adkinson. Baker of Fillmore is the only high school entry in this particular race.

Fans are enthusiastically awaiting the special event on the A.A.U. programme, the mile walk. This is a treat that local enthusiasts seldom get a chance to lamp. In bygone days the track fans could go out to almost any meet and be regaled by an exhibition mile walk. But for the past few years this event has been scratched from the regular programme.

In the mile walk, two unattached demons are attracting most of the attention. A. Rose and I. Schreiber both claim that they will win the race hands down. Thomson of Occidental is also selected to have a chance. Following are the entries:

OFFICIALS.

Before, E. J. Lickley.
Starter, Bob Weaver.
Judges of Finish, Warren Bovard, Seward A. Simons, H. R. Bowden, Jr., W. Elmerd and L. Murphy.
Timers, W. Robb, D. S. Swan, M. Mitchell, W. Witmer and L. Clark.
Clerk of Course, Julius Klawans; assistants, Chas. Kappes, J. Turner, C. Pool.
Field Judges, Prof. W. Willets, James Donohue, R. Noble, H. L. Mitchell, C. Jones, J. Hegler and F. Dougherty.
Inspectors, L. Baldwin, T. J. White, S. Van Patten, K. Hamilton, J. Burke.
Judges of Walk, Bob Weaver, James Donohue and Tom Donohue.
Announcers, Tom Donohue and George Donohue.
Scorer, Prof. Cook.

ENTRIES.

The 100-yard dash, High School—N. Moore, Whittier State; B. Tews, Redondo High School; M. Van Gant, Santa Monica; G. Galbraith, Harvard School; N. Isenhower, Lincoln High School; G. Woodhams, A. Peay, Poly High School; L. Smith, F. Robson, C. Woods, Manual Arts High School.

The 100-yard dash, open—Fred Kelly, L.A.A.C.; N. Chaney, Pomona College; H. Norwood, Occidental College; K. Johnson, Chapman; H. Lamport, U.S.C.; V. Murray, Whittier College.

The 880-yard Run—Ray Adkinson, Pomona College; R. Baker, Fillmore High School; M. Smith, Occidental College; N. George, C. Beebe, H. Cook, U.S.C.

The 120-yard high hurdles—Fred Kelly, L.A.A.C.; K. Crosswhite, unattached; G. Gansmer, U.S.C.; R. O. Craig, Harvard School; V. Murray, Whittier College; A. Rogers, Ventura High School.

The 440-yard run—C. Rice, Pomona College; R. Baker, Fillmore High School; F. Wilcox, A. Whitcomb, G. Beebe, U.S.C.; E. Murray, Whittier College.

The 220-yard dash—Fred Kelly, L.A.A.C.; H. Chaney, Pomona College; H. Norwood, Occidental College; K. Johnson, W. Lamport, H. Lamport, U.S.C.

The 220-yard low hurdles—G. Galbreth, Harvard School; R. Chesnut, G. Gansmer, U.S.C.; V. Murray, Whittier College; A. Rogers, Ventura High School.

One mile run—Ray Adkinson, S. Gerow, Pomona College; M. Miller, N. George, R. Crippen, H. Cook, U.S.C.

Two-mile run; M. Foster, Occidental College; R. Crippen, A. Taylor, H. Cook, U.S.C.

One-mile walk; C. Foster, L.A.A.C.; A. Rose, unattached; H. Thomson, Occidental College; G. Wilcox, U.S.C.; I. Schreiber, unattached; M. Nipps, L.A.A.C.

Grammar school relay—440 yards; Whittier State School, R. Carney, L. Lacher, McDade.

One-mile relay—High school—Eight men; Poly High School, Woodhams, E. Davis, George Schiller, A. Perry, C. Ferris, C. Jones, E. Burden, N. Chamberlin, M. Woodhams, M. O'Brien; Manual Arts High School, L. Smith, Sinclair, E. McGary, L. Neale, F. Herman, L. Gridley, F. Kraker, G. Woods.

One-mile relay—Open—Four men; Pomona College, Atkisson, Kling, Wallace, Chase; U.S.C., W. Lamport, A. Wilcox, A. Whitcomb, C. Beebe; L.A.A.C., M. Eelles, A. Olhle.

Shot put; R. Bagnard, C. Breen, G. Craig, L.A.A.C.; M. Thomson, Occidental College; Leo Liverrash, W. Lamport, U.S.C.; J. Lindley, Whittier College; L. Lloyd, Santa Paula.

Hammer throw; R. Bagnard, C. Bayler, L.A.A.C.; M. Thomson, Occidental College; Leo Liverrash, H. Ortley, U.S.C.; J. Lindley, Whittier College.

Throwing discus; R. Bagnard, G. Craig, L.A.A.C.; H. Wilden, Pomona College; C. Davis, Fillmore High School; C. Mason, Whittier State; D. Shanley, Occidental College; M. Smith, Leo Liverrash, J. Fox, R. Whitcomb, U.S.C.

High jump; C. Bean, P. Watkins, W. Bogue, L.A.A.C.; K. Crosswhite, unattached; H. Thomson, H. Hommond, Occidental College; J. Fox, U.S.C.

Pole vault; A. Wilson, C. Bergstrom, Bean, Fred Watkins, L.A.A.C.; R. Carey, Harvard School; G. Manvey, T. Harvey, H. Blakesley, U.S.C.

Long jump; Bogue, Bean, Bovard, L. Flores, L.A.A.C.; H. Hommond, K. Kyte, Occidental College; K. Davis, Poly High School; Ed Sackett, Manual Arts High School; L. Liverrash, T. Harvey, H. Blakesley, H. Lamport, W. Hamilton, U.S.C.; O. Finch, Whittier College; N. Tay, unattached.

Javelin; M. Bolls, G. Craig, L.A.A.C.; H. Hubbard, Harvard School; C. Lee, Occidental College; R. Thomson, Occidental College; G. Gansmer, Running broad jump; Bovard, L.A.A.C.; M. Van Gant, Santa Monica High School; M. Smith, Poly High School; Lee Liverrash, U.S.C.; R. Murray, Whittier College; A. Rogers, Ventura High School.

Save Old Copies of The Times

They Are Worth Money

As a means of inculcating a spirit of thrift and developing money-making and money-saving habits in Los Angeles boys and girls, The Times Circulation Department, until further notice, will buy and pay cash at the rate of one cent a pound for complete old copies of The Times delivered at The Times Office, corner First and Broadway.

This offer applies to old copies of The Times only. No other paper will be accepted.

Times subscribers can earn approximately 15 cents a month for their favorite charity by the sale of 30 copies of the daily and Sunday Times; and boys and girls can earn considerable spending money by collecting old copies of this newspaper from friends and neighbors.

Church societies, benevolent associations and other charitable organizations can increase their incomes by taking advantage of this offer.

Bring or send all of your old copies of The Times to the Times Circulation Department, where they will be paid for in cash at the rate of one cent a pound, or $20 a ton.

Out-of-town subscribers to The Times may make arrangements with the nearest Times agent for the sale of old copies of this newspaper.

All papers must be free from dirt and in good general condition, as well as properly folded and tied in bundles.

INDUSTRIALS LEAD IN WALL STREET TRADING.

Rallies in United States Steel Relatively Larger than Rest but Closing is at Small Net Gain Because of Extensive Profit-taking—Foreign Issues Again Sustaining Features of the Bond Market.

[BY A. P. NIGHT WIRE.]

NEW YORK, April 12.—Almost all elements of today's stock market trading was confined to the more prominent industrials, equipments, shippings and coppers, with a sprinkling of miscellaneous and rails. The latter group was generally inactive, and without material change except for another gain in Delaware and Hudson, which added a fraction to its extreme decline of 4¾ to 118½, most of which was regained. Dealings in United States Steel were relatively larger than those in any other stock rising 1½ to 112⅝, closing at a net gain of only a fractional profit taking in the day. Related issues were subjected to somewhat smaller or greater fluctuations. Coppers, sugars, leathers, packers and fertilizers kept moderate pace with the other equipment and specialties, but pills were irregular. Gains in Texas Company and Mexican Petroleum being counterbalanced by the heaviness of Mexican Petroleum and Associated Oil. Trading and Industrial Alcohol reacted under pressure, with Pittsburgh Coal. Total sales, 645,000 shares. Foreign or international issues were the outstanding features of the bond list, while domestic rails exhibiting further business. Total sales, par value, $2,850,000. United States registered of 1916 lost a point on call.

Diminishing.

LIGHTER TRADING ON LOCAL EXCHANGE.

PRICES HAVE A TENDENCY TO SOFTEN.

Oil Issues Decline—Union and Associated Bring Lower Values. Boss Features Metals Group—A Poor Demand for Oatman. United Eastern Report.

Trading on the Los Angeles Stock Exchange yesterday fell off somewhat in volume, and prices had a tendency to soften. This was especially true in oil issues, and indicates a rather bearish feeling in that group on the part of professionals, the selling Thursday being mainly by that element. Union opened ⅛ weaker at 125.25, and closed at 124.50, while the rights were traded in at 24.50 on final transactions as compared to 26.00 on the previous day. Associated lost ¼ of a point, and predictions are general that the stock will continue to sink. Renewed interest in General Petroleum resulted in the sale of 125 shares in the afternoon at 79.50. Among the industrials Home Telephone common, Union Sugar and Los Angeles Investment were conspicuous, prices paid for the same being practically the same as on Wednesday.

Heavier trading in Boss featured the metal shares, and the quotation for the platinum stock reached 1.52 at one period in the proceedings. Reports from Goodsprings bear out the optimistic statements of the officers of the company, and when the new mill has been run for several months a better line can be secured on the possibilities of the stock as a dividend payer. Yellow Pine was unchanged at 1.50, and the call for the issue was rather quiet. Among the Oatmans there was little in the way of developments to encourage speculation, and Arizona Ray dropped to .02⅛.

The United Eastern Mining Company has given out final figures on its mill run for the month of March. During that period 6584 tons were milled, the value of the same being $156,062.60, and the value recovered was $150,657.40, representing a recovery of 96.15 per cent. It is reported from the camp that the overhead, mining and milling costs of the United Eastern do not exceed $6.00 per ton. The company is now regarded as one of the premier gold properties of the United States, and it is anticipated that it will be only a question of a few months more when substantial dividend disbursements will be commenced.

WHEAT AND CORN IN AMAZING LEAP.

MAY DELIVERIES SMASH ALL PREVIOUS RECORDS.

Bulls' Contention of World Scarcity of Breadstuffs Seems Recognized by Pit Interests, Which Leaves Market Nervous at New Top Figures.

[BY A. P. NIGHT WIRE.]

CHICAGO, April 12. — Amazing flights took place today in prices for wheat and corn. Demand for cash wheat was so urgent, especially from export and milling interests, that May delivery rose 11 cents above yesterday's finish, far surpassing all previous top records. The market closed excited at 5@9¼ net advance, with May at 2.17⅛@2.18, and July at 2.19@2.19¼. Corn gained 6¼@7⅛; oats 2 to 2⅝@2⅞, and provisions 15 to 32 cents. Highest prices of the day in the wheat pit were reached in the last fifteen minutes. In the final transactions the market reacted a little, but nervousness was hardly any if at all abated. Bulls contended that this country had but scanty supplies, the movement of which was restricted by lack of cars, and that a scarcity of breadstuffs was now recognized by all. Persistent buying and a lack of offerings characterized the wheat market, except during a brief period at the outset, when rains in the Southwest temporarily eased new crop deliveries. Corn sympathized with wheat, but at first was the leader in the upward movement of prices. The independent advances of corn were based on reports that scores of distilleries would be exclusively used for the manufacture of denatured alcohol needed for military explosives. Oats derived firmness from other cereals. It was said feeding of oats as animal food was broadening out tremendously. Provisions swung upward, influenced chiefly by the rise in corn.

CLOSING FIGURES.

Wheat. May, 2.17⅛; July, 1.89. Corn, May, 1.84¾; July, 1.32⅝. Oats, May, 65¼; July, 64¼. Pork, May, 37.50; July, 37.12. Lard, May, 21.10; July, 21.27. Ribs, 19.82; July, 20.07.

SCIENTISTS DEPLORE PLATINUM SHORTAGE

An Associated Press dispatch from Kansas City, Mo., says that the American Chemical Society, at their annual convention being held there, adopted "resolutions" discouraging the use of platinum in jewelry manufacture, as the metal is needed greatly for scientific and industrial purposes.

Hard Platinum such as the Boss Platinum Plant produces, commands $110 an ounce at the smelters. The growing shortage is bound to result in higher prices. $200 an ounce is predicted by Christmas. This will mean doubling the profits of the stockholders of the Boss Mine. How few comprehend the latent earning power of this wonderful mine!

A circular on Platinum mailed you on request.

A Three-fold "Betterment"

Permanent improvements for the lands of rich agricultural communities, regularly organized into districts, result in enhanced land values, increased crop production and decreased operating expense for the landowner. Hence the willingness of the landowner to bond his land under the strict laws and penalties imposed by the State of California. DisTrict Bonds. These bonds are tax-free, safe and of high yield.

NEW YORK, April 12.—Closing qu

Business Page: Citrus Fruits, Butterand Eggs—Current Trade— Local Produce Markets.

COMMERCIAL.

LOCAL PRODUCE MARKET.

Apple prices are showing a stronger tendency, and Spitzenbergs were raised to $2.10 and $2.50 a packed box yesterday. Jonathans are so scarce that they can be regarded as practically off the market. Loquats are now coming into the city in large enough quantities to make an impression on the fruit market. The better grades are selling for 12 cents a pound. Bananas are still high, dealers asking from 8¼ to 5½ cents a pound. Strawberries are bringing easier quotations, ruling prices for the best grade of shipping stock being 10 to 16 cents a basket.

In the fresh vegetable list there is a steady downward course of prices. Celery has been lowered to $4.00 a crate, and asparagus can be purchased for 10 cents a pound. Artichokes were quoted yesterday at 75 to 85 cents a dozen, and peas can be had for 5 to 5½ cents a pound. There are a few large of dried brown onions on hand that can be secured for 12 cents a pound, but wholesalers report a very poor demand for this commodity. New crop onions, consisting of a shipment of Bermudas from Texas, are not making much of an impression here, inasmuch as the specimens that have so far arrived are of poor quality. In another two weeks the Bermuda crop should be moving freely, and prices by the first of June for all kinds of onions ought to assume a fairly reasonable basis.

Potatoes are very firm, although no further advances are anticipated. The recent advance has been attributed to the fact that a great many consumers, scared by the headlines in the newspapers, have loaded up on potatoes, which in turn exhausted retailers' supplies and caused heavy buying from the jobbers. New potatoes are plentiful at 7 to 8 cents a pound, although it will be fully two weeks before arrivals of the 1917 spuds will be large enough to affect old crop prices.

Eggs remained firm at yesterday morning's session of the Produce Exchange, and there was but a limited amount of trading recorded in that commodity. Cheese offerings were neglected. According to Secretary Hudson, the receipts consisted of 396 cases of eggs, 28,270 pounds of butter, 15,520 pounds of cheese, 64 sacks of potatoes, 744 sacks of beans, 600 sacks of sweet potatoes, and 622 boxes of apples.

HOME BUTTER AND EGG QUOTATIONS.

Nicked-in-the-Slot Cafes.

[Chicago Tribune:] Almost the last thing in quick-service lunch—it omits only mastication and digestion—is to be installed in Chicago within the next sixty days, when ten automatic service restaurants will be placed in operation.

Drop a nickel and out comes the handy portion of food, be it pie, beans, sandwich, meat, potatoes or whatsoever. There are "automats" now in operation in Hamburg and Paris, as well as Stockholm, where they originated under Swedish patents.

For example, a nickel dropped in a slot will release coffee and a proper amount of cream. Each portion of coffee will be weighed so that each cup will contain full measure. For those who like clear coffee there will be separate spouts.

Pie, for instance, will be in glass-covered compartments, which can be turned until the choice of the patron is turned toward an opening. A nickel inserted causes the lid to open, and when the cut of pie or other portion of food is removed the compartment automatically is filled again for the next patron.

Each restaurant will be done in Italian marble and will be a marvel of cleanliness, it is said. Restaurants are to be operated by the company in all the leading cities of the continent. It is said that each restaurant can serve 10,000 patrons daily.

A Chauffeur on Our Backs.

[Philadelphia Public Ledger:] Here is one reason which you may have overlooked why labor is growing scarcer every day in the United States.

We have now in Pennsylvania alone 225,000 automobiles. One-third of them are pleasure cars driven by chauffeurs, an army of 75,000 able-bodied men removed entirely from productive work.

The army of pleasure-car chauffeurs in the whole country must exceed half a million men, all nonproducers. Indeed, there is another great big army of men building pleasure cars to be operated by these other nonproducers of essentials.

They used to complain in Germany that every taxpayer had to carry a soldier on his back. We vary it in the United States by carrying a chauffeur on our backs.

Early Closing for Want Ads.

Times Want Ad patrons are notified that copy for classified real estate advertisements, and all other Part V advertisements, for Sunday's Times will not be accepted after 5 o'clock p.m. Saturdays. "Wanted" and "To Let" advertisements will be accepted as usual until 11 o'clock p.m. Saturdays. Advertisements ordered for insertion in Sunday's Times cannot be discontinued or changed after 5 o'clock p.m. Saturdays.

...e Markets.

...versed in the history of that charm-...ing art.

...Carpetry.

The other day, while waiting for a car, I happened to drop into a shop where an old-fashioned man was weaving carpets. He had many different looms and the carpets upon the racks were like those grandmother used to have. Remember how she made you sew carpet rags when you went to visit her? There was the hit'n miss, and the Roman stripe, and the all-over one color, and there were many lengths and widths, shapes and sizes of rugs, each requiring a different loom. Everything in the little shop was as clean and neat as wax, and it was a pleasure to see how proud the quaint man was of his work and how interesting were his reminiscences of a day gone by when rag carpet was about all that could be had. Now it's a fad. Such rugs are especially attractive in carrying out a colonial effect and are also cool-looking for porch use and even for a living room for summer.

...Better Beater.

The Good Housekeeper hails every new household convenience, and she greeted with an eager hand the new egg beater with which one can accomplish mayonnaise by using the left hand for beating while pouring with the right.

...Fashion's Choice.

Long jackets in fitted Directoire effects are favored by some French makers.

Figured stuffs combined with plain fashion some of the prettiest new frocks.

The Russian blouses being nowadays are quite severe and military in effect.

A close-fitting slip serves as foundation for some filmy and ...erdraperies.

Self-stitching in a palm-leaf pattern is a new idea for the decoration of sports suits.

The barrel outline is so far from extreme that it is meeting with favor.

SCHOOLBOYS GO TO THE RESCUE.

Take Places of Mexicans in Thinning Beets to Save Big Crop.

The school boys of Van Nuys proved their loyalty to their country yesterday when they unanimously volunteered to go into the beet fields to thin beets that would otherwise be ruined owing to the lack of Mexican laborers upon whom the growers have been dependent. The plan was put into operation when the boys left their studies at 10 o'clock and started to work.

Under the arrangement school will begin at 7:30 o'clock each morning, and will be out at 10 o'clock, thus releasing 100 boys for work in the fields. The Mexican laborers have been leaving in squads of from 50 to 100, until there are less than ten Mexican employees in the valley in this line of work. One rancher stated today that he had 800 acres of beets and one man thinning, when he should have fifty. That the boys, with the aid of what other white labor may be procured, will save the situation is the confident expectation of the school authorities and of the American Beet Sugar Company officials.

It is estimated there are 20,000 acres of beets in the valley, which will mean a revenue of approximately $2,000,000.

Social.

METHODIST BANQUET.

Annual Affair of Sunday-school is Marked by Programme of Talks and Music, All Bearing Out Idea of Ocean Voyage. Proves Enjoyable.

The officers and teachers of the First Methodist Sunday-school met last evening at their annual banquet, held in the church. This Sunday-school is the largest in Methodism, having a membership of 3760.

The programme of speeches and music, carrying out the idea of a sea voyage, was most entertaining and novel. It was called "The Voyage to Knowland, via the First Methodist Sunday-school Steamship." General Agent W. F. Cromemiller was toastmaster; Capt. H. W. Brodbeck talked on the subject "On the Bridge;" First Officer W. O. Sampson, "Bon Voyage," and Second Officer Mrs. M. Bliss, "Submerged Rocks." Just before Third Officer R. H. Bennett spoke on "Dodging Submarines," Dr. Joseph Marple and Mrs. Fannie Marple-Retz sang "Larboard Watch." Fourth Officer John Poole spoke on "Steering by the Chart," after which there was a serenade. Dr. Charles Edward Locke, the pastor, then gave a beautiful talk on "The End of the Voyage." Dr. E. P. Ryland, D.D., pronounced the benediction.

The banquet was served by the J.O.C. class of the Sunday-school.

Acquaint Your Eastern Friends

With the wonderful prosperity and the scenic beauties of Southern California—the real land of heart's desire. You will find all these depicted succinctly, comprehensively and also beautifully illustrated in The Times' big Midwinter edition—price 10 cents per copy. Wrapped and mailed for 15 cents per copy, at The Times Main office, or its branches, 619 South Spring street and 725-725 South Hill street.

Practical.

PATRIOTISM TO BE THE THEME.

Speakers to Visit City and County Schools.

Will Show Pupils What They Can Do to Aid.

Boys to Work in Beet Fields of San Fernando.

With the desire that nothing be left undone to teach the school children the real and deeper meaning of patriotism, Supt. Shiels yesterday appealed to the Board of Education to have the best speakers in Los Angeles, who are patriots as well, visit the schools of the city and county and tell the children what they can do to be patriotic.

"I do not mean to infer that the children have not been taught to be patriotic all along, but there are many ways in which they can do much to help their country—for instance, in doing their part toward increasing production. They can be home garden soldiers, and they can cut out garments, make bandages and other things required by the Red Cross," said the superintendent.

BOYS CAN HELP.

Dr. Shiels told of the serious labor conditions in the San Fernando Valley, and he asked that the school children there be allowed to save the sugar-beet crop. The board told him to go ahead with this plan, and also to invite speakers to the schools to talk on patriotism. He said:

"The schools are now endeavoring to increase the acreage of land to be cultivated for foodstuffs," he said. It is probable, however, that the loss in the sugar beets through insufficient labor to thin out the beet fields would greatly decrease the value of this extension garden work.

"I have authorized temporarily a modification of the course in the Van Nuys High School by which the time devoted to athletics and agricultural instruction may be utilized by the students in helping save the sugar-beet crop, such pupils being paid the regular rate of $5 per acre for the work.

"It is possible, owing to the great dearth of labor, this relief may be insufficient. In that case, I recommend that the matter be left to the superintendent, with full power, so that pupils may be temporarily employed under conditions that will not handicap their scholastic progress, and to the extent that such employment may be needed to save the situation."

TRIBUTE TO BOARD.

Dr. F. E. Spaulding, superintendent of the Cleveland schools, was a guest at the Board of Education meeting and, in a short talk, paid a tribute to the efficiency of the board and to the beauty of Southern California. He and Mrs. Spaulding have been in Los Angeles the past seven weeks. Tuesday they will motor to San Francisco, returning here before going on to Cleveland.

At a meeting of the eleventh and twelfth grades of the Los Angeles High School Principal Housh announced that all boys of these grades are asked by the Chamber of Commerce to offer their services to the beet growers of the San Fernando Valley. The beet growers say that help is so scarce that it is impossible to cultivate the crops, and many of the growers have plowed their fields up for other crops. The boys will be paid according to the amount of work that they do each day.

Fight in High Court.

(Continued from First Page.)

Latimers for services in determining the heirs of the decedent. It is claimed that but for the evidence furnished by the Latimers, Martha Monroe, a native of Dublin, Ireland, would not have been successful in establishing her identity as the niece of a dead woman, which resulted in her receiving the bulk of the estate of $100,000. It is also alleged that trips from Australia to this country were necessary, also one journey from Los Angeles to Ireland in the collection and preparation of the case.

Under the terms of the decision of Judge Rives, the Walden estate was divided among Martha Monroe, a niece, and Wilhelmina W. Johnston, Martha Moodie, Sarah Jane Malloy, Robert Ross and Andrew Ross, all grandnieces and grand nephews.

Blessings.

MORE SHOWERS.

Northern California Gets Just Enough to Keep the Growing Crops in First-class Condition and then Comes Genial Warmth.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, April 12.—Gentle showers over the whole of Northern California continued during last night. While the amount of precipitation was not great, it was just what was needed to keep growing crops in first-class condition. At the same time there was practically no wind and the rain has been followed by clear, warm weather, so there has been no damage whatever to budding fruit and nut trees. The rainfall data follows:

	Last 24 hrs.	Seasonal to date.
Eureka	.04	28.89
Red Bluff	.09	16.80
Sacramento	.02	12.59
Mt. Tamalpais	.09	19.98
San Francisco	.03	15.69
San Jose	.02	12.29

Staub's for Shoes 336 S. Broadway

Boys' Wash Suits

—that really do wash and iron well

$1.25 to $6.00

The foremost makers and designers supply our stock. The suits are made with as much care as older boys' clothes and every button, stitch and seam is given conscientious attention. That is why we are so enthusiastic about these values and why we believe them to be unsurpassed.

The Patterns are the most pleasing of all—sport stripes are featured in rich and decidedly new combinations. Plain colors are set off by collars, cuffs, ties and pockets of blue, red, green, etc.

Reefer Coats $5 to $12.50

Clever little styles for lads of 1 to 10 years—many feature the belted back and others are plain—velvet collars are popular on many of them.

This Steinway Knicker Suit —is a wonder $5.00

Reinforced everywhere — trousers double stitched; coat resewn at every breakable point—the materials as strong and good as cloth can be made. Sizes 5 to 18 years.

At the Bar.

BARRETT TRIAL IS UNDER WAY.

Alleged Slayer of Wife and Stepson Naps in Court.

While Attorneys Wrangle and Select No Jurors.

Echo from Probation Office Lends Dramatic Note.

The county probation office is just outside Superior Judge Willis's courtroom in the Hall of Justice, where Benton L. Barrett was taken yesterday to face trial for the alleged murder of his wife and stepson.

All day the trial was in progress, a weary group of prospective jurors in the box, a smashing array of attorneys tugging at them for some confession of opinion that might brand them undesirable, and above, in the big court chair, sat Judge Willis, bending forward, glasses riding low on his nose, writing, endlessly writing, to be interrupted at intervals by some squabble below.

Early in the day the opposing counsel met in stubborn tussle as to whether or not the jurors could be questioned regarding their belief in a man being hypnotized into making a confession. Back and forth the jurors rocked, and back and forth the attorneys talked, and finally Judge Willis ruled the word could not be used in the examination of the jurors.

Every question of vital importance was asked these jurors—where they lived and where they worked and what they thought about their family life, their reading at the breakfast table, and what they thought about "the dominant force of a master mind impinging its influence upon the subconscious forces of the lesser mind, so confessions or concomitant acts injurious to the maker might be superinduced."

ABSORBED INTEREST.

One gentle old fellow, with an amiable face, but little of grace in figure or posture, was greatly interested in these references to the world of mental science. His long and spread body commanded much room, so he took greater freedom by luxuriously throwing his foot over the jury rail. Also he indulged himself generously throughout the day in chewing tobacco.

Whenever the reference to the mental sciences would come the juror would take out his plug, slowly open a knife with a five-inch blade, cautiously strop the blade several times across the sole of his shoe and then deliver to himself a liberal slice. It was a performance which amused the spectators and confused the attorneys.

Indifferent to all this probing into mysterious realms, lounged Benton L. Barrett, with a little gold knife that he ceaselessly slid from one hand to the other; or else he drowsed easily, oftentimes interrupting a heavy breath by blowing his nose loudly and with a red handkerchief. Once he balanced the knife on the toe of his shoe and tried to flick his toe and toss the knife into his outstretched hands. But he clapped his hands loudly and the knife was not between them.

JOKES WITH LAWYER.

Again, he would "crack" jokes with his old friend and one of his present defenders, Circuit Judge Earl Sample of Hancock county, Ind., who came here to his friend's aid. Leading in the defense is Ona Morton, a picturesque attorney, formerly of Texas, full of body and heavy of face, with a slow, distinct and dramatic way of speaking. Next to him sits Capt. W. T. Helms, formerly the chief deputy District Attorney and recently a candidate for the office of District Attorney.

Opposed to them are Dist.-Atty. Woolwine and Deputy District Attorneys Keyes and Clark. The relations between the District Attorney and his recent competitor for office lend to the dramatic elements of the situation.

Late yesterday not one juror had been selected. The defense had passed the thirteen in the box, exempting one for cause. The prosecution examined two.

It was late. The jurors were twisting in their chairs, the attorneys in theirs, even the judge was twitching in his, and the combined groaning of the twisting swivels set up a droning chant.

The door to the probation office suddenly closed on two persons, a man and a woman. The sound of the door closing was heard in the courtroom, but made no effect. None had seen who entered.

TENSE MOMENT.

There came an interesting moment. A juror had become uncertain of what he thought. Asa Keyes of the prosecution leaped upon him with a pregnant question. The juror stuttered and halted. It was whether or not he would desire a man to be hanged until dead if the man had killed his wife and stepson. Still the man faltered. The attorneys leaned farther over the ta-

Fragrant.

PERFUME SPLITS 'EM.

Son Sprays Mother with It and Her Husband Objects; Quarrel and Divorce Suit Follow, but Judge Refuses Decree After Hearing Woes.

The son of Mrs. Grace McGrath, who works in a drug store, sprayed perfumery on her. When Mrs. McGrath reached home her husband, James E. McGrath, a clothing salesman, objected to the perfume and they had a quarrel. She told Judge Wood yesterday that he choked and struck her. Mr. McGrath said he did not strike his wife. He admitted he did not like the perfume. During the quarrel, he said, Mrs. McGrath tried to throw a plate at him and he seized her wrist to prevent her striking him.

It developed during the trial of Mrs. McGrath's suit for divorce that the couple had separated five times and that Mr. McGrath enlisted in the navy last week. Judge Wood denied the decree, holding the evidence was insufficient. Mr. McGrath was ordered to pay $8 a week for the support of three children.

MANY LAWYERS IN SMALL CASE.

Six Attorneys in Suit Growing Out of Alleged Watch Theft.

Abe Preluzsky was arrested about two years ago charged with the embezzlement of a $9 watch. The suit against him was dismissed in the justice court and he filed an action against J. Rittingstein and C. H. Phillips for false arrest, asking $5250 damages.

The case came to trial before Judge Monros yesterday, and when heads were counted it was found that besides the judge and the jury, the bailiff and the clerk, all essential in the trial of the action, there were six lawyers appearing for the parties. Attorneys Le Compte Davis, John Cooper and Isaac Pacht appeared for Mr. Preluzsky; Attorney Georgia P. Bullock for Mr. Phillips, and Michael Shannon and Ernest L. Kolb for Mr. Rittingstein. The jury will decide the merits of the case today.

Brief.

MERELY A TRIFLE.

Takes H. E. Huntington But Few Minutes to Let Land Office Officials Know he Doesn't Worry About a Few Acres More or Less.

Henry E. Huntington, the traction and power magnate, was a witness in the local Land Office yesterday, in behalf of the complainant in the action of Kenneth Wallace against the Huntington Land and Improvement Company.

Mr. Huntington, who was on the stand but a few minutes, denied all knowledge of the specific six and two-thirds acres of land involved in the hearing, which are located in the aristocratic suburb of San Marino. He stated he left the management of all such matters to others, and that he had no knowledge of the efforts made by the Huntington Land and Improvement Company to secure the land in question. It was a small matter, he asserted, and he did not worry himself about mere details. He was not cross-examined.

McALEER APPEALS.

Registrar of Voters is Making Hard Fight to Hold Position.

Attorneys for Registrar of Voters McAleer yesterday filed in the State Supreme Court an appeal from the second decision against him in the District Court of Appeal, in the action brought by David B. Lyons, a civil service appointee, to secure the position.

Judge McDaniels in the Superior Court decided in favor of Mr. McAleer, but the District Court of Appeal reversed that view in two subsequent decisions, holding that Mr. Lyons was entitled to the office.

If the Supreme Court should sustain the District Court of Appeal Mr. Lyons will take the position May 1. The attorneys for Mr. Lyons have ten days in which to file an answer to the petition for a rehearing asked for in behalf of Mr. McAleer, and the Supreme Court has ten additional days in which to give a decision.

Devoted.

MAKING BANDAGES.

Covina High School Girls Assist Red Cross League in Getting Hospital Supplies Ready Early in Case They are Needed.

The girl students of the Covina Union High School are responding nobly to the call of the Red Cross by devoting all their spare time to the making of bandages, lint, gauze, sponges and other hospital supplies. The girls are working under the direction of Mrs. Nathaniel Gorham of Buffalo, N. Y., a graduate of the American Red Cross Society; Miss McClure of Buffalo and Mrs. P. E. Letchworth of Covina. These women are paying the expenses for material, etc., out of their private purses until the local Red Cross chapter is equipped to take charge of the work.

ON BAD COIN CHARGE.

Alleged Counterfeiter is Bound Over to Federal Grand Jury.

Charles Dishon, who was arrested at Santa Barbara charged with counterfeiting gold $5 pieces, was bound over to the Federal grand jury by United States Commissioner Hammack yesterday, in $2500 bond. He was committed to the County Jail.

Special Agent Hasen of the United States Treasury Department alleged that Dishon has been operating in Los Angeles and vicinity for several months, and that he has passed not less than $1500 face value of bogus coins. Dishon was at one time a blacksmith, and hails from Nicholasville, Ky.

Early Closing for Want Ads.

Times Want Ad patrons are notified that copy for classified real estate advertisements, and all other Part V advertisements for Sunday's Times will not be accepted after 5 o'clock p.m. Saturday. "Wanted" and "To Let" advertisements will be accepted as usual until 11 o'clock p.m. Saturday. Advertisements ordered for insertion in Sunday's Times cannot be discontinued or changed after 5 o'clock p.m. Saturday.

Expedient.

PLAN A TAX TO MEET DEFICIT.

County Officials Proposing Special Amendment.

Grand Jury Inquiry Goes on; Indictment Rumored.

Employees' Heads Lopped off in Paring Expenses.

Emergency legislation to adjust the grave deficiency in the funds in the County Treasury is contemplated in a movement begun yesterday. A conference was held between Dist.-Atty. Woolwine, Superior Judge Craig, County Counsel Hill and his chief deputy, Roy Reppy.

According to one official, a constitutional amendment permitting a special tax levy is being considered. Out of its proceeds money taken from the school fund for current expenses would be restored.

The deficit, estimated at $1,250,000, could under such an amendment be made good. This was only one of the various expedients discussed. Meantime, Supervisor Woodley, chairman of the financial department, is working day and night with his colleagues to pare down expenses to tide the county over the intervening months to July 1, when taxes will come in. This tax money, however, can be applied only to obligations incurred for the coming fiscal year.

FEAR LOSS OF WORKERS.

It is feared if trained county employees are forced out over a period of several weeks they will seek other work, and their valuable training in county work will be lost to the taxpayers.

The grand jury continued yesterday its inquiry with regard to the $1,250,000 fund, and ominous rumors were circulated that an indictment was receiving serious consideration.

Because the county is working on only 28 per cent. of its income, the other 72 per cent. having been used by the former board for bills contracted the year before, the present Board of Supervisors is compelled to keep within narrow limits or the members will become personally liable for any indebtedness contracted and not paid. With this situation in mind, the board called the heads of departments before it in executive session and asked their co-operation in hewing to the line.

ELEVEN HEADS DROP.

The department heads agreed to do everything possible to cut down expenses. Only in one instance has the board used drastic methods. This was with reference to the horticultural department. Objection was made to cutting down the force. In fact, the board was told not a man could be spared, but before the conference ended the board had lopped off eleven.

The charities department spends a large sum on outdoor relief. Two employees were laid off and twenty put on half time. This was regretted, but was inevitable. As to county employees taking enforced vacations, the matter is left with the heads of the departments. Selections are not made haphazard. A number of employees have volunteered to take vacations of one or two months, drawing only two weeks' pay out of those periods.

The protest of the County Employees' Association grieved the members of the board. They expressed the opinion, however, that after the situation is understood, they will co-operate with the Supervisors and join the hewers.

Question.

MURDER OR ACCIDENT?

Roomer Finds Body of Woman with Neck Broken—Detectives Work on Theory That Death May Have Been Result of Foul Play. Husband Interrogated.

Whether Mrs. Margaret Cino, No. 241 South Avenue 19, a pretty Italian woman of 31 years, was murdered, or died an accidental death, is the question confronting the police. Mrs. Cino was found dead yesterday forenoon, lying face downwards in the front room of her home. Her neck and nose were broken. It is believed by the police, as a result of the preliminary investigation, that she fainted, and struck her face on a chair, breaking her neck.

The body was found by Dominich Ranchioso, a roomer, with the 2-year-old daughter of the dead woman crying over the body. The husband, John Cino, was notified by the police and interrogated concerning his wife's death. Detectives White and Parsons are working on a theory that the woman may have been murdered. The body is at John R. Paul mortuary.

GROPING HANDS TELL OF DEATH.

Blind Boy Stumbles on Dead Body of Mother as He Hunts in Dark.

Otto Fischer, blind, stumbled over the body of his mother yesterday as he groped his way about the family home at No. 606 West Fifty-fifth street. A face that was cold to the finger tips told of death.

Investigation revealed, the police say, that Mrs. Fischer had hanged herself, as a strap was found tied to the top of the door. The loop of this was broken, and about her throat were the marks of a narrow band, which had been tightly drawn. The body was taken to the mortuary of W. A. Brown. No reason for the woman's act could be advanced by her husband, Carl Fischer. The blind son is almost prostrated with grief.

The Public Service.

At the City Hall.

DEFER ACTION ON CAFE ORDINANCE.

PUBLIC HEARING WILL BE HELD BY THE COUNCIL.

Drug Stores and Other Public Eating Places Must Maintain Sanitary Kitchens if Hot Meals are Served, but They will not be Necessary for Cold Lunches.

Action on the proposed ordinance which provides for regulation of kitchens, restaurants and other public eating places was deferred yesterday by the Council, when the measure was sent back to the Health and Sanitation Committee for further consideration.

Before the Council considers the adoption of the ordinance a public hearing will be held. Many objections have been filed against the measure.

The measure in its present form permits the serving of cold lunches and hot drinks in drug stores and other places where lunch counters are being maintained, but sanitary kitchens must be maintained apart from the premises in hot meals are served.

IRON GATE FOR CITY HALL ALLEY.

The Board of Public Works yesterday informed the Council that it had ordered a requisition for money for the erection of an iron gate in the alley between the City Hall and the north annex. The gate will cost from $90 to $100, and the Council is expected to appropriate the money today. The purpose of the gate is to further protect the Tax Collector's office, which handles many thousands of dollars daily, and which has had very little protection from outsiders.

Sewer for Sierra Vista.

Maps and petitions for the construction of sanitary sewers in Sierra Vista and Bairdstown were presented to the Council yesterday by the City Engineer. They were referred to the City Clerk, with instructions to circulate petitions preliminary to an election on the question.

Street Improvements.

The Council yesterday adopted a number of street improvement ordinances. One calls for sewering of Springvale drive between Eagle Rock avenue and the west boundary line. Another orders the establishment of the grade in the first alley west of Central avenue from Twenty-first street to Twenty-second street.

Improve Norfolk Street.

The City Engineer was instructed by the Council to proceed with the improvement of Norfolk street from Hazard Park Playground to Griffin avenue. The Engineer was also instructed to proceed with the improvement of Seventh street from Orme avenue to Fickett street.

City Hall Briefs.

The recommendation of Mayor Woodman that the salary ordinance of the police department be amended to provide for the payment of $150 per month to all detective sergeants was referred to the Budget Committee.

The Council referred to the Finance Committee the recommendation of the Police Commission that stenographers in the police department receive the same pay as those employed in other departments of the city government.

The Police Commission yesterday approved the plan for a new jail at Wilmington and referred the matter to the Finance Committee in the hope that the money is available for the building.

At the Courthouse.

JUSTIFIES BELIEF IN RECIPROCITY.

HUSBAND WORKED ONLY THIRD OF TIME, WIFE CLAIMS.

Woman Given Decree, Custody of Daughter, and Money for Support, Following Disclosure of Husband's Alleged Antipathy to Work.

As a firm believer in reciprocity, Mrs. Rowena Stevens objected to working as a stenographer and supporting herself while her husband, Harry M. Stevens, devoted himself to recreation. Only six out of the eighteen months she was married, she told Judge Wood in divorce proceedings yesterday, did her husband work.

A friend of Mrs. Stevens testified that she never knew Mr. Stevens to be steadily employed until after his wife left him. The decree was granted on the ground of non-support. Mrs. Stevens was given the custody of her daughter, Mary Jane, 3 years old, and Mr. Stevens was ordered to pay $15 a month for her support.

THE GRAY CASE.

MORE SALT—DENIS IN.

The case of Gray vs. Gray has progressed to the point where it has been transferred to this county from San Diego county on motion of the defendant, and where George J. Denis will represent Mrs. Gladys Gray, the plaintiff, in the suit for divorce against her husband. This gives an added aspect to the case, where so distinguished a lawyer as former Gov. Gage associates with him so well-known a member of the bar as Mr. Denis.

Mr. Denis was asked whether he and Gov. Gage intended to insist that the case should be tried in Los Angeles, instead of in San Diego, and the very prompt answer was: "Yes, of course, among other reasons for the reason that the defendant in the action ought to be tried in a jurisdiction where witnesses who know his record live, but personally, I don't intend to have anything to do with trying a case in the newspapers. This case will be tried in the courts, and knowing Mrs. Gray, even before she was Mrs. Volney Gage, I do not hesitate to say that any man or woman who has one word or one whisper against such a pure, angelic woman as she is and is known to be by everybody who has ever met her, has no business attempting to enter into decent society, no matter how much inherited wealth such man or woman may have acquired."

MISCELLANEOUS.

WHAT'S DOING IN COURTS.

BARTLETT ESTATE. A petition for letters of administration on the $50,000 estate of H. H. Bartlett, who died May 3, 1909, was filed by the widow, Marinda V. Bartlett, yesterday. She asks for the appointment of the Los Angeles Trust and Savings Bank as administrator. The heirs are the widow and a daughter, Geneva B. Algie of Alhambra.

INCORPORATIONS. The Union Grocery Company, incorporators J. W. Dunham, Ben. A. Brooks, Alexander King, Juliette DeLashmett, A. B. Cass, Edith West and Louis Cass, capital stock $250,000; subscribed $70.

Radical.

SHE BELIEVES IN TRIAL MARRIAGES.

DEFENDANT IN CIVIL SUIT HAS NOVEL VIEWS.

Court Refuses a Decree, on the Ground that it is not Shown that Woman's First Husband, Although not Divorced, was Living at the Time.

In the eyes of the law Mrs. Eva N. Cleveland is the wife of Grant B. Cleveland, although she stated in a declaration of principles that she was not and never had been his wife. The status was legally passed on by Judge Wood yesterday in Mr. Cleveland's suit for annulment of the marriage. Mr. Cleveland, a San Dimas engineer, alleged that at the time he married the woman she had another husband. The court held that it was not shown that the other husband, John Arthur Taylor, was alive at the time of Mrs. Taylor's second venture and denied the decree.

In the declaration of principles Mrs. Cleveland stated that she considered "trial marriage essential to the welfare of humanity. Thus would the divorce evil be eliminated and a breach of promise made inexcusable."

In trial marriages, she said, men would be more healthy, children more perfect; few would have excuse for separation. There would be few divorces. A trial contract would be so binding that either party refusing to relieve the other could call for legal arbitration.

Mrs. Cleveland held that domestic discord was caused by incompatibility of temper, chiefly due to physical mismating.

Another.

SAME OLD GAME BUT BEARING NEW PHASE.

VICTIM LOSES PRACTICALLY ALL HIS SAVINGS.

Man Hands Strangers Handkerchief Containing Four Thousand Dollars, to Insure Him Good Job; They Give it Back, but Only Paper Clippings Found.

Three Swiss-Italians met an Austrian waiter in a French restaurant yesterday and got from him a large roll of American money. The affair occurred at a European plan hotel on a street with a Spanish name. The waiter is Dusan Sabavich of No. 210 South Flower street. He works at the Victor Hugo restaurant, No. 623½ South Hill street. The three men of hyphenated nationality are unknown by name and address.

The Swiss-Italians appeared at the restaurant four days ago and gave Sabavich a tip of $1, telling him he was an excellent waiter. Monday they appeared again and tipped him $1.50; Tuesday their tip amounted to $2, and yesterday they gave him $5, according to the police. Then they told him they intended to purchase a restaurant in Los Angeles and that they would give him $200 a month as a waiter there provided he could furnish $4000.

Sabavich drew the $4000 from the bank and had a balance of $95. He put the money in a handkerchief and gave it to the men. They handed it back to him, and he put it in his pocket. He went to a drug store at Sixth and Figueroa streets to get some medicine for one of the trio, who said he was ill. He returned and the men were gone. The package in his pocket was made up of newspaper clippings, wrapped in a handkerchief. Detectives White, Parsons, Boyd and Carroll are on the case.

WANTED!! FIVE HIGH GRADE MEN

MEN who want an "opportunity" rather than a "job," men who want to earn money, not only this year, but next, and increase their earning power and build a renewal income for a term of years.

Must have character and ability PLUS.

Must be students of human nature and anxious to enter one of the highest professions or callings on this earth.

Must be the kind of men that people like to talk to and confide in—the kind of men who inspire respect and instill confidence, who are salesmen or have in them the making of good salesmen.

Previous experience unnecessary. Some of our most successful men were wholly unfamiliar with this work previous to engaging with us. It is not a position for a man looking for a snap or a good thing, and only men of known ability, pleasing personality and good references need apply.

To such men a wonderful opportunity is open—an opportunity to become connected with the largest Life Insurance Company west of the Mississippi—a company that is known for the sterling character of its representatives; that has been in business for forty-nine years; has assets of $38,000,000.00 and is known as the "Giant of the Pacific."

The Company is tremendously strong in its own home field; did a local business last year of over $6,000,000.00, and the Home Agency wrote last month over $1,000,000.00 new business. The Company at present does business in forty-eight States.

The Company's new Multiple Protection Income Policy combines accident, sickness, permanent disability, old age and death benefits all in one, for one premium, and is the most salable policy in the world.

The addition to our new office building affords the Home Agency increased facilities, and this, together with the large number of inquiries received relative to this new policy, makes necessary five more salesmen.

OBJECTION TO CENSOR.

Harsh Press Rules Condemned.

Suppression of Newspapers Seen in German Language Causes a Protest.

Last Seditious One is Printed in English, According to a Congressman.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON BUREAU OF THE TIMES, April 12.—Congress has received with favor suggestions from various [illegible] in communities where there is a large Teutonic population that [illegible] publications in the German language be suppressed during the period of the war.

While the members and Senators generally are opposed to suppression, practically all of them favor supervision of the German publications.

Last week a number of members received a telegram from a prominent Cleveland editor urging them to support legislation for the purpose of putting German publications out of print. Replying to this letter, Representative McCormick of Illinois said:

"We shall not contribute to our security by suppressing newspapers
